REGARDING SENATE BILL 394

While well-meaning in its efforts to protect children from content the legislature considers 'harmful to minors,' this bill is vague in its application and may end up infringing on constitutional rights, which is an issue being litigated in other jurisdictions over similar bills. For that reason, I will allow this bill to become law without my signature.

SIXTY-THIRD DAY

SENATE CHAMBER, TOPEKA, KANSAS
Friday, April 26, 2024, 10:00 a.m.

The Senate was called to order by President Ty Masterson.
The roll was called with 37 senators present.
Senators Haley, Ryckman and Shallenburger were excused.
The President introduced guest Chaplain, Doug Henkle, to deliver the invocation:

Dear Heavenly Father, I come to You, this morning, in the powerful name of Jesus. Thank You that with each new dawn You deliver to our door a fresh, new package called "today."

I pray that You would give the members of this chamber newness of thought today. Give them clarity of mind and Godly wisdom. Cause them to be thankful for the opportunity to meet the challenges of today, challenges which can appear overwhelming, with solutions that seem elusive. Remind them that what appears to be an unsolvable problem is actually a rather exhilarating challenge and an opportunity to see Your mighty hand at work.

I pray that at the end of the day their work would lead to sound laws that would honor You and bless the citizens of our state. As the work in this session approaches a conclusion, cause us to finish strong, to Your glory. Fill this chamber with peace, Father, Your peace, which is far beyond our understanding. Give us a sense of inner peace; peace with You, peace with ourselves and peace with one another. Cause us, today and every day, to be people who model responsibility, who promote fairness, loyalty, respect for others, and who hold to strong, upright convictions.

I pray for President Masterson, Vice President Wilborn, Majority Leader Alley and Minority Leader Sykes. Bless them with a renewed vision for Your will as they lead in this chamber to a conclusion that honors and blesses You.

In Jesus' Name, Amen!

The Pledge of Allegiance was led by President Masterson.

POINT OF PERSONAL PRIVILEGE

Senator O'Shea rose on a Point of Personal Privilege to share the following remarks:
"As the session comes to a close, I want to take a moment to thank my constituents, my family and my Senate colleagues. While I will not be seeking reelection at the end of this term, it has been an honor and a privilege to serve my community and our state these past four years. This experience has been filled with milestones for me, both personally and professionally. At 27, I was the youngest woman to be elected to the Kansas Senate, and I am grateful to my constituents for believing in me and entrusting

me with that honor. In my first year, my husband and I welcomed our firstborn, and many of you were a special part of our son Leland's first year and my first year of motherhood. Acquired my second business, and, in this last year of my term, Gabriel and I will soon welcome our second child. It is my hope that the path has now been forged for more young women and young moms to seek a seat at the table. Because it is everyday Kansans — moms and dads, retirees and those in the dawn of their careers, people who work hard, play fair, and challenge the status quo — who can and should have the greatest influence on the policy decisions being made for our future. We cannot lose sight of what truly makes the democratic process work — that is, nonpolitical people serving in the political realm. While it is the right time for me to say goodbye to elected office, I am not saying goodbye to service. Service has been an important part of my life and it will continue to be through my businesses, through motherhood and through my community involvement. Thank you again for the opportunity to serve alongside you. May God bless the decision-makers in these halls with humility, curiosity, and courage.”

EXPLANATION OF VOTE

By not expanding Medicaid, Kansas has enjoyed the benefit of being able to assess the impact of other states who have chosen to do so. The results demonstrate beyond a shadow of a doubt that Kansas is wise to preserve Medicaid for those for whom it was created to help. Expanding Medicaid would kick able-bodied adults off affordable or sometimes premium-free private plans and force them onto a government program, thereby crowding out those who are already on waiting lists today. The quality of health care they receive would be diminished and the negative budgetary consequences of such a scheme would be permanent. That is why the Senate is wise to vote down this procedural motion. I vote No. —TY MASTERSON

CONFERENCE COMMITTEE REPORT

MR. PRESIDENT and MR. SPEAKER: Your committee on conference on House amendments to **SB 232** submits the following report:

The Senate accedes to all House amendments to the bill, and your committee on conference further agrees to amend the bill as printed as House Substitute for Substitute

On page 1, by striking all in lines 11 through 35;

By striking all on pages 2 and 3;

On page 4, by striking all in lines 1 through 28; following line 28, by inserting:

"Section 1. K.S.A. 20-165 is hereby amended to read as follows: 20-165. (a) The supreme court shall adopt rules establishing guidelines for the amount of child support to be ordered in any action in this state including, but not limited to, K.S.A. 39-755 and K.S.A. 23-2215, and amendments thereto, article 30 of chapter 23 of the Kansas Statutes Annotated, and amendments thereto, and K.S.A. 23-2711, and amendments thereto.

(b) In adopting such rules, the court shall consider all relevant factors, including, but not limited to:

- (1) The needs of the child;
- (2) the standards of living and circumstances of the parents;
- (3) the relative financial means of the parents;
- (4) the earning ability of the parents;
- (5) the need and capacity of the child for education;
- (6) the age of the child;
- (7) the financial resources and earning ability of the child;
- (8) the responsibility of the parents for the support of others; ~~and~~
- (9) the value of services contributed by both parents; ~~and~~
- (10) the direct medical and pregnancy-related expenses of the mother if the child is an unborn child.

(c) The maximum amount of child support to be ordered for the support of an unborn child shall not exceed the direct medical and pregnancy-related expenses of the mother of the unborn child. Pregnancy-related expenses shall not include any costs related to an elective abortion.

(d) The amount of child support determined pursuant to subsection (b)(10) shall be calculated from the date of conception of such unborn child. Interest shall accrue for any such amount of child support at the statutory rate provided under K.S.A. 16-204, and amendments thereto, and shall continue to accrue until the payment of such child support is no longer in arrearage.

(e) As used in this section:

(1) "Elective abortion" means an abortion for any reason other than to prevent the death of the mother upon whom the abortion is performed, except that an abortion may not be deemed one to prevent the death of the mother based on a claim or diagnosis that such mother will engage in conduct that would result in such mother's death; and

(2) "unborn child" means the same as defined in K.S.A. 23-3001, and amendments thereto.

Sec. 2. K.S.A. 23-2205 is hereby amended to read as follows: 23-2205. (a) As used in this act, "parent and child relationship" means the legal relationship existing between a child and the child's biological or adoptive parents incident to which the law confers or imposes rights, privileges, duties and obligations. It includes the mother and child relationship and the father and child relationship.

(b) For purposes of this section, the term "child" includes any unborn child as defined in K.S.A. 23-3001, and amendments thereto.

Sec. 3. K.S.A. 23-3001 is hereby amended to read as follows: 23-3001. (a) In any

action under article 27 of chapter 23 of the Kansas Statutes Annotated, and amendments thereto, the court shall make provisions for the support and education of the minor children.

(b) Regardless of the type of custodial arrangement ordered by the court, the court may order the child support and education expenses to be paid by either or both parents for any child less than 18 years of age, at which age the support shall terminate unless:

(1) The parent or parents agree, by written agreement approved by the court, to pay support beyond the time the child reaches 18 years of age;

(2) the child reaches 18 years of age before completing the child's high school education in which case the support shall not terminate automatically, unless otherwise ordered by the court, until June 30 of the school year during which the child became 18 years of age if the child is still attending high school; or

(3) the child is still a bona fide high school student after June 30 of the school year during which the child became 18 years of age, in which case the court, on motion, may order support to continue through the school year during which the child becomes 19 years of age so long as the child is a bona fide high school student and the parents jointly participated or knowingly acquiesced in the decision which delayed the child's completion of high school. The court, in extending support pursuant to ~~subsection (b)(3)~~ this paragraph, may impose such conditions as are appropriate and shall set the child support utilizing the guideline table category for 12-year through 18-year-old children. For purposes of this section, "bona fide high school student" means a student who is enrolled in full accordance with the policy of the accredited high school in which the student is pursuing a high school diploma or a graduate equivalency diploma (GED).

(c) ~~Provision for payment of support and educational expenses of a child after reaching 18 years of age if still attending high school shall apply to any child subject to the jurisdiction of the court, including those whose support was ordered prior to July 1, 1992. If an agreement approved by the court prior to July 1, 1992, provides for termination of support before the date provided by subsection (b)(3), the court may review and modify such agreement, and any order based on such agreement, to extend the date for termination of support to the date provided by subsection (b)(3). As used in article 30 of chapter 23 of the Kansas Statutes Annotated, and amendments thereto, the term "unborn child" means a living individual organism of the species homo sapiens, in utero, at any stage of gestation from fertilization to birth.~~

The tax credit shall be applied against the production company's income tax liability for the taxable year in which the qualified expenditures are made by the production company. If the amount of the tax credit allowed exceeds the production company's income tax liability for the taxable year, the production company may carry over the amount of the tax credit that exceeds such tax liability for deduction from the production company's income tax liability in the next succeeding taxable year or years until the total amount of the tax credit has been deducted from the production company's tax liability, except that no such tax credit shall be carried over for deduction after the 10th taxable year succeeding the year in which the qualified expenditures were made by the production company. If the production company is a corporation having an election in effect under subchapter S of the federal internal revenue code, a partnership or a limited liability company, the credit shall be claimed by the shareholders of such corporation, the partners of such partnership or members of such limited liability company in the same manner as such shareholders, partners or members account for their proportionate shares of the income or loss of the corporation, partnership or limited liability company and in accordance with the agreement executed pursuant to section 3, and amendments thereto. The tax credit may be transferred as provided by subsection (k).

(b) A claim for a tax credit shall be filed with the secretary of revenue as part of a return filed by the production company pursuant to the Kansas income tax act. The order that agreements are executed with the secretary of commerce pursuant to section 3, and amendments thereto, shall determine the order that credit claims are allocated by the secretary of revenue. A claim shall be submitted with a return or amended return within one calendar year of the date of the last eligible production expenditure or the last eligible postproduction expenditure for the certified production that would be eligible for an income tax credit as provided by subsection (a). A request by a production company for an extension of time of up to six months to submit a claim shall be granted by the secretary of revenue. All qualified production expenditures or postproduction expenditures incurred during the taxable year by a production company for a certified production shall be submitted for credit as part of the same income tax return. A tax credit claim for qualified expenditures during a taxable year shall not be divided and submitted with multiple returns or in multiple years.

(c) The claim shall include a copy of the project certification and the determination of qualified production or postproduction expenditures by the secretary of commerce. The claim shall also include a report by a certified public accountant licensed to practice in Kansas, prepared at the expense of the applicant, verifying that the expenditures have been made in compliance with the requirements of this act.

(d) The amount of the tax credit shall be equal to 30% of:

(1) The qualified production expenditures for the certified project; or
(2) the qualified postproduction expenses for a certified project with no qualified production expenses.

(e) The secretary of commerce may approve additional credits as follows:

(1) In addition to the amount authorized by subsection (d)(1):

(A) Up to 5% of the qualified production expenditures for a certified multi-film deal, a certified eligible television series, a certified high-impact production or contributions to film-related infrastructure or workforce development in Kansas, including, but not limited to, contributions to permanent sets, sound stages, film editing facilities, computer graphics, special effects or animation facilities, educational facilities or programs, internships or apprenticeships or equipment for production activities, in the amount such contributions are approved by the secretary of commerce; or

(B) up to 5% for qualified production expenditures for a production if 50% or more of the crew or above-the-line personnel are Kansas residents; or

(2) in addition to the amount authorized under subsection (d)(1) or (2), up to an additional 5%, as determined by the secretary, of the amount of the qualified production expenditures or qualified postproduction expenditures, as applicable, of a certified project of a production company that has previously received an income tax credit under this act with respect to such certified project.

(f) In addition to or in lieu of the credits authorized by subsection (d), as determined by the secretary, a Kansas-based production company that incurs at least \$25,000 in qualified expenditures, including, but not limited to, expenditures for a certified production not intended for multimarket distribution but that otherwise constitute qualified expenditures and meets all other qualifications for a tax credit under this act shall receive a tax credit in the amount of 25% of such qualified expenditures. The tax credit shall be applied against the Kansas-based production company's income tax liability for the taxable year in which the qualified expenditures are made by the Kansas-based production company. If the amount of the tax credit exceeds the Kansas-based production company's income tax liability, the Kansas-based production company may carry over the amount of the tax credit that exceeds such tax liability for deduction from the Kansas-based production company's income tax liability in the next succeeding taxable year or years until the total amount of the tax credit has been deducted from the Kansas-based production company's tax liability, except that no such tax credit shall be carried over for deduction after the 10th taxable year succeeding the year in which the qualified expenditures were made by the Kansas-based production company. If the Kansas-based production company is a corporation having an election in effect under subchapter S of the federal internal revenue code, a partnership or a limited liability company, the credit shall be claimed by the shareholders of such corporation, the partners of such partnership or members of such limited liability company in the same manner as such shareholders, partners or members account for their proportionate shares of the income or loss of the corporation, partnership or limited liability company and in accordance with the agreement executed pursuant to section 3, and amendments thereto. The tax credit may be transferred as provided by subsection (k).

(g) Notwithstanding any other provision of this act, the tax credit amount based on a production or postproduction expenditure for a single individual who meets the definition of individuals who are above-the-line, nonresident personnel shall be limited to not more than \$500,000 in each taxable year.

(h) The maximum cumulative amount of all income tax credits awarded to a production company for a certified project for a taxable year shall not exceed 40% of the total qualified production expenditures or qualified postproduction expenditures made by the production company for that certified project during that taxable year.

(i) For purposes of determining the payment of credit claims pursuant to this section, the secretary of revenue may require that credit claims of affiliates be combined into one claim if necessary to accurately reflect closely integrated activities of affiliates.

(j) If a production company hires another production company to produce a project or contribute elements of a project for pay, the hired company shall be considered a service provider for the hiring company, and the hiring company shall be entitled to the income tax credit authorized by this section.

Journal of the Senate

SIXTY-FOURTH DAY

SENATE CHAMBER, TOPEKA, KANSAS
Monday, April 29, 2024, 8:00 a.m.

The Senate was called to order by President Ty Masterson.
The roll was called with 40 senators present.
Invocation by Reverend Cecil T. Washington:

Heavenly Father, with all of the decisions we face in life and realizing how significant the outcomes can be for good or bad; for success or failure, we need wisdom. But You make it clear in James 3:13-18 that there are two kinds of wisdom, Godly and Ungodly. Beginning in verse 13-16, You ask the question, “Who among you is wise and intelligent? Let him by his good conduct show his [good] deeds with the gentleness and humility of true wisdom. But if you have bitter jealousy and selfish ambition in your hearts, do not be arrogant, and [as a result] be in defiance of the truth. This [superficial] wisdom is not that which comes down from above, but is earthly (secular), natural (unspiritual), even demonic. For where jealousy and selfish ambition exist, there is disorder [unrest, rebellion] and every kind of evil and morally degrading practice.”

And then You use verses, 17–18, to give the contrast. “But the wisdom from above is first pure [morally and spiritually undefiled], then peace-loving [courteous, considerate], gentle, reasonable [and willing to listen], full of compassion and good fruits. It is unwavering, without [self-righteous] hypocrisy [and self-serving guile]. And those who are peacemakers will plant seeds of peace and reap a harvest of righteousness.”

So, help us Lord to constantly be discerning and applying the wisdom that comes from You, in everything we do. I pray this in the precious Name of Jesus, Amen!

The Pledge of Allegiance was led by President Masterson.

MESSAGES FROM THE GOVERNOR

Enclosed herewith is Executive Order No. 24-02 for your information. (April 26)

Enclosed herewith is Executive Order No. 24-03 for your information. (April 26)

REGARDING VETO OF SENATE BILL 28

I want to thank the Legislature and the budget committees for their bipartisan work to pass **Senate Bill 28**. This budget makes important investments in economic development, infrastructure, and essential services that will positively impact the citizens of Kansas for years to come.

Kansas is a national leader in economic development, and this budget makes investments across the state to provide our communities with the infrastructure and workforce necessary to continue that leadership. By investing in our higher education system, this budget also ensures that our universities, community colleges, and technical schools can continue to engage in cutting-edge education, research, and workforce training.

This budget infuses significant funding into programs and facilities that serve the most vulnerable Kansans and keep our communities safe. It also continues the progress we've made in improving the government services Kansans depend on by providing state employees with a pay increase and investing in state facilities.

Despite these successes, this budget falls short in several areas. Instead of using our existing surplus to cover the costs of capital projects immediately, this budget requires the state to take on debt and pass the costs of these projects on to taxpayers. It also fails to use this surplus to balance the state's checkbook by paying off existing debts.

School funding, one of the core responsibilities of the state, is also not addressed in this budget. Kansas families and teachers rely on the Legislature to ensure they have the resources they need to provide our kids a world-class education. Failing to fully fund public schools in this budget creates unnecessary uncertainty that we may backtrack on rebuilding our education system. I encourage the Legislature to maintain the full funding of schools when it returns so that we can continue the progress we've made by fully funding education over the past five years.

Additionally, this budget does not adequately address access to affordable healthcare. Expanding Medicaid is the fiscally prudent thing to do. It will infuse a billion dollars into the state and our communities annually. I will continue to urge the Legislature to do the right thing and expand Medicaid as soon as possible so that hard-working Kansans can get the healthcare they deserve and desperately need.

