

Senator Mike Thompson
Capitol Office
Room: 136-E
Seat: 25

Dear Senator Thompson,

Please move SB 50 forward because:

We the people of Kansas must have free speech
Big Tech companies have no right to censor and cancel us.
In the worst case, censorship has blocked the truth of many topics of vital importance to us, like
Covid, and affected our elections.

Thank you for your hard work on our behalf,
Mei Upsdell
