Members of the House and Redistricting Committee:

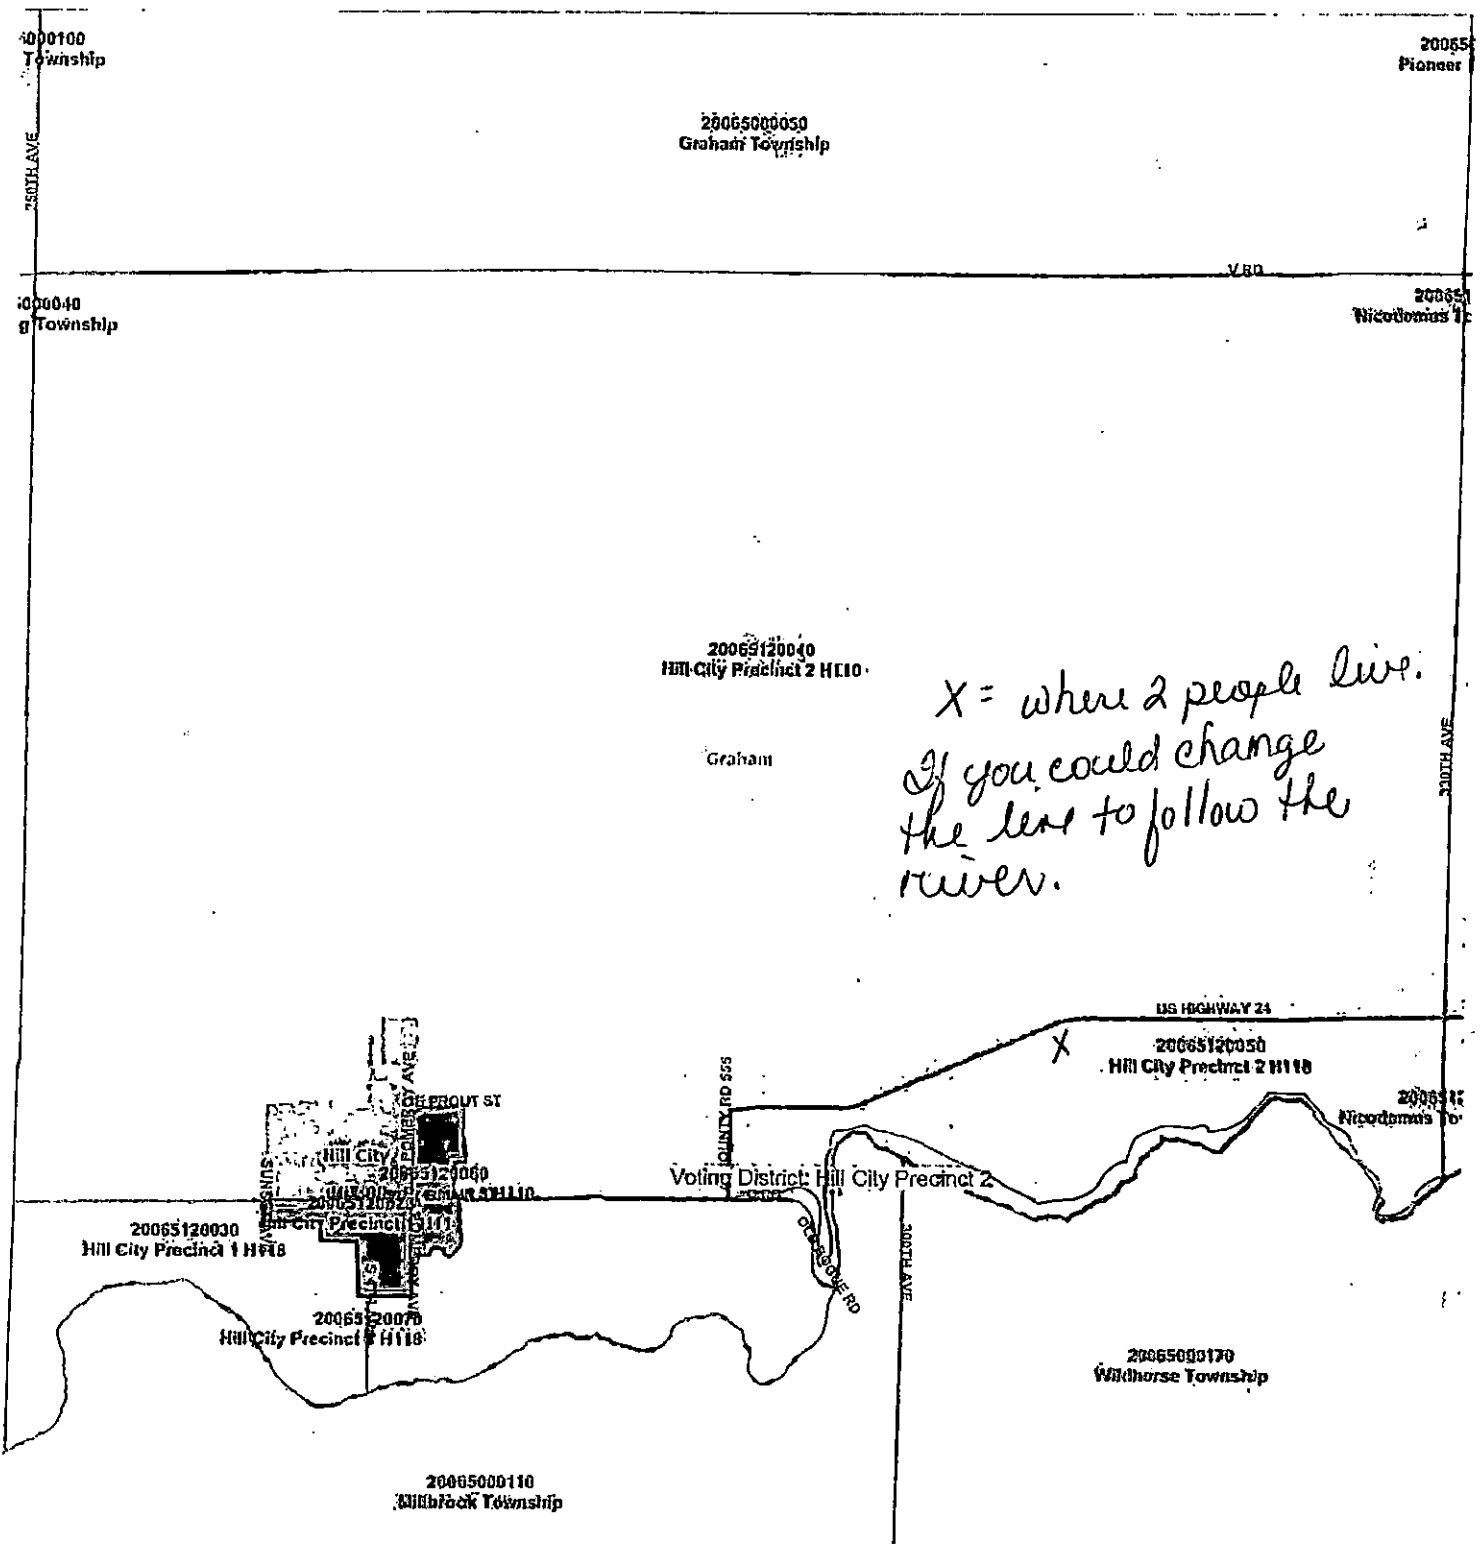

I am writing you with the hopes you will consider changing the boundaries in Graham County. I believe all voters should have the right to have privacy for their votes and the way you have your lines drawn now, that is not the case. I have two voters that are in a district by themselves, and it could be easy to tell how those individuals voted. Currently there is a small portion of 110<sup>th</sup> district that is in our county. The line runs along US Hwy 24. Our Commissioner Districts follow the Solomon River. If you would move the line to follow the river instead of the highway these people would not be in a district by themselves, and their votes would be private. I am enclosing maps to show you how the districts are currently set up and a map of how this problem could be solved.

Thank you for all the work you have done with redistricting and please consider changing this small portion in Graham County.

Sincerely,

Jana Irby  
Graham County Clerk