Therefore, pursuant to Article 2, Section 14(b) of the Constitution of the State of Kansas, I hereby return **Senate Bill 28** with my signature approving the bill, except for the items enumerated below.

Legislature—Impeding Local Control of School Districts

Sec. 26(e) has been line-item vetoed in its entirety.

It is not the State's role to condition or control how local school districts should use local funds generated from the sale of property. If the Legislature is interested in developing innovative approaches to recruiting and retaining talented teachers and paraprofessionals, it should work collaboratively with school districts and educators to improve the experience of classroom teachers rather than interfering with their authority to set policies and budgets to address the needs of their students and teachers. I am concerned that provisions like Sec. 26(e) set a dangerous precedent and erode the core constitutional principle of local control.

Governor’s Department and Adjutant General’s Department—Southwest Border Mission

Sec. 29(b) has been line-item vetoed in its entirety.

The portion of Sec. 120(a) that reads as follows has been line-item vetoed:

Southwest border mission.....\$15,716,000
Provided, That all expenditures from the southwest border mission account shall be for expenses to respond to the request for assistance from the state of Texas pursuant to the emergency management assistance compact, K.S.A. 48-9a01, and amendments thereto, or a memorandum of understanding between the governor and the governor of Texas: Provided, That the above agency shall collaborate with the governor and the response and recovery bureau director to activate, mobilize and deploy state resources and implement the appropriate mutual aid plans and procedures: Provided further, That such assistance is being provided to assist in the prevention of crime drug trafficking, human trafficking, transactional criminal organizations and other related crimes contributing to an emergency.

The portion of Sec. 121(a) that reads as follows has been line-item vetoed:

Any unencumbered balance in the southwest border mission account in excess of \$100 as of June 30, 2024, is hereby reappropriated for fiscal year 2025.
As the Kansas National Guard’s Commander-in-Chief, it is my constitutional authority to direct the National Guard while on state duty. It is not the Legislature’s role to direct the operations or call out the National Guard. Border security is a federal issue. Lawmakers in Washington must act to solve this issue and work in a bipartisan manner to fix our nation’s broken immigration system. Despite this being a federal issue, I have repeatedly deployed members of the Kansas National Guard to support the federal government’s efforts to strengthen border protections, including an active deployment today When a Governor deploys soldiers as part of a federal mission, it is done intentionally and in a manner that ensures we are able to protect our communities and that we do not threaten Guard readiness or limit our ability to respond to natural disasters at home.

Office of the Attorney General and Kansas Department for Aging and Disability Services—Kansas Fights Addiction Fund

Sec. 31(d), Sec. 83(bb), and Sec. 83(cc) and have been line-item vetoed in their entirety.

The portion of Sec. 32(b) that reads as follows has been line-item vetoed:

Provided further, That, notwithstanding the provisions of the Kansas fights addiction act, K.S.A. 2023 Supp. 75-775 through 75-781, and amendments thereto, or any other statute, expenditures shall be made from the Kansas fights addiction fund in an amount of \$185,000 for fiscal year 2025 for drug abuse and addiction prevention services for youth at the Kansas City full circle program, inc.: Provided, however, That prior to making such expenditures, the above agency shall present to the Kansas fights addiction grant review board the above expenditure for the board’s review.

The portions of Sec. 83(b) that reads as follows have been line-item vetoed:

Valley hope substance use disorder fund.....\$2,500,000
Provided, That, notwithstanding the provisions of the Kansas fights addiction act, K.S.A. 2023 Supp. 75-775 through 75-781, and amendments thereto, expenditures shall be made from the valley hope substance use disorder fund for infrastructure to expand valley hope located in Atchison, Kansas: Provided, however, That prior to making such expenditures, the above agency shall present to the Kansas fights

addiction grant review board the above expenditure for the board's review.

Indigent support fund.....\$5,000,000

Provided, That expenditures shall be made from the indigent support fund for providing support to the substance use disorder providers who provide services to individuals who have no insurance or other medical coverage: Provided further, That the above agency shall develop guidelines for providers to apply for the funds and establish a review team for the application for funds to determine that such funds are being appropriately used to provide services to such indigent individuals: Provided, however, That prior to making such expenditures, the above agency shall present to the Kansas fights addiction grant review board the above expenditure for the board's review.

The Legislature created the Kansas Fights Addiction Board to review and approve applications for funding through the State’s opioid settlement, the Kansas Fights Addiction Fund. While these initiatives may be good proposals worthy of funding, the direct allocation of these funds circumvents the established process and gives an unfair advantage to the organizations receiving these funds. It also makes it difficult for the Board to administer its established strategy and strategic plan for the settlement. If the Legislature wants to change the process through which these funds are allocated, it should pass standalone legislation to do so.

Office of the State Treasurer—Pregnancy Compassion Awareness Program

Sec. 35(a) has been line-item vetoed in its entirety.

I continue to believe that overseeing a state pregnancy crisis center and maternity home program is not an appropriate role for the Office of State Treasurer. This proviso continues a program to provide taxpayer funding for largely unregulated pregnancy resource centers. These entities are not medical centers and do not promote evidence-based methods to prevent unplanned pregnancies. The Legislature should listen to Kansans, who, on August 2, 2022, told politicians they should stop inserting themselves in private medical decisions between women and their doctors.

Office of the State Treasurer—BUILD Kansas Changes

Sec. 35(d), Sec. 35(e), Sec. 36, Sec. 37, and Sec. 38 have been line-item vetoed in their entirety.

The BUILD Kansas program provides local governments and other eligible entities with State funding to pursue grant opportunities under the federal Bipartisan Infrastructure Law (BIL). As the program stands today, both the Executive and Legislative branches have a role in reviewing and approving applications for matching funds. The changes proposed in this budget would remove the Kansas Infrastructure Hub from this process and give the Legislature the authority to approve funding for infrastructure projects without the Hub’s input, effectively creating a separate legislative appropriations process for infrastructure projects.

The provisions in this budget would also require that certain Kansas communities provide local dollars to secure BUILD Kansas funds while others would be exempted from having to provide local funds, creating an uneven playing field for communities to access the BUILD Kansas program. While I commend the Legislature’s efforts to increase the impact of these matching dollars by making them eligible to be used for additional federal funding opportunities, we must maintain the program’s current parameters to ensure matching funding is used to support the infrastructure needs of all

Kansas communities effectively and efficiently.

Kansas Corporation Commission—Demolition of Two Habitable Structures in Augusta, Kansas

The portion of Sec. 53(a) that reads as follows has been line-item vetoed:

Provided, That notwithstanding the provisions of K.S.A. 55-192, and amendments thereto, or any other statute, expenditures shall be made by the above agency from such fund to address ground water well contamination from abandoned wells located in Butler County, Kansas: Provided further, That the above agency shall work with landowners at 13726 SW Thunder Road and 14937 SW Thunder Road in Augusta, Kansas, to assist in the costs of demolition of the habitable structures located on such land: Provided, however, That expenditures for such purposes shall not exceed \$250,000 on each such property.

This line-item uses a state fund established for the remediation of abandoned oil well sites to demolish two private homes in Augusta, Kansas. This action is squarely outside the statutory scope of this program and risks setting an untenable financial precedent where the state could be required to pay for the demolition of property in all areas where historic oil contamination exists, regardless of source, culprit, or disclosure to the home buyer. Policy of this nature, however well-intentioned, should be carefully considered and debated to avoid unintended and unsustainable financial or legal obligations for the state – not included as a last-minute budget proviso.

Kansas Department of Commerce—Youth Career Exploration

The portion of Sec. 68(a) that reads as follows has been line-item vetoed:

Youth career exploration.....\$500,000

I fully support efforts to raise awareness and connect students to in-demand careers in Kansas. To develop a highly skilled and prepared workforce, students should be incentivized to explore their interests and identify pathways into various career fields. I have line-item vetoed this section because these efforts can be funded through existing Kansas State Department of Education resources. The State Board of Education has previously funded these efforts using federal Elementary and Secondary School Emergency Relief (ESSER) funds and is currently considering an additional allocation of \$1 million in ESSER funds over the next two years for this purpose. This funding opportunity provides more support for youth career exploration than is included in this bill. Once these federal funds are expended, the State should then consider providing State General Funds for this purpose.

Kansas Department of Commerce—University STAR Bonds

Sec. 68(n) and Sec. 69(d) have been line-item vetoed in their entirety.

STAR Bonds are a financing tool that allows Kansas communities, both rural and urban, to strategically attract economic development to their area. The program has helped secure millions in economic development growth and brought thousands of jobs to the State through state and local partnerships.

The language proposed in this budget would fundamentally alter the STAR Bonds program by allowing universities to create STAR Bond districts without the consent of the impacted local government and without a minimum capital investment or revenue requirement. While I support innovative proposals to bring new economic development opportunities to the state, the changes to the program proposed in this budget do not adequately protect local governments’ authority or ensure the long-term solvency of the

projects.

Kansas Department of Commerce—Child Care Pilot Program

The portion of Sec. 68(a) that reads as follows has been line-item vetoed:

Provided, That expenditures shall be made by the above agency from such account to implement a pilot program for the recruitment and retention of home-based child care providers to increase the number of child care slots in Kansas: Provided further, That the above agency shall issue a request for proposal to solicit potential private entities to implement such pilot program: And provided further, That any such private entity making a proposal shall agree to: (1) Partner with the above agency, families in need of child care and home-based child care providers to increase the number of child care slots in Kansas by: (A) Recruiting and coaching prospective home-based child care providers through the initial business plan and implementation process; and (B) assisting existing home-based child care providers with business planning and implementation to retain and expand child care slots; (2) develop and execute a mentorship program for such home-based child care providers; (3) plan, staff and execute in-person and virtual recruitment events for new home-based child care providers in locations in the state in need of child care slots; (4) develop informational materials that assist home-based child care providers with marketing, advertising and parental outreach; (5) provide a software platform, including customizable dashboards, to assist home-based child care providers with marketing, enrollment, family communication, billing and expense reporting; and (6) make available to home-based child care providers coaching and training, including in-person group training sessions, on-site coaching visits, community forums and events: And provided further, That the above agency shall require any private entity making a proposal to provide evidence that such entity is providing a similar service in at least three other states: And provided further, That as used in this section, "home-based child care provider" means an individual who has control or custody of one or more children under 16 years of age, unattended by a parent or guardian, for the purpose of providing food or lodging, or both.

Increasing access to child care is one of my biggest priorities as Governor. To truly address this issue, we need everyone’s expertise at the table. This proviso limits the pool of organizations that could apply to operate this pilot program. An open, competitive bidding process should be used to ensure that these funds are effective in supporting aspiring child care providers.

Kansas Department of Commerce—Air Development Fund

The portion of Sec. 68(c) that reads as follows has been line-item vetoed:

Kansas air service development incentive program fund.....No limit
Provided, That all expenditures from the Kansas air service development incentive program fund shall be to support commercial service airports in Kansas: Provided further, That the department of commerce shall establish requirements for the program, taking into consideration: (1) Recent or imminent regional economic development opportunities, including, but not limited to, new business entering the market area or business growth in the market area; (2) viable air service opportunities, including, but not limited to, airline support service or market data support service; (3) air service routes serving a market area that meets the needs of such economic development opportunities, including, but not limited to, routes establishing a pipeline to areas with workforce talent or serving a customer base or

main business function; and (4) local match requirements, including, but not limited to, opportunities to use state or local moneys to leverage federal air service development grant funds: And provided further, That local entities representing commercial service airports may apply for grants from such fund: And provided further, That the department of commerce shall form a selection committee to evaluate such applications: And provided further, That not more than \$1,000,000 shall be awarded for a single commercial service airport: And provided further, That all grant moneys awarded to a local entity shall be deposited in an interest-bearing escrow account: And provided further, That, when awarded a grant, such local entity shall execute a minimum revenue guarantee (MRG) agreement with an airline: And provided further, That such MRG agreement shall describe the thresholds that trigger drawdowns of grant moneys: And provided further, That the department of commerce shall verify all expenses before authorizing any drawdown of grant moneys from such escrow account.

Sec. 68(m) has been line-item vetoed in its entirety.

This program was not requested by the Department of Commerce or vetted by the agency. Given the ongoing debate in the Legislature regarding tax relief and the potential long-term fiscal impact of proposed tax policy, it is difficult to justify another expenditure from the State Highway Fund. We've closed the Bank of KDOT, and I do not want to risk backtracking on that progress.

Kansas Department of Aging and Disability Services—Mental Health Intervention Team Pilot

The portion of Sec. 83(a) that reads as follows has been line-item vetoed:

Provided, That expenditures shall be made by the above agency from such account during fiscal year 2025 to establish the mental health intervention team program: Provided further, That such program shall be a continuation of the mental health intervention team pilot program first established pursuant to section 1 of chapter 57 of the 2018 Session Laws of Kansas and K.S.A. 72-9943, and amendments thereto, and continued and expanded through subsequent appropriation acts of the legislature: And provided further, That the purposes of the mental health intervention team program are to: Provide greater access to behavioral health services for students enrolled in kindergarten or any of the grades one through 12 and establish a coherent structure between school districts and mental health intervention team providers to optimize scarce behavioral health resources and workforce; identify students, communicate with families and link students and their families to the statewide behavioral health systems and resources within the network of mental health intervention team providers; alleviate the shortage of staff with specialized degrees or training such as school counselors, psychologists and social workers and reduce the competition for such staff between school districts and other private and governmental service providers to provide broader-based and collaborative services to students, especially in rural districts that do not have enough students to justify a full-time staff position; provide and coordinate mental health services to students throughout the calendar year, not only during school hours over nine months of the school year; and reduce barriers that families experience to access mental health services and maintain consistency for a child to attend recurring sessions and coordination between the child's classroom schedule and the provision of such services: And provided further, That the program shall focus on the following

students: Any student who has been adjudicated as a child in need of care and is in the custody of the secretary for children and families or has been referred for a families first program or family preservation program; and any other student who is in need of mental health support services: And provided further, That the secretary for aging and disability services shall appoint a mental health intervention team program manager and, within the limits of appropriations therefor, such additional staff as necessary to support such manager: And provided further, That the above agency shall oversee and implement the mental health intervention team program in accordance with the requirements of this proviso and the policies and procedures established by the above agency pursuant to this proviso: And provided further, That during fiscal year 2025, the board of education of a school district may apply to the above agency to establish or maintain a mental health intervention team program within such school district: And provided further, That the application shall be in such form and manner as the above agency requires and submitted at a time determined and specified by such agency: And provided further, That each application submitted by a school district shall specify the mental health intervention team provider that the school intends to coordinate with to provide school-based services to students who need assistance during the applicable school year: And provided further, That the school district shall provide notice to the mental health intervention team provider as soon as they are able of their intent to partner for the following school year: And provided further, That the above agency shall establish an application review committee that shall include representatives from mental health intervention team providers and the department of education: And provided further, That if a school district and mental health intervention team provider are approved to establish or maintain a mental health intervention team program, the school district shall enter into a memorandum of understanding with a partnering mental health intervention team provider: And provided further, That if the school district chooses to partner with more than one mental health intervention team provider, the school district shall enter into a separate memorandum of understanding with each such mental health intervention team provider: And provided further, That the above agency may establish requirements for a memorandum of understanding, including contractual provisions that are required to be included in each memorandum of understanding and that are optional and subject to agreement between the school district and the mental health intervention team provider: And provided further, That each memorandum of understanding shall be submitted to the above agency for final approval: And provided further, That the above agency may authorize another category of provider other than a mental health intervention team provider to serve as a partnering provider under the mental health intervention team program pursuant to this proviso: And provided further, That such category of provider shall provide the required services and otherwise meet the requirements of a partnering mental health intervention team provider under this proviso: And provided further, That if the above agency authorizes another category of provider other than a mental health intervention team provider, such agency shall provide notification of this decision to the mental health intervention team provider that provides services in that county: And provided further, That, subject to appropriations therefor, a school district and mental health intervention team provider that have been approved by the above agency to establish or maintain a mental health intervention team program shall be

eligible to receive a mental health intervention team program grant and a mental health intervention team provider pass-through grant: Provided, however, That the amount of a school district's mental health intervention team program grant shall be determined in each school year by calculating the total amount of the salary and fringe benefits paid by the school district to each school liaison: And provided further, That the amount of a school district's mental health intervention team provider pass-through grant shall be an amount equal to 50% of the amount of the school district's mental health intervention team grant: And provided further, That moneys provided to a school district for the mental health intervention team provider pass-through grant shall be paid to any mental health intervention team provider that partners with the school district: And provided further, That if the amount of appropriations are insufficient to pay in full the amount of all grants school districts are entitled to receive for the school year, the above agency shall prorate the amount appropriated among all districts: And provided further, That the above agency shall be responsible for the allocation and distribution of grants in accordance with appropriation acts: And provided further, That the above agency may make grant payments in installments and may provide for payments in advance or by way of reimbursement and may make any necessary adjustments for any overpayment to a school district: And provided further, That the above agency shall not award any grant to a school district unless such district has entered into a memorandum of understanding with a partnering mental health intervention team provider in accordance with this proviso: And provided further, That any remaining appropriations that were not allocated to the mental health intervention team program shall provide funding in the form of grants from the above agency to the association of mental health intervention team providers of Kansas to fund training for school districts participating in the mental health intervention team program pursuant to this proviso: And provided further, That the above agency shall seek advice from mental health intervention team providers prior to awarding any grant under this subsection: And provided further, That the above agency may waive the requirement that a school district employ a school liaison and may instead authorize a mental health intervention team provider that partners with the school district to employ a school liaison: And provided further, That such waiver shall only be granted by the above agency in limited circumstances: And provided further, That a school district that is granted a waiver pursuant to this proviso shall continue to be eligible to receive the mental health intervention team program grant and the mental health Intervention team provider pass-through grant authorized pursuant to this proviso: And provided further, That the amount of the mental health intervention team program grant shall be determined in the same manner as provided under this proviso as though the school liaison was employed by such school district: And provided further, That upon receipt of any moneys awarded pursuant to the mental health intervention team program grant to any such school district, the school district shall direct payment of such amount to the mental health intervention team provider that employs the school liaison: And provided further, That on or before January 13, 2025, the above agency shall prepare and submit a report on the mental health intervention team program for the preceding school year to the house of representatives standing committees on appropriations, social services budget and health and human services, or their successor committees, and the senate standing committees on ways and means, ways

