

My name is Kathy Lobb. I have been a self-advocate for most of my life. I worked for the Self Advocates of Kansas (SACK) for over twenty years, but now I am enjoying my retirement.

This bill is called "Kathy's bill" and is named after me. I would like people with disabilities to work at the state level, not only in a workshop. I think that we can work anywhere!

People with disabilities can do what the self-advocates do every day, and what others do here in the state capitol, or for people that live anywhere in our state.

I am hoping that others with disabilities can work for the state of Kansas. It is called "Kathy's bill" and I thank you for your time and your support for this bill.
