adjudicated to be in need of care would be able to freely exchange information and the above-described records with persons or entities specified in continuing law.

The bill also would add an investigating law enforcement agency to the lists of persons or entities with access to the official and social files of a child in need of care proceeding.

Background

The bill was introduced by the Senate Committee on Public Health and Welfare at the request of a representative of the Kansas Association of Chiefs of Police, Kansas Peace Officers Association, and Kansas Sheriffs' Association.

[*Note:* A companion bill, HB 2582, was introduced and recommended favorably as amended by the House Committee on Children and Seniors.]

Senate Committee on Public Health and Welfare

In the Senate Committee hearing on February 15, 2022, the Secretary for Children and Families; a representative of the Kansas Association of Chiefs of Police, Kansas Peace Officers Association, and Kansas Sheriffs Association; and a representative of the Kansas Police Officers Association provided **proponent** testimony. The proponents stated the bill would address the information gap between law enforcement investigators and the Kansas Department for Children and Families (DCF).

Written-only proponent testimony was provided by a representative of the Children's Alliance of Kansas.

No other testimony was provided.

The Senate Committee amended the bill to add to the list of information the Secretary for Children and Families

must disclose the name and contact information of the reporter or persons alleging abuse or neglect and case managers, investigators, or contracting agency employees assigned to or investigating a report of abuse or neglect.

[*Note:* The House Committee on Children and Seniors also adopted this amendment before recommending HB 2582 as amended.]

Fiscal Information

According to the fiscal note prepared by the Division of the Budget on the bill, as introduced, DCF, the Department of Corrections, the Office of Judicial Administration, and Kansas Highway Patrol indicate enactment of the bill would have no fiscal effect on the agencies or the Judicial Branch, respectively. The Kansas Association of Counties indicates enactment of the bill would result in the sharing of information between DCF and county law enforcement officials and would likely reduce county costs by preventing duplicated investigative efforts.