and means subcommittee on human services and public health and welfare, or their successor committees: And provided further, That such report shall provide a summary of the program, including, but not limited to, the school districts that applied to participate or continued participating under the program, the mental health intervention team providers, the grant amount each such school district received and the payments made by school districts from the mental health intervention team program fund of each school district: And provided further, That the staff required for the establishment and maintenance of a mental health intervention team program shall include a combination of one or more behavioral health liaisons employed by the school district and one or more case managers and therapists licensed by the behavioral sciences regulatory board who are employed by the partnering mental health intervention team provider: And provided further, That all staff working together under a school district's program shall be known as the mental health intervention team of the school district: And provided further, That the school district and the mental health intervention team provider shall cooperate and work together to identify needs specific to the students in the school district, and the families of such students and shall develop an action plan to implement a school-based program that is tailored to such needs: And provided further, That a school district that participates in the program shall employ one or more school liaisons who will help students in need and coordinate services between the school district, the student, the student's family and the mental health intervention team provider: And provided further, That a school liaison shall have a bachelor's degree in any field of study: And provided further, That a school liaison's roles and responsibilities include, but are not limited to: Identifying appropriate student referrals for the team to engage with; act as a liaison between the school district and the mental health intervention team provider and be the primary point of contact for communications between the school district and the mental health intervention team provider; assist with mental health intervention team provider staff understanding of the school district's system and procedures including the school calendar, professional development, drills and crisis plan protocols; triage prospective student referrals and help decide how to prioritize interventions; help the mental health intervention team provider and other school personnel understand the roles and responsibilities of the mental health intervention team; facilitate communications and connections between families of identified students and the mental health intervention team provider's staff; coordinate a student's treatment schedule with building administrators and classroom teachers, to optimize clinical therapist's productivity; troubleshoot problems that arise and work with the mental health intervention team provider to resolve such problems; track and compile outcomes to monitor the effectiveness of the program; maintain and update the department of education mental health intervention team database as directed by the above agency and required by this section; follow up with child welfare contacts if a student has moved schools to get the child's educational history; be an active part of the school intervention team and relay information back to mental health intervention team provider staff, including student observations, intervention feedback from teachers, communications with family and other relevant information; work with school administration to identify and provide confidential space for a mental health intervention team provider therapist; assist in planning continuity of care through summer services; and submit an annual report to the above agency on

how the liaison complied with the required roles and responsibilities: And provided further, That within the scope of employment by a school district, an individual employed as a school liaison shall primarily perform roles and responsibilities that are related to the school liaison position as described in this section: And provided further, That once the initial referral has been completed for a student, all relevant information shall be entered into the database within 14 calendar days: And provided further, That a mental health intervention team provider that partners with a school district shall employ one or more therapists licensed by the behavioral sciences regulatory board who will collaborate with the school district to assist students in need and provide services to such students under the program: And provided further, That a therapist's roles and responsibilities under the program include, but are not limited to: Assist the school liaison with the identification of appropriate student referrals to the program; triage student referrals with the school liaison to prioritize treatment interventions for identified students; work with the school liaison to connect with families or child welfare contacts to obtain consent to commence treatment; conduct a clinical assessment of the identified student and make appropriate treatment recommendations; engage with the student, family or child welfare contacts in clinical interventions as identified on the treatment plan and provide individual and family therapy; administer scales or tests to detect areas of concern with depression, anxiety, self-harm or other areas as identified; make referrals to other treatment modalities as appropriate; communicate educationally appropriate information to the school liaison, such as interventions and strategies for use by classroom and school staff; gather outcome data to monitor the effectiveness of the program; coordinate with the case manager to identify ways to support the student and family; provide therapy services as determined by the students' treatment plan; and maintain the treatment plan and necessary treatment protocols required by the mental health intervention team provider: And provided further, That a mental health intervention team provider that partners with a school district shall employ one or more case managers who will collaborate with the school district to assist students in need and to coordinate services under the program: And provided further, That a case manager's roles and responsibilities under the program include, but are not limited to: Work with the school liaison and clinical therapist to identify students and triage priorities for treatment; provide outreach to students, families and child welfare contacts to help engage in treatment; participate in the treatment planning process; communicate with the school liaison and other school district personnel about student needs, interventions and progress; help maintain communication between all entities, including the family, student, school, clinical therapist, child welfare contacts and the community; maintain the treatment plan and necessary treatment protocols required by the mental health intervention team provider; make referrals to appropriate community resources; help reconnect students and families when they are not following through with the treatment process; help families negotiate barriers to treatment; and engage with the student in the classroom, the home or the community to help build skills wherever needed: And provided further, That each school district that receives moneys for the mental health intervention team program grant or the mental health intervention team provider pass-through grant awarded pursuant to this proviso shall credit the moneys to a mental health intervention team program fund created by such school district: And provided further,

That moneys in such fund shall be used by a school district to: Pay for the expenditures that are attributable to the salary and fringe benefits of any school liaison employed by the school district pursuant to the mental health intervention team program; and provide payment to each partnering mental health intervention team provider in an amount equal to the mental health intervention team provider pass-through grant received by the school district: And provided further, That the school district shall keep separate accounting records for the school liaison expenditures and the pass-through grants to mental health intervention team providers: And provided further, That the above agency shall publish on its website an aggregated report of outcomes achieved, numbers served and associated information by the mental health intervention team program: And provided further, That the above agency shall establish a hotline that individuals receiving services from the mental health intervention team program may access outside of the hours that such individuals are receiving services: And provided further, That such hotline shall be established for the purposes of providing information sharing and communications regarding crisis coordination and emergency response services: And provided further, That as used in this proviso: (1) "Mental health intervention team provider" means a center organized pursuant to article 40 of chapter 19 of the Kansas Statutes Annotated, and amendments thereto, a mental health clinic organized pursuant to article 2 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto, or a federally qualified health center as defined by section 1905(l)(2)(B) of the federal social security act: And provided further, That "mental health intervention team provider" includes other provider categories as authorized by the above agency to serve as a partnering provider under the mental health intervention team program pursuant to this proviso: And provided further, That a provider under this proviso shall provide services, including: Support for students available 24 hours a day, seven days a week; person-centered treatment planning; and outpatient mental health services; and (2) "school district" means a school district as defined in K.S.A. 72-5132, and amendments thereto, or "qualified school" as defined in K.S.A. 72-4352, and amendments thereto.

The Mental Health Intervention Team Pilot Program must be codified into statute. By continuing to administer this program through budget proviso, we limit the impact it can have on the health and well-being of Kansas students. While I appreciate the Legislature's work to allow various mental health providers to participate in the program, other changes to this program threaten the availability of services to students who currently have access to them in our public schools. This proviso would change the contours of the program by requiring school districts to cover 50% of the costs. Under the current program, districts must provide a 25% match to the grant they receive from the state. School districts utilizing the pilot program have stated that the changes contained in this proviso will require them to scale back or end their participation, creating the possibility that students who are currently receiving services will lose access to this program. Additionally, this proviso opens the program to additional school districts and private schools without providing any additional funds to accommodate their entrance into the program. This will create an untenable situation where the Kansas Department of Aging and Disability Services will be forced to choose which districts can participate, given the limited funding. If we want to end this pilot program and open it up to all districts, we cannot do so without providing adequate

funding to allow for universal participation. The Legislature should work next session to codify this program into statute and provide enough funding for all interested public school districts to participate.

Kansas Department for Aging and Disability Services—Limiting Provider Input for Behavioral Health Services

Sec. 83(w) has been line-item vetoed in its entirety.

The convening of workgroups may sometimes be imperative for decision-makers to fully understand the risks and benefits of any new program. However, opening Medicaid rehabilitation codes for other provider types does not require this step, as it will only lead to more provider options for Kansans in need—which is a positive. This proviso appears harmless, but it is another attempt at limiting the types of entities that can provide behavioral health services in Kansas.

Kansas Department for Aging and Disability Services—Changes to Targeted Case Management

Sec. 83(aa) has been line-item vetoed in its entirety.

The funding restriction in this proviso would hinder the Kansas Department for Aging and Disability Services from creating any improvements to targeted case management services for the Intellectual and Developmental Disabilities (I/DD) waiver. Further, it would invite unintended consequences such as impeding the approval of the Community Supports waiver by the federal government, which is a critical step in addressing the waitlist for services on the I/DD waiver.

Kansas Department for Aging and Disability Services—Physical Disability and I/DD Waiver

Sec. 83 (dd) and Sec. 83(ee) have been line-item vetoed in their entirety.

I agree that the growing wait lists for the Intellectual and Developmental Disability (I/DD) and Physical Disability (PD) waivers are alarming and require an immediate solution so that the most vulnerable Kansans may access the services they need to live life to their full potential. However, the well-intentioned proposed statutory caps in these provisos would lead to unintended consequences for the very people it was meant to serve. By instituting a cap on the number on the waitlists, the agency will be unable to maintain reserve capacity intended for specialty populations such as children coming into DCF custody, Home and Community Based Service (HCBS) institutional transitions, and crisis emergency exemptions. I do not believe the Legislature intends to eliminate these avenues of entry for the PD or I/DD waivers.

In addition, continually adding slots to these waivers haphazardly or thoughtlessly capping the waitlist number will not be sufficient or sustainable unless provider capacity is also addressed. This is why I proposed an additional 500 slots for the I/DD and PD waivers in the budget because it is plausible, given our state's current provider capabilities. As decision-makers, it is imperative that we craft solutions that balance the needs of the waiver participants while considering the limitations of our current workforce.

Department for Children and Families—Competitive Grant Funding

The portion of Sec. 86(a) that reads as follows has been line-item vetoed.

Provided further, That expenditures shall be made from the youth services aid and assistance account in an amount of not to exceed \$250,000 for funding for keys for networking, inc., to provide the iGRAD program for use among Kansas foster care children: And provided further, That the above agency and keys for networking, inc.,

shall submit a status report to the senate committee on ways and means human services subcommittee and the house of representatives social services budget committee prior to January 31, 2025, detailing the iGRAD program's use among Kansas foster care children.

While I support creating more resources available to children in foster care, the funding in this section of the proviso is allocated towards one specific entity. By doing so, the Legislature is creating an uneven playing field for those interested in providing services, supports, and capabilities for children in need of care. This funding opportunity should be available to all potential providers through a competitive bidding process.

Department for Children and Families—Impermissible Use of TANF funds

The portion of Sec. 86(b) that reads as follows has been line-item vetoed:

Provided further, That expenditures shall be made by the above agency for fiscal year 2025 from the temporary assistance to needy families – federal fund for a matching funds grant with a charitable organization exempt from federal income taxation pursuant to section 501(c)(3) of the federal internal revenue code to provide toiletry kits for public elementary or secondary schools in an amount not to exceed \$1,800,000.

While well-intentioned, the initiative outlined in this proviso is not a permissible use of federal funds from the Temporary Assistance for Needy Families (TANF) program. I encourage the Legislature to work with the agency to identify a more appropriate avenue to fund this initiative through existing resources.

Kansas State University—Jet

The portion of Sec. 100(a) that reads as follows has been line-item vetoed:

Kansas state university college of aviation jet.....\$1,200,000

Provided further, That expenditures shall be made from this account for fiscal year 2025 for the shared lease or ownership, insurance, maintenance and operations of a jet-type aircraft for student training purposes.

This item was not requested by the Kansas Board of Regents and did not go through the normal vetting process. While the intent of this proposal is admirable, covering the student cost of a university purchase, it should’ve gone through the regular funding process to ensure that the purchase is appropriate and will serve the university’s goals of providing its students additional educational opportunities.

Kansas State University—Central Immersive Training Hub

The portion of Sec. 100(a) that reads as follows has been line-item vetoed:

Central immersive training hub.....\$3,950,000

Provided, That all expenditures shall be made by the above agency from the central immersive training hub account for the central immersive training hub at the Kansas State University Salina campus

This item was requested by the Kansas Board of Regents at a funding level of \$2 million. It is unclear why the Legislature chose to double the funding for this initiative. I encourage the Legislature and the university to work together to determine the appropriate funding amount for this program and return with a new plan.

Emporia State University—Emporia State Model Investment Account

The portion of Sec. 106(a) that reads as follows has been line-item vetoed:

Emporia state model investment account (379-00-100-400).....\$9,000,000

The budget makes a historic investment in higher education and Emporia State University (ESU). In last year’s budget, I approved initial funding for ESU’s model investment. In this year’s budget, I am approving regional stabilization funding that will increase support for all our regional universities. Funding for this line-item was not requested by Emporia State University and was not included in the budget request presented by the Kansas Board of Regents.

University of Kansas Medical Center—Residency Funding

The portion of Sec. 112(a) that reads as follows has been line-item vetoed:

KUMC Wichita residency program.....\$750,000

Provided, That expenditures shall be made by the above agency from such account to the department of family and community medicine of the university of Kansas school of medicine Wichita, for use in the Smoky Hill family medicine residency program, Wesley family medicine residency program and Ascension Via Christi family medicine residency program.

Programs like this one that create a workforce pipeline to keep physicians in Kansas are important. However, this proposal was not considered through the normal vetting process and was not requested by the Kansas Board of Regents, which are important considerations when evaluating funding that is likely to establish an expectation of ongoing support. Further study should be done to ensure this funding is appropriate and will have sufficient statewide impact.

Kansas Board of Regents—Osteopathic Service Scholarship

The portion of Sec. 116(a) that reads as follows has been line-item vetoed:

Osteopathic service scholarship.....\$2,200,000

This funding was not requested by the Kansas Board of Regents nor considered alongside their other budget requests. Further review should be done to ensure that scholarships are also provided for students pursuing careers that encompass other professions within the medical field.

Kansas Board of Regents—Kansas Promise Scholarship and Kansas Comprehensive Grant

Sec. 116(h) has been line-item vetoed in its entirety.

Changes to the eligibility and usage of these scholarship opportunities should be enacted through the normal legislative process, not through a last-minute budget proviso that never received a formal hearing by any legislative committee. I am also concerned about the precedent that would be set by providing state funding to for-profit private institutions that are not accountable to the state or taxpayers.

Adjutant General’s Department—Shooting Team Grants

The portion of Sec.121(a) that reads as follows has been line-item vetoed:

Shooting team grants.....\$50,000

Provided, That expenditures shall be made from the shooting team grants account for the adjutant general to provide grants to shooting teams from the Kansas air national guard or the Kansas army national guard for ammunition, equipment and travel expenses for marksmanship matches: Provided further, That an eligible team shall have participated in: (1) The 2024 adjutant general’s combat marksmanship match; and (2) a national guard marksmanship regional or national competition: And

provided further, That upon application from eligible teams, at least one grant shall be awarded to a Kansas air national guard team and at least one grant shall be awarded to a Kansas army national guard team: Provided, however, That, if no team from one branch of the Kansas national guard meets the requirements of this proviso, the adjutant general may award all grants to teams from the other branch of Kansas national guard that meet such requirements: And provided, however, That the adjutant general shall not award a single team all moneys in the shooting team grants account.

This funding was not requested by the Adjutant General nor considered alongside the agency's other budget requests. While this funding request may represent a need for the agency, it should be considered through the regular process along with the agency's other requests rather than added to the budget without the Adjutant General's input.

Kansas Highway Patrol—Salina Campus Reconfiguration

Sec. 124 has been line-item vetoed in its entirety.

This funding will divide the operations of the Kansas Highway Patrol (KHP) across two separate campuses in Salina. We need to invest in KHP's Salina operations to provide a better environment for law enforcement recruitment and training and to improve KHP's central dispatch facilities—vital elements of our state's public safety infrastructure. This proposal was not brought forward by the agency or considered through the normal agency budget process.

If it is the Legislature's intent to move elements of KHP's operation off its current campus, a more comprehensive study must be conducted to ensure that we are investing these funds in a responsible manner that is part of a larger strategic plan. I am concerned that moving some functions off the current KHP campus and retaining others will harm law enforcement readiness and incur a greater cost to the state down the line.

