February 8, 2023

Chairman Bergquist, other members of the Local Government Committee, and all freedom-loving Kansans:

I am here to testify in support of HB 2150. Many of my constituents and yours have been asking for this for decades. To most Kansans their property is their number 1 asset. HB 2150 removes the 3 mile circle where cities have complete control over all the zoning issues. People call and say to me "how can the city have control of what I do on my property when I can not vote for the mayor or anyone on the city council?" A good example would be if you live in Kansas – and Missouri can tell you what you can and can not do on your property.

So Chairman Bergquist and committee, I respectfully ask you to vote HB 2150 out favorably and give Kansas property owners their voting rights and freedom back.

Rep. Ken Corbet
