The Honorable Kellie Warren, Chairperson  
Senate Committee on Judiciary  
Statehouse, Room 441B-E  
Topeka, Kansas 66612

Dear Senator Warren:

**SUBJECT:** Fiscal Note for SB 272 by Senate Committee on Federal and State Affairs

In accordance with KSA 75-3715a, the following fiscal note concerning SB 272 is respectfully submitted to your committee.

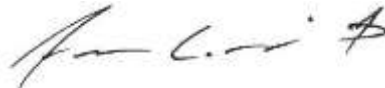

SB 272 would require a urinalysis test in sexual assault kits to determine the presence of controlled substance that may have been used to commit the alleged sexual assault. The urinalysis test would only be used to determine presence of controlled substances and would not be admissible as evidence against the victim in any legal action, criminal or administrative proceedings.

Estimated State Fiscal Effect				
	FY 2021 SGF	FY 2021 All Funds	FY 2022 SGF	FY 2022 All Funds
Revenue	--	--	--	--
Expenditure	--	--	\$462,049	\$462,049
FTE Pos.	--	--	--	2.00

The Kansas Bureau of Investigation (KBI) indicates that it would require \$462,049 from the State General Fund in FY 2022 to fulfill the requirements of the bill. Of that amount, \$67,921 would be for 1.00 Forensic Scientist, \$347,500 would be for scientific equipment, and \$46,628 would be for sexual assault kits. The KBI also states that enactment of the bill could also require the purchase of an additional refrigeration or freezer system for storage of the samples; however, an estimate for this equipment was not given.

The Office of Judicial Administration states that any additional expenditures created by the bill would be negligible absorbed within existing resources. Any fiscal effect associated with SB 272 is not reflected in *The FY 2022 Governor's Budget Report*.

Sincerely,
