TESTIMONY- IN PERSON SB 390

Senator Mark Steffen, M.D.

Fellow Senators,

SB 390, known as the Conscientious Right to Refuse Act, is the "clean up bill" that was discussed repeatedly regarding SB 40 in 2021.

SB 390 also closes the loopholes that remain unaddressed from the Special Session legislation in 2021.

The Covid debacle has led to the extensive study and review of vaccinations, mRNA procedures, the Nuremburg Code, and the National Childhood Vaccination Injury Act of 1986 (particularly its unintended consequence of stifling the research necessary to determine vaccine efficacy and safety).

I strongly support SB 390 as a means to satisfying the individual's constitutional right to freedom, and independence.

Senator Mark Steffen, M.D.