EXPLANATION OF VOTE

A military mission must have organization to be effective. If Kansas were to send troops to Texas there is no objective way to measure success, objectives and inter operational processes. We shouldn't squander \$15 million in paying for troops to be sent arbitrarily to another state when it's unclear what specific mission they would be fulfilling, how they would operate and how they would be successful. We must instead work with Congress and the President to effectively deal with the border situation which is clearly their mission to solve. I vote no in order to sustain the Governors' line item veto of **SB 28** on this budget line item to send millions to Texas.—JEFF PITTMAN

REGARDING VETO OF HOUSE SUBSTITUTE FOR SENATE BILL 233

This divisive legislation targets a small group of Kansans by placing government mandates on them and dictating to parents how to best raise and care for their children. I do not believe that is a conservative value, and it's certainly not a Kansas value.

To be clear, this legislation tramples parental rights. The last place that I would want to be as a politician is between a parent and a child who needed medical care of any kind. And, yet, that is exactly what this legislation does. If the legislature paid this much attention to the other 99.8% of students, we'd have the best schools on earth.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Substitute for Senate Bill 233**.

LAURA KELLY, *Governor of Kansas*

DATED: APRIL 24, 2024

SB 233 AN ACT concerning children and minors; relating to healthcare of minors; enacting the forbidding abusive child transitions act; prohibiting healthcare providers from treating a child whose gender identity is inconsistent with the child's sex; authorizing a civil cause of action against healthcare providers for providing such treatments; restricting use of state funds to promote gender transitioning; prohibiting professional liability insurance from covering damages for healthcare providers that provide gender transition treatment to children; requiring professional discipline against a healthcare provider who performs such treatments; adding violation of the act to the definition of unprofessional conduct for physicians; amending K.S.A. 65-2837 and repealing the existing section.

ACTION ON VETO MESSAGE

A motion was made by Senator Gossage that **H Sub SB 233** be passed notwithstanding the Governor's veto.

On roll call, the vote was: Yeas 27; Nays 13; Present and Passing 0; Absent or Not Voting 0.

Yeas: Alley, Baumgardner, Billinger, Blasi, Bowers, Claeys, Dietrich, Erickson, Fagg, Gossage, Kerschen, Kloos, Longbine, Masterson, O'Shea, Olson, Peck, Petersen, Pyle, Ryckman, Shallenburger, Steffen, Straub, Thompson, Tyson, Warren, Wilborn.

Nays: Corson, Doll, Faust-Goudeau, Francisco, Haley, Holland, Holscher, McGinn, Pettey, Pittman, Reddi, Sykes, Ware.

A two-thirds constitutional majority having voted in favor of overriding the Governor's veto, the motion prevailed and the bill passed.

EXPLANATION OF VOTE

I vote “NO” on **H Sub SB 233** because I believe we are beginning to cross the line from legislating for the common good to telling families what to do when making difficult decisions for their children. I do not support gender reassignment surgery for children or anyone, but I believe this decision should be in the hands of the parent, child, doctor and/or pastor. Hormones are used to help some of our young girls and boys when needed while going through puberty. I think we need to trust that a parent, with guidance, can make the right decision for their child. I also do not believe we should criminalize doctors for trying to figure out the best path for their patient. This is not about wearing seat belts or limiting speeds on the highway for the greater good. This is about a very small population that is making a very difficult decision. I believe good government is limited government and should not be making medical decisions for us.

REGARDING VETO OF HOUSE SUBSTITUTE FOR SENATE BILL 271

Senate Bill 271 restricts the purchase of drone technology and “critical components” – including replacement parts – from countries of concern by government agencies and law enforcement entities. While the legislation is well-intentioned, it uses overly broad definitions, which will end up placing significant burdens on these government consumers, including law enforcement organizations that depend on drone technology to provide essential services and keep Kansans safe. The legislation requires these consumers to know what goes into each targeted item, down to the individual component, microchip, and processor.

There are, however, ways to achieve the goals of this legislation without placing undue burdens on agencies, local units of government, and law enforcement through avenues like the regular procurement process. This work is underway and will address the underlying concerns of this bill.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Substitute for Senate Bill 271**.

LAURA KELLY, *Governor of Kansas*

DATED: APRIL 24, 2024

SB 271 AN ACT concerning infrastructure; relating to drone technology; prohibiting the acquisition of critical components of drone technology from countries of concern; relating to state contracts; prohibiting state-level agencies from procuring final or finished goods or services from a foreign principal.

REGARDING VETO OF SENATE BILL 434

I have serious concerns that deregulating sugaring – a hair removal technique that may be performed on minors – could lead to safety and sanitation problems. We have a responsibility to protect Kansans – and this deregulation would threaten the health and safety of Kansans – particularly our children.

Under the purview of the Kansas Board of Cosmetology, sugaring practitioners are required to adhere to the same health and safety standards as other cosmetologists and estheticians. They are subject to criminal background checks and training prior to the successful completion of exams to earn state licensure. Deregulating sugaring risks contamination, improper infection control, and potential safety issues involving minors. I am not willing to undermine the Kansas Board of Cosmetology's expertise or threaten the long-term health and safety of Kansans who receive sugaring services.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 434**.

LAURA KELLY, *Governor of Kansas*

DATED: APRIL 24, 2024

SB 434 AN ACT concerning public health; relating to the practice of cosmetology; exempting the practice of hair removal by sugaring from the definition of cosmetology; amending K.S.A. 2023 Supp. 65-1901 and 65-1928 and repealing the existing sections.

REGARDING VETO OF SENATE BILL 473

While I support the goal of reforming our criminal justice system in relation to pre-trial release, **Senate Bill 473** establishes a minimum amount a person must pay a bail bonding company to be released from jail, regardless of the type or severity of their crime. This requires bond companies charge an appearance bond premium of a minimum of 10% of the face amount of the appearance bond, of which half must be received before posting a bond. After thorough review, I am concerned of the impact that this will have on low income, non-violent offenders' ability to be released and return to their families and jobs.

“The Kansas Judicial Branch Pretrial Justice Task Force reviewed these issues extensively and made important recommendations. One of those recommendations is contained in this bill. While I support that component, the remaining provisions of this bill need further refinement.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 473**.

LAURA KELLY, *Governor of Kansas*

Dated: April 24, 2024

SB 473 AN ACT concerning crimes, punishment and criminal procedure; relating to the Kansas code of criminal procedure; authorizing a notice to appear that meets certain requirements to serve as a lawful complaint; requiring a minimum appearance bond premium in district court; providing reasons for suspending or terminating authorization of a compensated surety; authorizing the chief judge of a judicial district to require a compensated surety to submit to a state and national criminal history record check; amending K.S.A. 22-2202, 22-2408 and 22-2809b and repealing the existing sections.

“While I appreciate the bipartisan effort that went into this tax cut package and support many of the provisions included, I cannot sign into law a bill that jeopardizes our state's future fiscal stability.

I have said repeatedly that I will do everything in my power to prevent our state from the fiscal mismanagement of the previous administration. Since becoming governor, my administration has been laser-focused on getting us back on track, so we don't go back to the days of four-day school weeks, crumbling roads and bridges, and crippling debt. This bill is too expensive and risks reversing the progress we've made.

When working on any fiscal package, including tax cuts, legislators must consider the legislation's affordability beyond their next election. The total fiscal impact of tax relief should stay within the tax plan I released with this veto. I encourage legislators to send me a tax package that gives Kansans the relief they desperately need while not putting the state on the path to bankruptcy.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Substitute for House Bill 2036.**”

Received April 24, 2024 and read April 25, 2024.

“The intent of **House Bill 2098** is on the right track to provide Kansans with sales tax relief.

However, the impact these tax cuts would have on the State General Fund cannot be realized without knowing the total cost of all tax bills, including a fair, sustainable, and fiscally responsible tax relief package.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2098.**”

Received on April 12, 2024 and read on April 25, 2024.

“While I agree that no one should be coerced into undergoing a medical procedure against their will, it is already a crime to threaten violence against another individual.

Additionally, I am concerned with the vague language in this bill and its potential to intrude upon private, often difficult, conversations between a person and their family, friends, and health care providers. This overly broad language risks criminalizing Kansans who are being confided in by their loved ones or simply sharing their expertise as a health care provider.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Substitute for House Bill 2436.**”

“I do not believe it is appropriate to divert taxpayer dollars to largely unregulated crisis

pregnancy centers. These entities are not medical centers and do not promote evidence-based methods to prevent unplanned pregnancies. This bill goes against the wishes of Kansans. On August 2, 2022, Kansas voters overwhelmingly signaled to politicians that they should stop inserting themselves between women and their private medical decisions.

While some continue to meddle in Kansans' personal lives, I remain committed to upholding the will of Kansas voters.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2465.**”

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2583**, AN ACT concerning crimes, punishment and criminal procedure; relating to crimes against the public morals; increasing the criminal penalty for harming or killing certain dogs and horses; requiring restitution for such crime to include veterinary medical treatment, funeral and burial expenses and replacement of such animal; amending K.S.A. 21-6416 and 21-6604 and repealing the existing sections. Received on April 19, 2024 and read on April 25, 2024.

“The death of any law enforcement animal is a tragedy. There is no question we should hold those responsible accountable for their actions. While the intention of this bill is commendable, this legislation needs further evaluation and study. First, **House Bill 2583** imposes mandatory minimum sentences that disregard important factors that should be left to the discretion of a judge through the regular sentencing process. Second, the mandatory sentences are out of line with other, more severe crimes without justification for why that is required. Third, while the requirement for a psychological evaluation and anger management program are important, we do not apply this same standard to many other heinous crimes.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2583.**”

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2618**, AN ACT concerning elections; relating to the election crime of false representation of an election official; requiring specific intent of the offender as an element of such criminal offense; amending K.S.A. 25-2438 and repealing the existing section., Received on April 19, 2024 and read on April 25, 2024.

“There is no evidence of widespread voter fraud or instances of individuals impersonating election officials in Kansas.

Additionally, there is no reason to potentially restrict the use of federal funds for election purposes. Kansas is already one of the lowest-ranking states for use of utilizing federal funding. Accepting these dollars helps Kansas ensure smooth administration of our elections.

Restrictive voting legislation of any kind is wrong. Instead of making it more challenging for Kansans to participate in our democracy or focusing on problems that do not exist, I would urge the legislature to focus on real issues impacting Kansans.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2618.**”

“**House Bill 2648** would insert bureaucratic red tape intended to legislatively interfere with the timely implementation of necessary and important rules and regulations. Many of these regulations are for the protection and safety of Kansans.

Kansans voted no to giving the legislature veto power over rules and regulations in the November 2022 election. This is yet again another attempt by the legislature to undermine the will of the voters.

“Kansans spoke loud and clear in August 2022. Voters do not want politicians getting between doctors and their patient by interfering in private medical decisions.

House Bill 2749 is invasive and unnecessary. There is no valid medical reason to force a woman to disclose to the legislature if they have been a victim of abuse, rape, or incest prior to obtaining an abortion. There is also no valid reason to force a woman to disclose to the legislature why she is seeking an abortion.

I refuse to sign legislation that goes against the will of the majority of Kansans who spoke loudly on August 2, 2022: Kansans don't want politicians involved in their private medical decisions.

EXPLANATION OF VOTE

I have supported many versions of tax reform, especially championing property tax relief and food sales tax while here in the legislature. I voted for this bill as I have for previous versions. Under the Governor's leadership, Kansas not only recovered but thrived after years of fiscal mismanagement and reckless tax experiments during the previous administration. She has earned the right with 6 years of fiscally responsible policies that are sustainable, with a record \$20 billion private investment into our state, and with tens of thousands of new jobs to drive a better economy for tomorrow and for our next generation. Out of an abundance of caution as we put this massive break together, if she feels there is a variation on the current plan that is somehow more stable, today I am willing to take note and work with her to make that version a success, with the specific aim to sustainably benefit all Kansans by providing necessary financial relief while avoiding past challenges of underfunded schools, deteriorating roads, and bad credit for our state.—JEFF PITTMAN

To strengthen the policy of open government, the legislature shall consider the criteria in this section before enacting an exception to disclosure.

(b) Subject to the provisions of subsections (g) and (h), any new exception to disclosure or substantial amendment of an existing exception shall expire on July 1 of the fifth year after enactment of the new exception or substantial amendment, unless the legislature acts to continue the exception. A law that enacts a new exception or substantially amends an existing exception shall state that the exception expires at the end of five years and that the exception shall be reviewed by the legislature before the scheduled date.

(c) For purposes of this section, an exception is substantially amended if the amendment expands the scope of the exception to include more records or information. An exception is not substantially amended if the amendment narrows the scope of the exception.

(d) This section is not intended to repeal an exception that has been amended following legislative review before the scheduled repeal of the exception if the exception is not substantially amended as a result of the review.

(e) In the year before the expiration of an exception, the revisor of statutes shall certify to the president of the senate and the speaker of the house of representatives, by July 15, the language and statutory citation of each exception that will expire in the following year that meets the criteria of an exception as defined in this section. Any exception that is not identified and certified to the president of the senate and the speaker of the house of representatives is not subject to legislative review and shall not expire. If the revisor of statutes fails to certify an exception that the revisor subsequently determines should have been certified, the revisor shall include the

exception in the following year's certification after that determination.

(f) "Exception" means any provision of law that creates an exception to disclosure or limits disclosure under the open records act pursuant to K.S.A. 45-221, and amendments thereto, or pursuant to any other provision of law.

(g) A provision of law that creates or amends an exception to disclosure under the open records law shall not be subject to review and expiration under this act if such provision:

- (1) Is required by federal law;
- (2) applies solely to the legislature or to the state court system;
- (3) has been reviewed and continued in existence twice by the legislature; ~~or~~
- (4) has been reviewed and continued in existence by the legislature during the 2013 legislative session and thereafter; ~~or~~

~~(5) is a report of the results of an audit conducted by the United States cybersecurity and infrastructure security agency.~~

(h) (1) The legislature shall review the exception before its scheduled expiration and consider as part of the review process the following:

- (A) What specific records are affected by the exception;
- (B) whom does the exception uniquely affect, as opposed to the general public;
- (C) what is the identifiable public purpose or goal of the exception;
- (D) whether the information contained in the records may be obtained readily by alternative means and how it may be obtained;

(2) an exception may be created or maintained only if it serves an identifiable public purpose and may be no broader than is necessary to meet the public purpose it serves. An identifiable public purpose is served if the legislature finds that the purpose is sufficiently compelling to override the strong public policy of open government and cannot be accomplished without the exception and if the exception:

(A) Allows the effective and efficient administration of a governmental program that would be significantly impaired without the exception;

(B) protects information of a sensitive personal nature concerning individuals, the release of such information would be defamatory to such individuals or cause unwarranted damage to the good name or reputation of such individuals or would jeopardize the safety of such individuals. Only information that would identify the individuals may be excepted under this paragraph; or

(C) protects information of a confidential nature concerning entities, including, but not limited to, a formula, pattern, device, combination of devices, or compilation of information that is used to protect or further a business advantage over those who do not know or use it, if the disclosure of such information would injure the affected entity in the marketplace.

(3) Records made before the date of the expiration of an exception shall be subject to disclosure as otherwise provided by law. In deciding whether the records shall be made public, the legislature shall consider whether the damage or loss to persons or entities uniquely affected by the exception of the type specified in paragraph (2)(B) or (2)(C) would occur if the records were made public.

(i) (1) Exceptions contained in the following statutes as continued in existence in section 2 of chapter 126 of the 2005 Session Laws of Kansas and that have been reviewed and continued in existence twice by the legislature as provided in subsection (g) are hereby continued in existence: 1-401, 2-1202, 5-512, 9-1137, 9-1712, 9-2217,

amendments thereto. The secretary of corrections may refuse to admit the person to the designated facility and place the person in a different state facility, or admit the person and subsequently transfer the person to a different state facility, if the secretary determines: ~~(A)(i)~~ That substance abuse treatment resources or the capacity of the facility designated by the secretary for the incarceration and treatment of the person is not available; ~~(B)(ii)~~ the person has failed to meaningfully participate in the treatment program of the designated facility; ~~(C)(iii)~~ the person is disruptive to the security or operation of the designated facility; or ~~(D)(iv)~~ the medical or mental health condition of the person renders the person unsuitable for confinement at the designated facility. (B) In addition to the provisions of subsection (b)(1), for any conviction pursuant to subsection (b)(1)(D) or (b)(1)(E), if the person is granted probation, the court shall determine whether the person shall be supervised by community correctional services or court services based on the risk and needs of the person. The risk and needs of the person shall be determined by use of a risk assessment tool specified by the Kansas sentencing commission. During the probation supervision, the person shall be required to participate in a multidisciplinary model of services for substance use disorders facilitated by a Kansas department for aging and disability services designated care coordination agency to include assessment and, if appropriate, referral to a community based substance use disorder treatment including recovery management and mental health counseling as needed. The multidisciplinary team shall include the designated care coordination agency, the supervision officer, the Kansas department for aging and disability services designated treatment provider and the person.

