In support of SB 212

From: Kendra R. Euliss
Ulysses, KS
Grant County
Kansas Senate District 39

Attn: Chairman Hilderbrand and Senate Public Health and Welfare Committee Members

I urge you to vote in favor of SB212. Our children are already required to have too many vaccinations!! They should NOT be forced to take any more, such as the HPV vaccine. In many countries, the HPV vaccine has later made those who received it infertile! These children also should NOT be forced to take ANY of the COVID-19 vaccines. These vaccines are still in the first stages of trial reviews. The actual results of the effects of these vaccines won't be known for years to come.

PLEASE, I ask you to do the right thing, for our children, this generation, and the leaders of tomorrow by voting in support of SB212, so there are NO MORE required vaccinations!!

Thank you!

Sincerely,

Kendra R. Euliss
