The Honorable John Barker, Chairperson
House Committee on Federal and State Affairs
Statehouse, Room 346-S
Topeka, Kansas 66612

Dear Representative Barker:

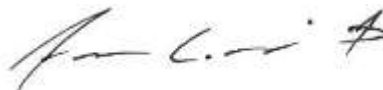

SUBJECT: Fiscal Note for HB 2706 by House Committee on Federal and State Affairs

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2706 is respectfully submitted to your committee.

HB 2706 would define “delta-9 tetrahydrocannabinol concentration” as the total percentage of delta-9 tetrahydrocannabinol and would remove restrictions on the sale of certain hemp products. The bill would make it unlawful for any extract from industrial hemp with a delta-9 tetrahydrocannabinol concentration greater than 0.3 percent that would be further processed to be marketed, sold, or distributed to any person in Kansas who is not a registered hemp processor or a licensee under a Department of Agriculture commercial plan.

The Department of Agriculture and Office of the State Fire Marshal indicate enactment of the bill would have no fiscal effect on the agencies’ expenditures or revenues.

Sincerely,

Adam Proffitt
Director of the Budget