The court shall determine whether the ~~offender person~~, upon release from imprisonment, shall be supervised by community correctional services or court services based upon the risk and needs of the ~~offender person~~. The risk and needs of the ~~offender person~~ shall be determined by use of a risk assessment tool specified by the Kansas sentencing commission. The law enforcement agency maintaining custody and control of a ~~defendant person~~ for imprisonment shall cause a certified copy of the judgment form or journal entry to be sent to the supervision office designated by the court and upon expiration of the term of imprisonment shall deliver the ~~defendant person~~ to a location designated by the supervision office designated by the court. After the term of imprisonment imposed by the court, the person shall be placed on supervision to community correctional services or court services, as determined by the court, for a mandatory one-year period of supervision, which such period of supervision shall not be reduced. During such supervision, the person shall be required to participate in a multidisciplinary model of services for substance use disorders facilitated by a Kansas department for aging and disability services designated care coordination agency to include assessment and, if appropriate, referral to a community based substance use disorder treatment including recovery management and mental health counseling as needed. The multidisciplinary team shall include the designated care coordination

agency, the supervision officer, the Kansas department for aging and disability services designated treatment provider and the ~~offender person~~. ~~An offender~~ A person for whom a warrant has been issued by the court alleging a violation of this supervision shall be considered a fugitive from justice if it is found that the warrant cannot be served. If it is found ~~the offender~~ that the person has violated the provisions of this supervision, the court shall determine whether the time from the issuing of the warrant to the date of the court's determination of an alleged violation, or any part of it, shall be counted as time served on supervision. Any violation of the conditions of such supervision may subject such person to revocation of supervision and imprisonment in jail for the remainder of the period of imprisonment, the remainder of the supervision period, or any combination or portion thereof. The term of supervision may be extended at the court's discretion beyond one year, and any violation of the conditions of such extended term of supervision may subject such person to the revocation of supervision and imprisonment in jail of up to the remainder of the original sentence, not the term of the extended supervision.

(4) In addition to the provisions of subsection (b)(1), prior to sentencing for any conviction pursuant to subsection (b)(1)(A) or (b)(1)(B), the court shall order the person to participate in an alcohol and drug evaluation conducted by a provider in accordance with K.S.A. 8-1008, and amendments thereto. The person shall be required to follow any recommendation made by the provider after such evaluation, unless otherwise ordered by the court.

(c) Any person 18 years of age or older convicted of violating this section or an ordinance which prohibits the acts that this section prohibits who had one or more children under the age of 18 years in the vehicle at the time of the offense shall have such person's punishment enhanced by one month of imprisonment. This imprisonment must be served consecutively to any other minimum mandatory penalty imposed for a violation of this section or an ordinance which prohibits the acts that this section prohibits. Any enhanced penalty imposed shall not exceed the maximum sentence allowable by law. During the service of the enhanced penalty, the judge may order the person on house arrest, work release or other conditional release.

(d) If a person is charged with a violation of subsection (a)(4) or (a)(5), the fact that the person is or has been entitled to use the drug under the laws of this state shall not constitute a defense against the charge.

(e) The court may establish the terms and time for payment of any fines, fees, assessments and costs imposed pursuant to this section. Any assessment and costs shall be required to be paid not later than 90 days after imposed, and any remainder of the fine shall be paid prior to the final release of the ~~defendant person~~ by the court.

(f) (1) In lieu of payment of a fine imposed pursuant to this section, the court may order that the person perform community service specified by the court. The person shall receive a credit on the fine imposed in an amount equal to \$5 for each full hour spent by the person in the specified community service. The community service ordered by the court shall be required to be performed not later than one year after the fine is imposed or by an earlier date specified by the court. If by the required date the person performs an insufficient amount of community service to reduce to zero the portion of the fine required to be paid by the person, the remaining balance of the fine shall become due on that date.

(2) The court may, in its discretion, waive any portion of a fine imposed pursuant to this section, except the \$250 required to be remitted to the state treasurer pursuant to subsection (q)(2), upon a showing that the person successfully completed court-ordered education or treatment.

(g) Prior to filing a complaint alleging a violation of this section, a prosecutor shall request and shall receive from the:

(1) Division a record of all prior convictions obtained against such person for any violations of any of the motor vehicle laws of this state; and

(2) Kansas bureau of investigation central repository all criminal history record information concerning such person.

(h) The court shall electronically report every conviction of a violation of this section and every diversion agreement entered into in lieu of further criminal proceedings on a complaint alleging a violation of this section to the division including any finding regarding the alcohol concentration in the ~~offender's~~ person's blood or breath. Prior to sentencing under the provisions of this section, the court shall request and shall receive from the division a record of all prior convictions obtained against such person for any violations of any of the motor vehicle laws of this state.

(i) For the purpose of determining whether a conviction is a first, second, third, fourth or subsequent conviction in sentencing under this section:

(1) Convictions for a violation of this section, or a violation of an ordinance of any city or resolution of any county that prohibits the acts that this section prohibits, or entering into a diversion agreement in lieu of further criminal proceedings on a complaint alleging any such violations, shall be taken into account, but only convictions or diversions occurring on or after July 1, 2001. Nothing in this provision shall be construed as preventing any court from considering any convictions or diversions occurring during the person's lifetime in determining the sentence to be imposed within the limits provided for a first, second, third, fourth or subsequent offense;

(2) any convictions for a violation of the following sections occurring during a person's lifetime shall be taken into account:

(A) Driving a commercial motor vehicle under the influence, K.S.A. 8-2,144, and amendments thereto;

(B) operating a vessel under the influence of alcohol or drugs, K.S.A. 32-1131, and amendments thereto;

(D) aggravated battery as described in K.S.A. 21-5413(b)(3) or (b)(4), and amendments thereto; and

(E) aggravated vehicular homicide, K.S.A. 21-3405a, prior to its repeal, or vehicular battery, K.S.A. 21-3405b, prior to its repeal, if the crime was committed while committing a violation of K.S.A. 8-1567, and amendments thereto;

(3) "conviction" includes:

(A) Entering into a diversion agreement in lieu of further criminal proceedings on a complaint alleging an offense described in subsection (i)(2); and

(B) conviction of a violation of an ordinance of a city in this state, a resolution of a county in this state or any law of another jurisdiction that would constitute an offense that is comparable to the offense described in subsection (i)(1) or (i)(2);

(4) multiple convictions of any crime described in subsection (i)(1) or (i)(2) arising from the same arrest shall only be counted as one conviction;

(5) it is irrelevant whether an offense occurred before or after conviction for a previous offense; and

(6) a person may enter into a diversion agreement in lieu of further criminal proceedings for a violation of this section, and amendments thereto, or an ordinance which prohibits the acts of this section, and amendments thereto, only once during the person's lifetime.

(j) For the purposes of determining whether an offense is comparable, the following shall be considered:

(1) The name of the out-of-jurisdiction offense;

(2) the elements of the out-of-jurisdiction offense; and

(3) whether the out-of-jurisdiction offense prohibits similar conduct to the conduct prohibited by the closest approximate Kansas offense.

(k) Upon conviction of a person of a violation of this section or a violation of a city ordinance or county resolution prohibiting the acts prohibited by this section, the division, upon receiving a report of conviction, shall suspend, restrict or suspend and restrict the person's driving privileges as provided by K.S.A. 8-1014, and amendments thereto.

(l) (1) Nothing contained in this section shall be construed as preventing any city from enacting ordinances, or any county from adopting resolutions, declaring acts prohibited or made unlawful by this act as unlawful or prohibited in such city or county and prescribing penalties for violation thereof.

(2) The minimum penalty prescribed by any such ordinance or resolution shall not be less than the minimum penalty prescribed by this section for the same violation, and the maximum penalty in any such ordinance or resolution shall not exceed the maximum penalty prescribed for the same violation.

(3) On and after July 1, 2007, and retroactive for ordinance violations committed on or after July 1, 2006, an ordinance may grant to a municipal court jurisdiction over a violation of such ordinance which is concurrent with the jurisdiction of the district court over a violation of this section, notwithstanding that the elements of such ordinance violation are the same as the elements of a violation of this section that would constitute, and be punished as, a felony.

(4) Any such ordinance or resolution shall authorize the court to order that the convicted person pay restitution to any victim who suffered loss due to the violation for which the person was convicted.

(m) (1) Upon the filing of a complaint, citation or notice to appear alleging a person has violated a city ordinance prohibiting the acts prohibited by this section, and prior to conviction thereof, a city attorney shall request and shall receive from the:

(A) Division a record of all prior convictions obtained against such person for any violations of any of the motor vehicle laws of this state; and

(B) Kansas bureau of investigation central repository all criminal history record information concerning such person.

(2) If the elements of such ordinance violation are the same as the elements of a violation of this section that would constitute, and be punished as, a felony, the city attorney shall refer the violation to the appropriate county or district attorney for prosecution.

(n) No plea bargaining agreement shall be entered into nor shall any judge approve a plea bargaining agreement entered into for the purpose of permitting a person charged with a violation of this section, or a violation of any ordinance of a city or resolution of any county in this state which prohibits the acts prohibited by this section, to avoid the mandatory penalties established by this section or by the ordinance. For the purpose of this subsection, entering into a diversion agreement pursuant to K.S.A. 12-4413 et seq. or 22-2906 et seq., and amendments thereto, shall not constitute plea bargaining. This subsection shall not be construed to prohibit an amendment or dismissal of any charge where the admissible evidence is not sufficient to support a conviction beyond a reasonable doubt on such charge.

(o) The alternatives set out in subsection (a) may be pleaded in the alternative, and the state, city or county may, but shall not be required to, elect one or more of such alternatives prior to submission of the case to the fact finder.

(p) As used in this section:

(1) "Alcohol concentration" means the number of grams of alcohol per 100 milliliters of blood or per 210 liters of breath;

(2) "imprisonment" includes any restrained environment in which the court and law enforcement agency intend to retain custody and control of a ~~defendant~~ person and such environment has been approved by the board of county commissioners or the governing body of a city; and

(3) "drug" includes toxic vapors as such term is defined in K.S.A. 21-5712, and amendments thereto.

(q) (1) The amount of the increase in fines as specified in this section shall be remitted by the clerk of the district court to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of remittance of the increase provided in this act, the state treasurer shall deposit the entire amount in the state treasury and the state treasurer shall credit 50% to the community alcoholism and intoxication programs fund and 50% to the department of corrections alcohol and drug abuse treatment fund, which is hereby created in the state treasury.

(2) On and after July 1, 2011, the amount of \$250 from each fine imposed pursuant to this section shall be remitted by the clerk of the district court to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall credit the entire amount to the community corrections supervision fund established by K.S.A. 75-52,113, and amendments thereto.

Sec. 2. On and after July 1, 2024, K.S.A. 12-4517 is hereby amended to read as follows: 12-4517. The provisions of this section shall not apply to persons convicted of violating municipal ordinance provisions that prohibit the acts prohibited by K.S.A. 8-235 or 40-3104, and amendments thereto.

(2) The municipal court judge shall ensure that all persons arrested or charged with a violation of a city ordinance prohibiting the acts prohibited by K.S.A. 8-2,144 or 8-1567, and amendments thereto, are fingerprinted and processed at the time of booking or first appearance, whichever occurs first.

(b) The municipal court judge shall order the individual to be fingerprinted at an appropriate location as determined by the municipal court judge. Failure of the person to be fingerprinted after court order issued by the municipal judge shall constitute contempt of court. (6) As used in this subsection, "sexually motivated" means that one of the purposes for which the defendant committed the crime was for the purpose of the defendant's sexual gratification.

(e) If an inmate is sentenced to imprisonment for a crime committed while on parole or conditional release, the inmate shall be eligible for parole as provided by subsection (c), except that the prisoner review board may postpone the inmate's parole eligibility date by assessing a penalty not exceeding the period of time which could have been assessed if the inmate's parole or conditional release had been violated for reasons other than conviction of a crime.

(f) If a person is sentenced to prison for a crime committed on or after July 1, 1993, while on probation, parole, conditional release or in a community corrections program, for a crime committed prior to July 1, 1993, and the person is not eligible for retroactive application of the sentencing guidelines and amendments thereto pursuant to K.S.A. 21-4724, prior to its repeal, the new sentence shall not be aggregated with the old sentence, but shall begin when the person is paroled or reaches the conditional release date on the old sentence. If the offender was past the offender's conditional release date at the time the new offense was committed, the new sentence shall not be aggregated with the old sentence but shall begin when the person is ordered released by the prisoner review board or reaches the maximum sentence expiration date on the old sentence, whichever is earlier. The new sentence shall then be served as otherwise provided by law. The period of postrelease supervision shall be based on the new sentence, except that those offenders whose old sentence is a term of imprisonment for life, imposed pursuant to K.S.A. 1993 Supp. 21-4628, prior to its repeal, or an indeterminate sentence with a maximum term of life imprisonment, for which there is no conditional release or maximum sentence expiration date, shall remain on postrelease supervision for life or until discharged from supervision by the prisoner review board.

(g) Subject to the provisions of this section, the prisoner review board may release on parole those persons confined in institutions who are eligible for parole when: (1) The board believes that the inmate should be released for hospitalization, deportation or to answer the warrant or other process of a court and is of the opinion that there is reasonable probability that the inmate can be released without detriment to the community or to the inmate; or (2) the secretary of corrections has reported to the board in writing that the inmate has satisfactorily completed the programs required by any agreement entered under K.S.A. 75-5210a, and amendments thereto, or any revision of such agreement, and the board believes that the inmate is able and willing to fulfill the obligations of a law abiding citizen and is of the opinion that there is reasonable probability that the inmate can be released without detriment to the community or to the inmate. Parole shall not be granted as an award of clemency and shall not be considered a reduction of sentence or a pardon.

(h) The prisoner review board shall hold a parole hearing at least the month prior to the month an inmate will be eligible for parole under subsections (a), (b) and (c). At least one month preceding the parole hearing, the county or district attorney of the county where the inmate was convicted shall give written notice of the time and place of the public comment sessions for the inmate to any victim of the inmate's crime who is alive and whose address is known to the county or district attorney or, if the victim is deceased, to the victim's family if the family's address is known to the county or district attorney. Except as otherwise provided, failure to notify pursuant to this section shall not be a reason to postpone a parole hearing. In the case of any inmate convicted of an off-grid felony or a class A felony, the secretary of corrections shall give written notice of the time and place of the public comment session for such inmate at least one month preceding the public comment session to any victim of such inmate's crime or the victim's family pursuant to K.S.A. 74-7338, and amendments thereto. If notification is not given to such victim or such victim's family in the case of any inmate convicted of an off-grid felony or a class A felony, the board shall postpone a decision on parole of the inmate to a time at least 30 days after notification is given as provided in this section. Nothing in this section shall create a cause of action against the state or an employee of the state acting within the scope of the employee's employment as a result of the failure to notify pursuant to this section. If granted parole, the inmate may be released on parole on the date specified by the board, but not earlier than the date the inmate is eligible for parole under subsections (a), (b) and (c). At each parole hearing and, if parole is not granted, at such intervals thereafter as it determines appropriate, the board shall consider: (1) Whether the inmate has satisfactorily completed the programs required by any agreement entered under K.S.A. 75-5210a, and amendments thereto, or any revision of such agreement; and (2) all pertinent information regarding such inmate, including, but not limited to, the circumstances of the offense of the inmate; the presentence report; the previous social history and criminal record of the inmate; the conduct, employment, and attitude of the inmate in prison; the reports of such physical and mental examinations as have been made, including, but not limited to, risk factors revealed by any risk assessment of the inmate; comments of the victim and the victim's family including in person comments, contemporaneous comments and prerecorded comments made by any technological means; comments of the public; official comments; any recommendation by the staff of the facility where the inmate is incarcerated; proportionality of the time the inmate has served to the sentence a person

would receive under the Kansas sentencing guidelines for the conduct that resulted in the inmate's incarceration; and capacity of state correctional institutions.

(i) In those cases involving inmates sentenced for a crime committed after July 1, 1993, the prisoner review board will review the inmate's proposed release plan. The board may schedule a hearing if they desire. The board may impose any condition they deem necessary to insure public safety, aid in the reintegration of the inmate into the community, or items not completed under the agreement entered into under K.S.A. 75-5210a, and amendments thereto. The board may not advance or delay an inmate's release date. Every inmate while on postrelease supervision shall remain in the legal custody of the secretary of corrections and is subject to the orders of the secretary.

(j) (1) Before ordering the parole of any inmate, the prisoner review board shall have the inmate appear either in person or via a video conferencing format and shall interview the inmate unless impractical because of the inmate's physical or mental condition or absence from the institution. Every inmate while on parole shall remain in the legal custody of the secretary of corrections and is subject to the orders of the secretary. Whenever the board formally considers placing an inmate on parole and no agreement has been entered into with the inmate under K.S.A. 75-5210a, and amendments thereto, the board shall notify the inmate in writing of the reasons for not granting parole. If an agreement has been entered under K.S.A. 75-5210a, and amendments thereto, and the inmate has not satisfactorily completed the programs specified in the agreement, or any revision of such agreement, the board shall notify the inmate in writing of the specific programs the inmate must satisfactorily complete before parole will be granted. If parole is not granted only because of a failure to satisfactorily complete such programs, the board shall grant parole upon the secretary's certification that the inmate has successfully completed such programs. If an agreement has been entered under K.S.A. 75-5210a, and amendments thereto, and the secretary of corrections has reported to the board in writing that the inmate has satisfactorily completed the programs required by such agreement, or any revision thereof, the board shall not require further program participation. However, if the board determines that other pertinent information regarding the inmate warrants the inmate's not being released on parole, the board shall state in writing the reasons for not granting the parole. If parole is denied for an inmate sentenced for a crime other than a class A or class B felony or an off-grid felony, the board shall hold another parole hearing for the inmate not later than one year after the denial unless the board finds that it is not reasonable to expect that parole would be granted at a hearing if held in the next three years or during the interim period of a deferral. In such case, the board may defer subsequent parole hearings for up to three years but any such deferral by the board shall require the board to state the basis for its findings. If parole is denied for an inmate sentenced for a class A or class B felony or an off-grid felony, the board shall hold another parole hearing for the inmate not later than three years after the denial unless the board finds that it is not reasonable to expect that parole would be granted at a hearing if held in the next 10 years or during the interim period of a deferral. In such case, the board may defer subsequent parole hearings for up to 10 years, but any such deferral shall require the board to state the basis for its findings.

