

2021 Kansas Statutes

12-3603. City regulation of installation, service or repair; enforcement. Nothing in this act shall prohibit any city from establishing rules and regulations governing the installation, service or repair of water conditioning equipment or providing for the inspection of the original installation or repair of the same to secure the enforcement of any ordinance specifically applying to the installation, service or repair of water conditioning equipment.

History: L. 1972, ch. 45, § 3; July 1.
