

DOUGLAS COUNTY TREASURER

Adam T. Rains, Treasurer
1100 Massachusetts
Lawrence, KS 66044-0884

Testimony in support of:

House Bill 2148:

Dear Chairman,

More than eighty years ago the Kansas Legislature entered into an agreement with Kansas County Treasurers to provide vehicle support and services as agents of the state. A fee-per-transaction fund was created to provide financial support for Treasurers' efforts and expenses.

Since the creation of the special fund the Treasurers have been awarded small, meniscal increases that have not been sustainable for all Counties and have not covered expenses of providing vehicle support. As a result, Treasurers have been forced to either reduce their services or ask for property tax increases to cover expenses. This bill creates a unique opportunity to help reduce property taxes by providing an adequate fee structure, while eliminating the \$4.00 modernization fee. On average taxpayers will pay less fees. The fee structure under HB 2148

HB 2148 is introduced to you as transparent solution to this state-wide problem. This bill offers a simplified, flat-fee for County Treasurer's that would create greater transparency for customers, while also removing a \$4.00 modernization fee. When a tax-payer looks at a receipt they would be able to easily tell which fees stay within their county.

I urge you to vote in favor of HB 2148 and the sufficient funding of a state and county partnership.

Thank you for your consideration.

Respectfully Submitted,

Adam T. Rains
Douglas County Treasurer