(2) Inmates sentenced for a class A or class B felony who have not had a board hearing in the five years prior to July 1, 2010, shall have such inmates' cases reviewed by the board on or before July 1, 2012. Such review shall begin with the inmates with

the oldest deferral date and progress to the most recent. Such review shall be done utilizing existing resources unless the board determines that such resources are insufficient. If the board determines that such resources are insufficient, then the provisions of this paragraph are subject to appropriations therefor.

(k) (1) Parolees and persons on postrelease supervision shall be assigned, upon release, to the appropriate level of supervision pursuant to the criteria established by the secretary of corrections.

(2) Parolees and persons on postrelease supervision are, and shall agree in writing to be, subject to searches of the person and the person's effects, vehicle, residence and property by a parole officer or a department of corrections enforcement, apprehension and investigation officer, at any time of the day or night, with or without a search warrant and with or without cause. Nothing in this subsection shall be construed to authorize such officers to conduct arbitrary or capricious searches or searches for the sole purpose of harassment.

(3) Parolees and persons on postrelease supervision are, and shall agree in writing to be, subject to searches of the person and the person's effects, vehicle, residence and property by any law enforcement officer based on reasonable suspicion of the person violating conditions of parole or postrelease supervision or reasonable suspicion of criminal activity. Any law enforcement officer who conducts such a search shall submit a written report to the appropriate parole officer no later than the close of the next business day after such search. The written report shall include the facts leading to such search, the scope of such search and any findings resulting from such search.

(l) The prisoner review board shall promulgate rules and regulations in accordance with K.S.A. 77-415 et seq., and amendments thereto, not inconsistent with the law and as it may deem proper or necessary, with respect to the conduct of parole hearings, postrelease supervision reviews, revocation hearings, orders of restitution, reimbursement of expenditures by the state board of indigents' defense services and other conditions to be imposed upon parolees or releasees. Whenever an order for parole or postrelease supervision is issued it shall recite the conditions thereof.

(m) Whenever the prisoner review board orders the parole of an inmate or establishes conditions for an inmate placed on postrelease supervision, the board shall require that the inmate:

~~(1) Unless it finds compelling circumstances that would render a plan of payment unworkable, shall order as a condition of parole or postrelease supervision that the parolee or the person on postrelease supervision pay any transportation expenses resulting from returning the parolee or the person on postrelease supervision to this state to answer criminal charges or a warrant for a violation of a condition of probation, assignment to a community correctional services program, parole, conditional release or postrelease supervision;~~

~~(2) to the extent practicable, shall order as a condition of parole or postrelease supervision that the parolee or the person on postrelease supervision make progress towards or successfully complete the equivalent of a secondary education if the inmate has not previously completed such educational equivalent and is capable of doing so;~~

~~(3) may order that the parolee or person on postrelease supervision perform community or public service work for local governmental agencies, private corporations organized not for profit or charitable or social service organizations performing services for the community; Obey all laws and ordinances and report any law enforcement~~

(2) not engage in physical violence or threats of violence of any kind and, if the inmate is being supervised for conviction of a felony, not purchase or possess a dangerous weapon, including a firearm, while on supervision;

(3) report to the inmate's supervision officer as directed and be truthful in all matters;

(4) remain within the state of Kansas or other specified areas as defined by the defendant's supervision officer;

(7) not possess or consume any form of alcohol or intoxicating substance or enter any establishment where alcohol is sold or consumed as the primary business;

(8) submit to any form of alcohol or substance use testing directed by the inmate's supervision officer and not alter or tamper with the specimen or test;

(9) participate in assessment, treatment, programming and other directives of the court or the inmate's supervision officer;

(10) submit to searches of the person and the person's effects, vehicle, residence and property by a parole officer or a department of corrections enforcement, apprehension and investigation officer, at any time of the day or night, with or without a search warrant and with or without cause, except that nothing in this paragraph shall be construed to authorize such officers to conduct arbitrary or capricious searches or searches for the sole purpose of harassment;

(11) submit to searches of the person and the person's effects, vehicle, residence and property by any law enforcement officer based on reasonable suspicion of the person violating conditions of parole or postrelease supervision or reasonable suspicion of criminal activity;

(12) refrain from contacting victims unless authorized by the board to contact a victim as part of rehabilitative or therapeutic purposes;

~~(4)(13) may order the parolee or person on postrelease supervision to pay the administrative fee imposed pursuant to K.S.A. 22-4529, and amendments thereto, unless the board finds compelling circumstances that would render payment unworkable; and~~

~~(5)(14) unless the board finds compelling circumstances that would render a plan of payment unworkable, shall order that the parolee or person on postrelease supervision reimburse the state for all or part of the expenditures by the state board of indigents' defense services to provide counsel and other defense services to the person. In determining the amount and method of payment of such sum, the prisoner review board shall take account of the financial resources of the person and the nature of the burden that the payment of such sum will impose. Such amount shall not exceed the amount claimed by appointed counsel on the payment voucher for indigents' defense services or the amount prescribed by the board of indigents' defense services reimbursement tables as provided in K.S.A. 22-4522, and amendments thereto, whichever is less, minus any previous payments for such services;~~

~~(6)~~ shall order that the parolee or person on postrelease supervision agree in writing to be subject to searches of the person and the person's effects, vehicle, residence and property by a parole officer or a department of corrections enforcement, apprehension and investigation officer, at any time of the day or night, with or without a search warrant and with or without cause. Nothing in this subsection shall be construed to authorize such officers to conduct arbitrary or capricious searches or searches for the sole purpose of harassment; and

~~(7)~~ shall order that the parolee or person on postrelease supervision agree in writing to be subject to searches of the person and the person's effects, vehicle, residence and property by any law enforcement officer based on reasonable suspicion of the person violating conditions of parole or postrelease supervision or reasonable suspicion of criminal activity.

~~(n)~~ Any law enforcement officer who conducts a search pursuant to subsection (m) (11) shall submit a written report to the inmate's parole officer not later than the close of business the next day after such search is conducted. The written report shall include the facts leading to such search, the scope of such search and any findings resulting from such search.

~~(o)~~ If the court that sentenced an inmate specified at the time of sentencing the amount and the recipient of any restitution ordered as a condition of parole or postrelease supervision, the prisoner review board shall order as a condition of parole or postrelease supervision that the inmate pay restitution in the amount and manner provided in the journal entry unless the board finds compelling circumstances that would render a plan of restitution unworkable.

~~(p)~~ Whenever the prisoner review board grants the parole of an inmate, the board, within 14 days of the date of the decision to grant parole, shall give written notice of the decision to the county or district attorney of the county where the inmate was sentenced.

Journal of the Senate

SIXTY-FIFTH DAY

SENATE CHAMBER, TOPEKA, KANSAS
Tuesday, April 30, 2024, 9:00 a.m.

The Senate was called to order by President Ty Masterson.

The roll was called with 40 senators present.

The President introduced Doug Henkle, to deliver the invocation:

Heavenly Father, Thank You for the tremendous blessing it is to come before Your throne this morning. As our work concludes, I ask again that You would give us peace. Peace, not necessarily the absence of conflict but rather Your presence, Jesus, which creates a stillness within us that is greater than what's going on around us.

Father, I pray that we would each be peacemakers. Peacemakers who release tension rather than intensify it, who seek solutions and find no delight in arguments. Peacemakers who calm the waters rather than trouble them, who generate more light than heat.

We have been reminded by the prophet Isaiah that "You will keep in perfect peace all who trust in You, all whose thoughts are fixed on You!" Father, I ask that we trust You and that You fix our thoughts on You, that we might experience Your perfect peace. I pray that You would cause a bond of common purpose to unite this body and that Your peace would be over the Kansas Senate.

Despite our high-tech world and efficient procedures, people remain the essential ingredient of life. Lord, I pray for friendly relations within this chamber. Cause each member of this body to think before they speak, aware that their words will not be overlooked or easily erased. Cause each Senator to address the closing issues of this session, to the best of their ability, in a diplomatic and honorable way.

I pray that all of these Senators, who You love dearly, would have confidence in You, that You are at work, that You are in full control and that You are in the midst of all that happens here. Because of that, dear Father, give them a sense of satisfaction and peace as they conclude this session. I pray that, as You have commanded us, we would love one another as You have loved us, despite differing views and approaches to the issues at hand.

I lift President Masterson, Vice President Wilborn, Majority Leader Alley and Minority Leader Sykes to You. Bless them with Your wisdom, Your knowledge and Your understanding as they lead this chamber, this session, to a beneficial resolution. In Jesus' Name, Amen.

The Pledge of Allegiance was led by President Masterson.

POINT OF PERSONAL PRIVILEGE

Senator Kerschen rose on a Point of Personal Privilege to deliver the following remarks: John Wayne once said "Talk low, talk slow and don't talk too much." That has been my motto while serving in the legislature. I am using that advice today as I say farewell to all of you. I would like to say thank you to Norene who has supported me and shared the work responsibility as I fulfilled the duties of this office. We are a team.

A special thanks to Judy Marks who I have worked with the last 14 years of my 16 years in office. She has always made the Kerschen team look good. Her work ethic is beyond measure. While I have had the opportunity to serve on various committees, serving on and chairing the Ag Committee will always be a highlight for me. I appreciate having that opportunity.

I have a short list of important people I would like to recognize and thank before I leave: God, for allowing me this journey, my family and my colleagues on both sides of the aisle, there are some special ones, and you know who you are, Senate leadership, friends across the rotunda, the Sergeant of Arms and security personnel, Corey and his staff, our great revisors and research staff, Chuck, Vernice, Kenny and all maintenance people who keep this beautiful building clean and operating, the page ladies, the many lobbyists who are now my friends, and last, but not least, the constituents of Senate District 26 who have allowed me the opportunity to represent them.

The following quote by former President George H. W. Bush I used in my campaign material and correspondence sums up my purpose for being here, "For we are given the power not to advance our own purpose, nor make a great show in the world, nor a name. There is but one just use of power, and it is to serve the people." I leave you now with this advise from and old Jim Croce song: "You don't tug on Superman's cape, You don't spit into the wind, You don't pull the mask off the old Lone Ranger," and you don't mess around with Boll Weevils. God bless you all!

(d) *Specified access.* The following persons or entities shall have access to information contained in agency records as specified. Information authorized to be disclosed pursuant to this subsection shall not contain information that identifies a reporter of a child who is alleged or adjudicated to be a child in need of care.

(1) Information from confidential agency records of the Kansas department for children and families, a law enforcement agency or any juvenile intake and assessment worker of a child alleged or adjudicated to be in need of care shall be available to members of the standing house or senate committee on judiciary, house committee on corrections and juvenile justice, house committee on child welfare and foster care, house committee on appropriations, senate committee on ways and means, legislative post audit committee and any joint committee with authority to consider children's and families' issues, when carrying out such member's or committee's official functions in accordance with K.S.A. 75-4319, and amendments thereto, in a closed or executive meeting. Except in limited conditions established by $\frac{2}{3}$ of the members of such committee, records and reports received by the committee shall not be further disclosed. Unauthorized disclosure may subject such member to discipline or censure from the house of representatives or senate. The secretary for children and families shall not summarize the outcome of department actions regarding a child alleged to be a child in need of care in information available to members of such committees.

(2) The secretary for children and families may summarize the outcome of department actions regarding a child alleged to be a child in need of care to a person having made such report.

(3) Information from confidential reports or records of a child alleged or adjudicated to be a child in need of care may be disclosed to the public when:

(A) The individuals involved or their representatives have given express written consent; or

(B) the investigation of the abuse or neglect of the child or the filing of a petition

alleging a child to be in need of care has become public knowledge, ~~provided, however,~~ except that the agency shall limit disclosure to confirmation of procedural details relating to the handling of the case by professionals.

(e) *Law enforcement access.* The secretary shall disclose confidential agency records of a child alleged or adjudicated to be a child in need of care, as described in K.S.A. 38-2209, and amendments thereto, to the law enforcement agency investigating the alleged or substantiated report or investigation of abuse or neglect, regardless of the disposition of such report or investigation. Such records shall include, but not be limited to, any information regarding such report or investigation, records of past reports or investigations concerning such child and such child's siblings and the perpetrator or alleged perpetrator and the name and contact information of the reporter or persons alleging abuse or neglect and case managers, investigators or contracting entity employees assigned to or investigating such report. Such records shall only be used for the purposes of investigating the alleged or substantiated report or investigation of abuse or neglect.

(f) *Court order.* Notwithstanding the provisions of this section, a court of competent jurisdiction, after in camera inspection, may order disclosure of confidential agency records pursuant to a determination that the disclosure is in the best interests of the child who is the subject of the reports or that the records are necessary for the proceedings of the court. The court shall specify the terms of disclosure and impose appropriate limitations.

(g) (1) Notwithstanding any other provision of law to the contrary, except as provided in paragraph (6), in the event that child abuse or neglect results in a child fatality or near fatality, reports or records of a child alleged or adjudicated to be in need of care received by the secretary, a law enforcement agency or any juvenile intake and assessment worker shall become a public record and subject to disclosure pursuant to K.S.A. 45-215, and amendments thereto.

(2) Within seven days of receipt of a request in accordance with the procedures adopted under K.S.A. 45-220, and amendments thereto, the secretary shall notify any affected individual that an open records request has been made concerning such records. The secretary or any affected individual may file a motion requesting the court to prevent disclosure of such record or report, or any select portion thereof. Notice of the filing of such motion shall be provided to all parties requesting the records or reports, and such party or parties shall have a right to hearing, upon request, prior to the entry of any order on such motion. If the affected individual does not file such motion within seven days of notification, and the secretary has not filed a motion, the secretary shall release the reports or records. If such motion is filed, the court shall consider the effect such disclosure may have upon an ongoing criminal investigation, a pending prosecution, or the privacy of the child, if living, or the child's siblings, parents or guardians, and the public's interest in the disclosure of such records or reports. The court shall make written findings on the record justifying the closing of the records and shall provide a copy of the journal entry to the affected parties and the individual requesting disclosure pursuant to the Kansas open records act, K.S.A. 45-215 et seq., and amendments thereto.

(3) Notwithstanding the provisions of paragraph (2), in the event that child abuse or neglect results in a child fatality or criminal charges are filed with a court alleging that a person caused a child fatality, the secretary shall release the following information in

response to an open records request made pursuant to the Kansas open records act, within seven business days of receipt of such request, as allowed by applicable law:

- (A) Age and sex of the child;
- (B) date of the fatality;
- (C) a summary of any previous reports of abuse or neglect received by the secretary involving the child, along with the findings of such reports; and
- (D) any department recommended services provided to the child.

(4) Notwithstanding the provisions of paragraph (2), in the event that a child fatality occurs while such child was in the custody of the secretary for children and families, the secretary shall release the following information in response to an open records request made pursuant to the Kansas open records act, within seven business days of receipt of such request, as allowed by applicable law:

- (A) Age and sex of the child;
- (B) date of the fatality; and

(5) For reports or records requested pursuant to this subsection, the time limitations specified in this subsection shall control to the extent of any inconsistency between this subsection and K.S.A. 45-218, and amendments thereto. As used in this section, "near fatality" means an act that, as certified by a person licensed to practice medicine and surgery, places the child in serious or critical condition.

(6) Nothing in this subsection shall allow the disclosure of reports, records or documents concerning the child and such child's biological parents that were created prior to such child's adoption. Nothing herein is intended to require that an otherwise privileged communication lose its privileged character.

Sec. 7. K.S.A. 2023 Supp. 38-2243 is hereby amended to read as follows: 38-2243.

(a) Upon notice and hearing, the court may issue an order directing who shall have temporary custody and may modify the order during the pendency of the proceedings as will best serve the child's welfare.

(b) A hearing pursuant to this section shall be held within 72 hours, excluding Saturdays, Sundays, legal holidays, and days on which the office of the clerk of the court is not accessible, following a child having been taken into protective custody.

(c) Whenever it is determined that a temporary custody hearing is required, the court shall immediately set the time and place for the hearing. Notice of a temporary custody hearing shall be given to all parties and interested parties.

(d) Notice of the temporary custody hearing shall be given at least 24 hours prior to the hearing. The court may continue the hearing to afford the 24 hours prior notice or, with the consent of the party or interested party, proceed with the hearing at the designated time. If an order of temporary custody is entered and the parent or other person having custody of the child has not been notified of the hearing, did not appear or waive appearance and requests a rehearing, the court shall rehear the matter without unnecessary delay.

(e) Oral notice may be used for giving notice of a temporary custody hearing where there is insufficient time to give written notice. Oral notice is completed upon filing a certificate of oral notice.

(f) The court may enter an order of temporary custody after determining there is probable cause to believe that the:

- (1) Child is dangerous to self or to others;

(2) child is not likely to be available within the jurisdiction of the court for future proceedings;

(3) health or welfare of the child may be endangered without further care;

(4) child has been subjected to human trafficking or aggravated human trafficking, as defined by K.S.A. 21-5426, and amendments thereto, or commercial sexual exploitation of a child, as defined by K.S.A. 21-6422, and amendments thereto;

(5) child is experiencing a ~~mental~~ behavioral health crisis and is in need of treatment; or

(6) child committed an act which, if committed by an adult, would constitute a violation of K.S.A. 21-6419, and amendments thereto.

