To whom it may concern,

My only request in the re-evaluation of redistricting in Kansas is that Osage County will have one house of representative that serves all of the county, and represents the rural interests of the county. Having three different house of representatives serving different areas of Osage County is confusing, and doesn't provide the best service to the people of our county. If you have any further questions, you can contact me at the aforementioned contact information. Thanks in advance.
