House Committee on Education  
Rep. Adam Thomas, Chair

Bill Roush  
Grandpa

**HB2238** – Creating the "fairness in women's sports" act to require that female student athletic teams only include members who are biologically female.

**Opponent, Written Only**

Chair Thomas and Members of the Committee,

Thank you for the opportunity to provide Opponent testimony on HB2238.

As a Kansas grandpa, please don't pass this damaging and hurtful legislation.

Is this a real problem in your town? How many times have you faced it?

Please let people decide what is best for themselves. Don't big government legislate it, please.

Thanks for leaving well enough alone and not overreaching.