(g) (1) Whenever the court determines the necessity for an order of temporary custody the court may place the child in the temporary custody of:

(A) A parent or other person having custody of the child and may enter a restraining order pursuant to subsection (h);

(B) a person, other than the parent or other person having custody, who shall not be required to be licensed under article 5 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto;

(C) a youth residential facility;

(D) a shelter facility;

(E) a staff secure facility, notwithstanding any other provision of law, if the child has been subjected to human trafficking or aggravated human trafficking, as defined by K.S.A. 21-5426, and amendments thereto, or commercial sexual exploitation of a child, as defined by K.S.A. 21-6422, and amendments thereto, or the child committed an act which, if committed by an adult, would constitute a violation of K.S.A. 21-6419, and amendments thereto;

(F) after written authorization by a community mental health center, a juvenile crisis intervention center, as described in K.S.A. 65-536, and amendments thereto; or

(G) the secretary, if the child is 15 years of age or younger, or 16 or 17 years of age if the child has no identifiable parental or family resources or shows signs of physical, mental, emotional or sexual abuse.

(2) If the secretary presents the court with a plan to provide services to a child or family which the court finds will assure the safety of the child, the court may only place the child in the temporary custody of the secretary until the court finds the services are in place. The court shall have the authority to require any person or entity agreeing to participate in the plan to perform as set out in the plan. When the child is placed in the temporary custody of the secretary, the secretary shall have the discretionary authority to place the child with a parent or to make other suitable placement for the child. When the child is placed in the temporary custody of the secretary and the child has been subjected to human trafficking or aggravated human trafficking, as defined by K.S.A. 21-5426, and amendments thereto, or commercial sexual exploitation of a child, as defined by K.S.A. 21-6422, and amendments thereto, or the child committed an act which, if committed by an adult, would constitute a violation of K.S.A. 21-6419, and amendments thereto, the secretary shall have the discretionary authority to place the child in a staff secure facility, notwithstanding any other provision of law. When the child is presently alleged, but not yet adjudicated to be a child in need of care solely pursuant to K.S.A. 38-2202(d)(9) or (d)(10), and amendments thereto, the child may be placed in a secure facility, but the total amount of time that the child may be held in

such facility under this section and K.S.A. 38-2242, and amendments thereto, shall not exceed 24 hours, excluding Saturdays, Sundays, legal holidays, and days on which the office of the clerk of the court is not accessible. The order of temporary custody shall remain in effect until modified or rescinded by the court or an adjudication order is entered but not exceeding 60 days, unless good cause is shown and stated on the record.

(h) If the court issues an order of temporary custody, the court may also enter an order restraining any alleged perpetrator of physical, sexual, mental or emotional abuse of the child from residing in the child's home; visiting, contacting, harassing or intimidating the child; or attempting to visit, contact, harass or intimidate the child, other family members or witnesses. Such restraining order shall be served by personal service pursuant to K.S.A. 38-2237(a), and amendments thereto, on any alleged perpetrator to whom the order is directed.

(i) (1) The court shall not enter the initial order removing a child from the custody of a parent pursuant to this section unless the court first finds probable cause that:

(A) (i) The child is likely to sustain harm if not immediately removed from the home;

(ii) allowing the child to remain in home is contrary to the welfare of the child; or

(iii) immediate placement of the child is in the best interest of the child; and

(B) reasonable efforts have been made to maintain the family unit and prevent the unnecessary removal of the child from the child's home or that an emergency exists which threatens the safety to the child.

(2) Such findings shall be included in any order entered by the court. If the child is placed in the custody of the secretary, upon making the order the court shall provide the secretary with a written copy.

(j) If the court enters an order of temporary custody that provides for placement of the child with a person other than the parent, the court shall make a child support determination pursuant to K.S.A. 38-2277, and amendments thereto.

(k) For the purposes of this section, "harassing or intimidating" and "harass or intimidate" includes, but is not limited to, utilizing any electronic tracking system or acquiring tracking information to determine the targeted person's location, movement or travel patterns.

Sec. 8. K.S.A. 44-706, as amended by section 12 of 2024 House Bill No. 2760, is hereby amended to read as follows: 44-706. The secretary shall examine whether an individual has separated from employment for each week claimed. The secretary shall apply the provisions of this section to the individual's most recent employment prior to the week claimed. An individual shall be disqualified for benefits:

(a) If the individual left work voluntarily without good cause attributable to the work or the employer, subject to the other provisions of this subsection. For purposes of this subsection, "good cause" is cause of such gravity that would impel a reasonable, not supersensitive, individual exercising ordinary common sense to leave employment. Good cause requires a showing of good faith of the individual leaving work, including the presence of a genuine desire to work. Failure to return to work after expiration of approved personal or medical leave, or both, shall be considered a voluntary resignation. After a temporary job assignment, failure of an individual to affirmatively request an additional assignment on the next succeeding workday, if required by the employment agreement, after completion of a given work assignment, shall constitute leaving work voluntarily. The disqualification shall begin the day following the

separation and shall continue until after the individual has become reemployed and has had earnings from insured work of at least three times the individual's weekly benefit amount. An individual shall not be disqualified under this subsection if:

(1) The individual was forced to leave work because of illness or injury upon the advice of a licensed and practicing healthcare provider and, upon learning of the necessity for absence, immediately notified the employer thereof, or the employer consented to the absence, and after recovery from the illness or injury, when recovery was certified by a practicing health care provider, the individual returned to the employer and offered to perform services and the individual's regular work or comparable and suitable work was not available. As used in this paragraph "healthcare provider" means any person licensed by the proper licensing authority of any state to engage in the practice of medicine and surgery, osteopathy, chiropractic, dentistry, optometry, podiatry or psychology;

(2) the individual left temporary work to return to the regular employer;

(3) the individual left work to enter active service in the armed forces of the United States but was rejected or delayed from entry;

(4) The spouse of an individual who is a member of the armed forces of the United States who left work because of the voluntary or involuntary transfer of the individual's spouse from one job to another job that is for the same employer or for a different employer, at a geographic location that makes it unreasonable for the individual to continue work at the individual's job. For the purposes of this provision "member of the armed forces" means a person performing active service in the army, navy, marine corps, air force, space force, coast guard or any component of the military reserves of the United States;

(5) the individual left work because of hazardous working conditions; in determining whether or not working conditions are hazardous for an individual, the degree of risk involved to the individual's health, safety and morals, the individual's physical fitness and prior training and the working conditions of workers engaged in the same or similar work for the same and other employers in the locality shall be considered; as used in this paragraph, "hazardous working conditions" means working conditions that could result in a danger to the physical or mental well-being of the individual; each determination as to whether hazardous working conditions exist shall include, but shall not be limited to, a consideration of: (A) The safety measures used or the lack thereof; and (B) the condition of equipment or lack of proper equipment; no work shall be considered hazardous if the working conditions surrounding the individual's work are the same or substantially the same as the working conditions generally prevailing among individuals performing the same or similar work for other employers engaged in the same or similar type of activity;

(6) the individual left work to enter training approved under section 236(a)(1) of the federal trade act of 1974, provided the work left is not of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for purposes of the federal trade act of 1974, and wages for such work are not less than 80% of the individual's average weekly wage as determined for the purposes of the federal trade act of 1974;

(7) the individual left work because of unwelcome harassment of the individual by the employer or another employee of which the employing unit had knowledge and that would impel the average worker to give up such worker's employment;

(8) the individual left work to accept better work; each determination as to whether or not the work accepted is better work shall include, but shall not be limited to, consideration of: (A) The rate of pay, the hours of work and the probable permanency of the work left as compared to the work accepted; (B) the cost to the individual of getting to the work left in comparison to the cost of getting to the work accepted; and (C) the distance from the individual's place of residence to the work accepted in comparison to the distance from the individual's residence to the work left;

(9) the individual left work as a result of being instructed or requested by the employer, a supervisor or a fellow employee to perform a service or commit an act in the scope of official job duties that is in violation of an ordinance or statute;

(10) the individual left work because of a substantial violation of the work agreement by the employing unit and, before the individual left, the individual had exhausted all remedies provided in such agreement for the settlement of disputes before terminating. For the purposes of this paragraph, a demotion based on performance does not constitute a violation of the work agreement;

(11) after making reasonable efforts to preserve the work, the individual left work due to a personal emergency of such nature and compelling urgency that it would be contrary to good conscience to impose a disqualification; or

(12) (A) the individual left work due to circumstances resulting from domestic violence, including:

(i) The individual's reasonable fear of future domestic violence at or en route to or from the individual's place of employment;

(ii) the individual's need to relocate to another geographic area in order to avoid future domestic violence;

(iii) the individual's need to address the physical, psychological and legal impacts of domestic violence;

(iv) the individual's need to leave employment as a condition of receiving services or shelter from an agency that provides support services or shelter to victims of domestic violence; or

(v) the individual's reasonable belief that termination of employment is necessary to avoid other situations that may cause domestic violence and to provide for the future safety of the individual or the individual's family.

(B) An individual may prove the existence of domestic violence by providing one of the following:

(i) A restraining order or other documentation of equitable relief by a court of competent jurisdiction;

(ii) a police record documenting the abuse;

(iii) documentation that the abuser has been convicted of one or more of the offenses enumerated in articles 34 and 35 of chapter 21 of the Kansas Statutes Annotated, prior to their repeal, or articles 54 or 55 of chapter 21 of the Kansas Statutes Annotated, or K.S.A. 21-6104, 21-6325, 21-6326 or 21-6418 through 21-6422, and amendments thereto, where the victim was a family or household member;

(iv) medical documentation of the abuse;

(v) a statement provided by a counselor, social worker, health care provider, clergy, shelter worker, legal advocate, domestic violence or sexual assault advocate or other professional who has assisted the individual in dealing with the effects of abuse on the individual or the individual's family; or

(vi) a sworn statement from the individual attesting to the abuse.

(C) No evidence of domestic violence experienced by an individual, including the individual's statement and corroborating evidence, shall be disclosed by the department of labor unless consent for disclosure is given by the individual.

(b) If the individual has been discharged or suspended for misconduct connected with the individual's work. The disqualification shall begin the day following the separation and shall continue until after the individual becomes reemployed and in cases where the disqualification is due to discharge for misconduct has had earnings from insured work of at least three times the individual's determined weekly benefit amount, except that if an individual is discharged for gross misconduct connected with the individual's work, such individual shall be disqualified for benefits until such individual again becomes employed and has had earnings from insured work of at least eight times such individual's determined weekly benefit amount. In addition, all wage credits attributable to the employment from which the individual was discharged for gross misconduct connected with the individual's work shall be canceled. No such cancellation of wage credits shall affect prior payments made as a result of a prior separation.

(1) As used in this subsection, "misconduct" means a violation of a duty or obligation reasonably owed the employer as a condition of employment including, but not limited to, a violation of a company rule, including a safety rule, if: (A) The individual knew or should have known about the rule; (B) the rule was lawful and reasonably related to the job; and (C) the rule was fairly and consistently enforced.

(2) (A) Failure of the employee to notify the employer of an absence and an individual's leaving work prior to the end of such individual's assigned work period without permission shall be considered prima facie evidence of a violation of a duty or obligation reasonably owed the employer as a condition of employment.

(B) For the purposes of this subsection, misconduct shall include, but not be limited to, violation of the employer's reasonable attendance expectations if the facts show:

- (i) The individual was absent or tardy without good cause;
- (ii) the individual had knowledge of the employer's attendance expectation; and
- (iii) the employer gave notice to the individual that future absence or tardiness may or will result in discharge.

(C) For the purposes of this subsection, if an employee disputes being absent or tardy without good cause, the employee shall present evidence that a majority of the employee's absences or tardiness were for good cause. If the employee alleges that the employee's repeated absences or tardiness were the result of health related issues, such evidence shall include documentation from a licensed and practicing healthcare provider as defined in subsection (a)(1).

(3) (A) The term "gross misconduct" as used in this subsection shall be construed to mean conduct evincing extreme, willful or wanton misconduct as defined by this subsection. Gross misconduct shall include, but not be limited to: (i) Theft; (ii) fraud; (iii) intentional damage to property; (iv) intentional infliction of personal injury; or (v) any conduct that constitutes a felony.

 - (2) administered as part of an employee assistance program or other drug or alcohol treatment program in which the employee was participating voluntarily or as a condition of further employment;
 - (3) requested pursuant to a written policy of the employer of which the employee had knowledge and was a required condition of employment;
 - (4) required by law and the test constituted a required condition of employment for the individual's job; or
 - (5) there was reasonable suspicion to believe that the individual used, had possession of, or was impaired by alcoholic liquor, cereal malt beverage or a nonprescribed controlled substance while working;
 - (b) the test sample was collected either:
 - (1) As prescribed by the drug free workplace act, 41 U.S.C. § 701 et seq.;

 - (4) as prescribed by a test that was required by law and which constituted a required condition of employment for the individual's job; or
 - (5) at a time contemporaneous with the events establishing probable cause;
 - (c) the collecting and labeling of a chemical test sample was performed by a licensed health care professional or any other individual certified pursuant to paragraph (b)(3)(A)(iii)(f) or authorized to collect or label test samples by federal or state law, or a federal or state rule or regulation having the force or effect of law, including law enforcement personnel;
 - (d) the chemical test was performed by a laboratory approved by the United States department of health and human services or licensed by the department of health and environment, except that a blood sample may be tested for alcohol content by a laboratory commonly used for that purpose by state law enforcement agencies;
 - (e) the chemical test was confirmed by gas chromatography, gas chromatography-mass spectroscopy or other comparably reliable analytical method, except that no such confirmation is required for a blood alcohol sample or a breath alcohol test;
 - (f) the breath alcohol test was administered by an individual trained to perform breath tests, the breath testing instrument used was certified and operated strictly according to a description provided by the manufacturers and the reliability of the instrument performance was assured by testing with alcohol standards; and
 - (g) the foundation evidence establishes, beyond a reasonable doubt, that the test results were from the sample taken from the individual;
- (iv) an individual's refusal to submit to a chemical test or breath alcohol test, if:
 - (a) The test meets the standards of the drug free workplace act, 41 U.S.C. § 701 et seq.;

(b) the test was administered as part of an employee assistance program or other drug or alcohol treatment program in which the employee was participating voluntarily or as a condition of further employment;

(c) the test was otherwise required by law and the test constituted a required condition of employment for the individual's job;

(d) the test was requested pursuant to a written policy of the employer of which the employee had knowledge and was a required condition of employment; or

(e) there was reasonable suspicion to believe that the individual used, possessed or was impaired by alcoholic liquor, cereal malt beverage or a nonprescribed controlled substance while working; and

(v) an individual's dilution or other tampering of a chemical test.

(C) For purposes of this subsection:

(4) An individual shall not be disqualified under this subsection if the individual is discharged under the following circumstances:

(A) The employer discharged the individual after learning the individual was seeking other work or when the individual gave notice of future intent to quit, except that the individual shall be disqualified after the time that such individual intended to quit and any individual who commits misconduct after such individual gives notice to such individual's intent to quit shall be disqualified;

(c) If the individual has failed, without good cause, to either apply for suitable work when so directed by the employment office of the secretary of labor, or to accept suitable work when offered to the individual by the employment office, the secretary of labor, or an employer, such disqualification shall begin with the week in which such failure occurred and shall continue until the individual becomes reemployed and has had earnings from insured work of at least three times such individual's determined weekly benefit amount. In determining whether or not any work is suitable for an individual, the secretary of labor, or a person or persons designated by the secretary, shall consider the degree of risk involved to health, safety and morals, physical fitness and prior training, experience and prior earnings, length of unemployment and prospects for securing local work in the individual's customary occupation or work for which the individual is reasonably fit by training or experience, and the distance of the available work from the individual's residence. Notwithstanding any other provisions of this act, an otherwise eligible individual shall not be disqualified for refusing an offer of suitable employment, or failing to apply for suitable employment when notified by an employment office, or for leaving the individual's most recent work accepted during approved training, including training approved under section 236(a)(1) of the trade act of 1974, if the acceptance of or applying for suitable employment or continuing such work would require the individual to terminate approved training and no work shall be deemed suitable and benefits shall not be denied under this act to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(d) For any week with respect to which the secretary of labor, or a person or persons designated by the secretary, finds that the individual's unemployment is due to a stoppage of work that exists because of a labor dispute or there would have been a work stoppage had normal operations not been maintained with other personnel previously and currently employed by the same employer at the factory, establishment or other premises at which the individual is or was last employed, except that this subsection (d) shall not apply if it is shown to the satisfaction of the secretary of labor, or a person or

persons designated by the secretary, that:

(1) The individual is not participating in or financing or directly interested in the labor dispute that caused the stoppage of work; and

Sec. 13. On and after July 1, 2024, K.S.A. 79-1479 is hereby amended to read as follows: 79-1479. (a) On or before January 15, 1992, and quarterly thereafter, the county or district appraiser shall submit to the director of property valuation a progress report indicating actions taken during the preceding quarter calendar year to implement the appraisal of property in the county or district. Whenever the director of property valuation shall determine that any county has failed, neglected or refused to properly provide for the appraisal of property or the updating of the appraisals on an annual basis in substantial compliance with the provisions of law and the guidelines and timetables prescribed by the director, the director shall file with the state board of tax appeals a complaint stating the facts upon which the director has made the determination of noncompliance as provided by K.S.A. 79-1413a, and amendments thereto. If, as a result of such proceeding, the state board of tax appeals finds that the county is not in substantial compliance with the provisions of law and the guidelines and timetables of the director of property valuation providing for the appraisal of all property in the

county or the updating of the appraisals on an annual basis, it shall order the immediate assumption of the duties of the office of county appraiser by the director of the division of property valuation until such time as the director of property valuation determines that the county is in substantial compliance with the provisions of law. ~~In addition, the board shall order the state treasurer to withhold all or a portion of the county's entitlement to moneys from either or both of the local ad valorem tax reduction fund and the city and county revenue sharing fund for the year following the year in which the order is issued.~~ Upon service of any such order on the board of county commissioners, the appraiser shall immediately deliver to the director of property valuation, or the director's designee, all books, records and papers pertaining to the appraiser's office.

