The Honorable Mike Thompson, Chairperson  
Senate Committee on Federal and State Affairs  
300 SW 10th Avenue, Room 144-S  
Topeka, Kansas 66612

Dear Senator Thompson:

**SUBJECT:** Fiscal Note for SB 550 by Senate Committee on Federal and State Affairs

In accordance with KSA 75-3715a, the following fiscal note concerning SB 550 is respectfully submitted to your committee.

SB 550 would prohibit any person under the age of 21 from purchasing, possessing, or carrying a semiautomatic rifle that has a high-capacity ammunition magazine. The bill would establish penalties of a severity level 8, nonperson felony for the illegal purchase or possession of the prohibited rifle, and a severity level 9, nonperson felony for the illegal carrying of the prohibited rifle. The bill would define high-capacity ammunition magazine as any ammunition feeding device that physically extends below the bottom of the grip of a firearm when fully seated in the firearm.

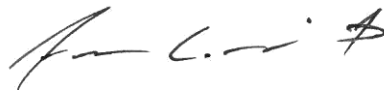

The Board of Indigents Defense Services indicates that the bill would increase agency expenditures on legal counsel and support staff by unknown amounts. The Board estimates that on average, severity level 8 or 9, nonperson felony cases require 35 hours of direct work by an attorney to provide constitutionally adequate representation. Based on the rates of \$83.36 per hour for public defenders and \$120 per hour for assigned counsel, each new severity level 8 or 9, nonperson felony case brought to the agency would result in State General Fund expenditures of \$2,918 to \$4,200.

The Judiciary indicates that the bill has the potential to increase the number of cases filed in district courts. This may increase agency operating expenditures due to the additional time spent by district court judicial and nonjudicial personnel in processing, researching, and hearing cases. However, the Judiciary is unable to calculate an exact estimate of this effect. The bill has the potential to increase the collection of docket fees, fines, and supervision fees, which are deposited in the State General Fund; however, the amount of additional collections is unknown.

The Sentencing Commission indicates that the bill has the potential to increase prison admissions and the number of prison beds needed; however, an exact estimate of this effect cannot be determined. The Department of Corrections indicates that the bill could increase agency operating expenditures depending on its effect on prison admissions and beds. Any fiscal effect associated with SB 550 is not reflected in *The FY 2025 Governor's Budget Report*.

The Kansas Association of Counties indicates that the bill has the potential to increase county government expenditures on law enforcement, legal proceedings, and incarceration. The League of Kansas Municipalities indicates that the bill would have no fiscal effect on cities.

Sincerely,
