Re: Senate Bill 130 – Testimony in Support

Thank you for the opportunity to testify in support of SB 130 and your consideration of putting county of registration on certain motor vehicle license plates.

A county identifier on license plates will help law enforcement, including Wildlife & Parks and the Kansas Turnpike Authority, properly identify a vehicle.

“The director vehicles may either print the abbreviation of the county of registration directly on the license plate or affix to the license plate by a decal the abbreviation of the county of registration...”

Thank you for your consideration of SB 130.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Caryn Tyson'.