Any county for which the director of the division of property valuation is ordered by the state board of tax appeals to assume the responsibility and duties of the office of county appraiser shall reimburse the state for the actual costs incurred by the director of the division of property valuation in the assumption and carrying out of such responsibility and duties, including any contracting costs in the event it is necessary for the director of property valuation to contract with private appraisal firms to carry out such responsibilities and duties.

(b) On or before June 1 of each year, the director of property valuation shall review the appraisal of property in each county or district to determine if property within the county or district is being appraised or valued in accordance with the requirements of law. If the director determines the property in any county or district is not being appraised in accordance with the requirements of law, the director of property valuation shall notify the county or district appraiser and the board of county commissioners of any county or counties affected that the county has 30 days within which to submit to the director a plan for bringing the appraisal of property within the county into compliance.

If a plan is submitted and approved by the director the county or district shall proceed to implement the plan as submitted. The director shall continue to monitor the program to insure that the plan is implemented as submitted. If no plan is submitted or if the director does not approve the plan, the director shall petition the state board of tax appeals for a review of the plan or, if no plan is submitted, for authority for the division of property valuation to assume control of the appraisal program of the county and to proceed to bring the same into compliance with the requirements of law.

If the state board of tax appeals approves the plan, the county or district appraiser shall proceed to implement the plan as submitted. If no plan has been submitted or the plan submitted is not approved, the board shall fix a time within which the county may submit a plan or an amended plan for approval. If no plan is submitted and approved within the time prescribed by the board, the board shall order the division of property valuation to assume control of the appraisal program of the county ~~and shall certify its order to the state treasurer who shall withhold distributions of the county's share of moneys from the county and city revenue sharing fund and the local ad valorem tax reduction fund and credit the same to the general fund of the state for the year following the year in which the board's order is made.~~ The director of property valuation shall certify the amount of the cost incurred by the division in bringing the program in compliance to the state board of tax appeals. The board shall order the county commissioners to reimburse the state for such costs.

(c) The state board of tax appeals shall within 60 days after the publication of the Kansas assessment/sales ratio study review such publication to determine county compliance with K.S.A. 79-1439, and amendments thereto. If in the determination of the board one or more counties are not in substantial compliance and the director of property valuation has not acted under subsection (b), the board shall order the director of property valuation to take such corrective action as is necessary or to show cause for noncompliance.

Sec. 14. On and after July 1, 2024, K.S.A. 2023 Supp. 79-2988 is hereby amended to read as follows: 79-2988. (a) On or before June 15 each year, the county clerk shall calculate the revenue neutral rate for each taxing subdivision and include such revenue neutral rate on the notice of the estimated assessed valuation provided to each taxing subdivision for budget purposes. The director of accounts and reports shall modify the prescribed budget information form to show the revenue neutral rate.

(b) No tax rate in excess of the revenue neutral rate shall be levied by the governing body of any taxing subdivision unless a resolution or ordinance has been approved by the governing body according to the following procedure:

(1) At least 10 days in advance of the public hearing, the governing body shall publish notice of its proposed intent to exceed the revenue neutral rate by publishing notice:

(A) On the website of the governing body, if the governing body maintains a website; and

(B) in a weekly or daily newspaper of the county having a general circulation therein. The notice shall include, but not be limited to, its proposed tax rate, its revenue neutral rate and the date, time and location of the public hearing.

(2) On or before July 20, the governing body shall notify the county clerk of its proposed intent to exceed the revenue neutral rate and provide the date, time and location of the public hearing and its proposed tax rate. For all tax years commencing after December 31, 2021, the county clerk shall notify each taxpayer with property in the taxing subdivision, by mail directed to the taxpayer's last known address, of the proposed intent to exceed the revenue neutral rate at least 10 days in advance of the public hearing. Alternatively, the county clerk may transmit the notice to the taxpayer by electronic means at least 10 days in advance of the public hearing, if such taxpayer and county clerk have consented in writing to service by electronic means. The county clerk shall consolidate the required information for all taxing subdivisions relevant to the taxpayer's property on one notice. The notice shall be in a format prescribed by the director of accounts and reports. The notice shall include, but not be limited to:

(A) The revenue neutral rate of each taxing subdivision relevant to the taxpayer's property;

(B) the proposed property tax revenue needed to fund the proposed budget of the taxing subdivision, if the taxing subdivision notified the county clerk of its proposed intent to exceed its revenue neutral rate;

(C) the proposed tax rate based upon the proposed budget and the current year's total assessed valuation of the taxing subdivision, if the taxing subdivision notified the county clerk of its proposed intent to exceed its revenue neutral rate;

(D) the percentage by which the proposed tax rate exceeds the revenue neutral rate;

(E) the tax rate and property tax of each taxing subdivision on the taxpayer's property from the previous year's tax statement;

(F) the appraised value and assessed value of the taxpayer's property for the current year;

(G) the estimates of the tax for the current tax year on the taxpayer's property based on the revenue neutral rate of each taxing subdivision and any proposed tax rates that exceed the revenue neutral rates;

(H) the difference between the estimates of tax based on the proposed tax rate and the revenue neutral rate on the taxpayer's property described in subparagraph (G) for any taxing subdivision that has a proposed tax rate that exceeds its revenue neutral rate; and

(I) the date, time and location of the public hearing of the taxing subdivision, if the taxing subdivision notified the county clerk of its proposed intent to exceed its revenue neutral rate.

Although the state of Kansas is not a taxing subdivision for purposes of this section, the notice shall include a statement of the statutory mill levies imposed by the state and the estimate of the tax for the current year on the taxpayer's property based on such levies.

(3) The public hearing to consider exceeding the revenue neutral rate shall be held not sooner than August 20 and not later than September 20. The governing body shall provide interested taxpayers desiring to be heard an opportunity to present oral testimony within reasonable time limits and without unreasonable restriction on the number of individuals allowed to make public comment. The public hearing may be conducted in conjunction with the proposed budget hearing pursuant to K.S.A. 79-2929, and amendments thereto, if the governing body otherwise complies with all requirements of this section. Nothing in this section shall be construed to prohibit additional public hearings that provide additional opportunities to present testimony or public comment prior to the public hearing required by this section.

(4) A majority vote of the governing body, by the adoption of a resolution or ordinance to approve exceeding the revenue neutral rate, shall be required prior to adoption of a proposed budget that will result in a tax rate in excess of the revenue neutral rate. Such vote of the governing body shall be conducted at the public hearing after the governing body has heard from interested taxpayers and shall be a roll call vote. If the governing body approves exceeding the revenue neutral rate, the governing body shall not adopt a budget that results in a tax rate in excess of its proposed tax rate as stated in the notice provided pursuant to this section. A copy of the resolution or ordinance to approve exceeding the revenue neutral rate and a certified copy of any roll call vote reporting, at a minimum, the name and vote of each member of the governing body related to exceeding the revenue neutral rate, whether approved or not, shall be included with the adopted budget, budget certificate and other budget forms filed with the county clerk and the director of accounts and reports and shall be published on the website of the department of administration.

(c) (1) Any governing body subject to the provisions of this section that does not comply with subsection (b) shall refund to taxpayers any property taxes over-collected based on the amount of the levy that was in excess of the revenue neutral rate.

(2) Any taxpayer of the taxing subdivision that is the subject of the complaint or such taxpayer's duly authorized representative may file a complaint with the state board of tax appeals by filing a written complaint, on a form prescribed by the board, that contains the facts that the complaining party believes show that a governing body of a

taxing subdivision did not comply with the provisions of subsection (b) and that a reduction or refund of taxes is appropriate. The complaining party shall provide a copy of such complaint to the governing body of the taxing subdivision making the levy that is the subject of the complaint. Notwithstanding K.S.A. 74-2438a, and amendments thereto, no filing fee shall be charged by the executive director of the state board of tax appeals for a complaint filed pursuant to this paragraph. The governing body of the taxing subdivision making the levy that is the subject of the complaint shall be a party to the proceeding. Notice of any summary proceeding or hearing shall be served upon such governing body, the county clerk, the director of accounts and reports and the complaining party. It shall be the duty of the governing body to initiate the production of evidence to demonstrate, by a preponderance of the evidence, the validity of such levy. If upon a summary proceeding or hearing, it shall be made to appear to the satisfaction of the board that the governing body of the taxing subdivision did not comply with subsection (b), the state board of tax appeals shall order such governing body to refund to taxpayers the amount of property taxes over collected or reduce the taxes levied, if uncollected. The provisions of this paragraph shall not be construed as prohibiting any other remedies available under the law.

(d) On and after January 1, 2022, in the event that the ~~20-mills tax~~ levied by a school district pursuant to K.S.A. 72-5142, and amendments thereto, increases the property tax revenue generated for the purpose of calculating the revenue neutral rate from the previous tax year and such amount of increase in revenue generated from ~~the 20-mills such tax levied~~ is the only reason ~~that~~ the school district would exceed the total property tax revenue from the prior year, the school district shall be deemed to not have exceeded the revenue neutral rate in levying a tax rate in excess of the revenue neutral rate to take into account the increase in revenue from ~~only the 20-mills such tax levied~~.

(e) (1) Notwithstanding any other provision of law to the contrary, if the governing body of a taxing subdivision must conduct a public hearing to approve exceeding the revenue neutral rate under this section, the governing body of the taxing subdivision shall certify, on or before October 1, to the proper county clerk the amount of ad valorem tax to be levied.

(2) If a governing body of a taxing subdivision did not comply with the provisions of subsection (b) and certifies to the county clerk an amount of ad valorem tax to be levied that would result in a tax rate in excess of its revenue neutral rate, the county clerk shall reduce the ad valorem tax to be levied to the amount resulting from such taxing subdivision's revenue neutral rate.

(f) As used in this section:

(1) "Taxing subdivision" means any political subdivision of the state that levies an ad valorem tax on property.

(2) "Revenue neutral rate" means the tax rate for the current tax year that would generate the same property tax revenue as levied the previous tax year using the current tax year's total assessed valuation. To calculate the revenue neutral rate, the county clerk shall divide the property tax revenue for such taxing subdivision levied for the previous tax year by the total of all taxable assessed valuation in such taxing subdivision for the current tax year, and then multiply the quotient by 1,000 to express the rate in mills. The revenue neutral rate shall be expressed to the third decimal place.

(g) In the event that a county clerk incurred costs of printing and postage that were not reimbursed pursuant to K.S.A. 2023 Supp. 79-2989, and amendments thereto, such

county clerk may seek reimbursement from all taxing subdivisions required to send the notice. Such costs shall be shared proportionately by all taxing subdivisions that were included on the same notice based on the total property tax levied by each taxing subdivision. Payment of such costs shall be due to the county clerk by December 31.

(h) The department of administration or the director of accounts and reports shall make copies of adopted budgets, budget certificates, other budget documents and revenue neutral rate documents available to the public on the department of administration's website on a permanently accessible web page that may be accessed via a conspicuous link to that web page placed on the front page of the department's website. The department of administration or the director of accounts and reports shall also make the following information for each tax year available on such website:

- (1) A list of taxing subdivisions by county;
- (2) whether each taxing subdivision conducted a hearing to consider exceeding its revenue neutral rate;
- (3) the revenue neutral rate of each taxing subdivision;
- (4) the tax rate resulting from the adopted budget of each taxing subdivision; and
- (5) the percent change between the revenue neutral rate and the tax rate for each taxing subdivision.

Sec. 16. On and after July 1, 2024, K.S.A. 2023 Supp. 79-32,117 is hereby amended to read as follows: 79-32,117. (a) The Kansas adjusted gross income of an individual means such individual's federal adjusted gross income for the taxable year, with the modifications specified in this section.

(b) There shall be added to federal adjusted gross income:

(i) Interest income less any related expenses directly incurred in the purchase of state or political subdivision obligations, to the extent that the same is not included in

federal adjusted gross income, on obligations of any state or political subdivision thereof, but to the extent that interest income on obligations of this state or a political subdivision thereof issued prior to January 1, 1988, is specifically exempt from income tax under the laws of this state authorizing the issuance of such obligations, it shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income. Interest income on obligations of this state or a political subdivision thereof issued after December 31, 1987, shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income.

Such refunds shall be included in income in the year actually received regardless of the method of accounting used by the taxpayer. For purposes hereof, a tax benefit shall be deemed to have resulted if the amount of the tax had been deducted in determining income subject to a Kansas income tax for a prior year regardless of the rate of taxation applied in such prior year to the Kansas taxable income, but only that portion of the refund shall be included as bears the same proportion to the total refund received as the federal taxes deducted in the year to which such refund is attributable bears to the total federal income taxes paid for such year. For purposes of the foregoing sentence, federal taxes shall be considered to have been deducted only to the extent such deduction does not reduce Kansas taxable income below zero.

(v) The amount of any depreciation deduction or business expense deduction claimed on the taxpayer's federal income tax return for any capital expenditure in making any building or facility accessible to the handicapped, for which expenditure the taxpayer claimed the credit allowed by K.S.A. 79-32,177, and amendments thereto.

(x) Amounts received as nonqualified withdrawals, as defined by K.S.A. 75-643, and amendments thereto, if, at the time of contribution to a family postsecondary education savings account, such amounts were subtracted from the federal adjusted gross income pursuant to subsection (c)(xv) or if such amounts are not already included in the federal adjusted gross income.

(xi) The amount of any contribution made to the same extent the same is claimed as the basis for the credit allowed pursuant to K.S.A. 74-50,154, and amendments thereto.

(xii) For taxable years commencing after December 31, 2004, amounts received as withdrawals not in accordance with the provisions of K.S.A. 74-50,204, and amendments thereto, if, at the time of contribution to an individual development account, such amounts were subtracted from the federal adjusted gross income pursuant to subsection (c)(xiii), or if such amounts are not already included in the federal adjusted gross income.

(xiii) The amount of any expenditures claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 79-32,217 through 79-32,220 or 79-32,222, and amendments thereto.

(xvi) The amount of any amortization deduction claimed in determining federal adjusted gross income to the extent the same is claimed for deduction pursuant to K.S.A. 79-32,227, 79-32,232, 79-32,237, 79-32,249, 79-32,250 or 79-32,255, and amendments thereto.

EXPLANATION OF VOTE

I vote NO on **H Sub SB 172**. I strongly concur with the concept of protecting our military and other governmental sites from any proximate harm, especially from an adversary of our State's or nation's security. But this bill as written is blatantly unconstitutional as it supports forced seizure and involuntary sale of private property. This will cause significant litigation against Kansas for various causes of actions by aggrieved landowners, current and future. Lawsuit costs and judgments taken against the State could prove to be astronomical. Made known to our taxpayers, I intend to widely proclaim I voted NO on **H Sub SB 172**.—DAVID HALEY

Senator Holland requests the record to show he concurs with the "Explanation of Vote" offered by Senator Haley on **H Sub SB 172**.

I vote Aye in strong support of **H Sub SB 172** to defend the Great State of Kansas and our Nation from foreign invasion. The issue of Foreign ownership of Kansas property is not only a matter of National Security, it's also a matter of Food Security. Our Landowners and Ag Producers have been diligent and effective in making sure that their voices are heard within the Ag Lobbying Organizations. The Kansas Farmer wants the legislature to stand in solidarity with them in defending their land and livelihood from Foreign Adversaries. Today we reassure all Kansans that we fully support defending their property rights while also protecting the Future of Kansas.—ALICIA STRAUB

Senator Steffen requests the record to show he concurs with the "Explanation of Vote" offered by Senator Straub on **H Sub SB 172**.

EXPLANATION OF VOTE

I voted for **H Sub SB 287** because it helps hold hospitals accountable going forward regarding patient visitation rights. Federal rules, regulations and laws all demand visitation rights. Yet, during the Covid debacle, hospitals left their patients to suffer and die alone. Hospitals failed our society and their patients during our time of need for the sake of money and convenience. Incredibly, they remain unapologetic.—MARK STEFFEN

A taxpayer shall not take the credit pursuant to this section if such taxpayer has received a homestead property tax refund pursuant to K.S.A. 79-4501 et seq., and amendments thereto, or a credit pursuant to the selective assistance for effective senior relief pursuant to K.S.A. 79-32,263, and amendments thereto, for such property for such tax year.

New Sec. 2. (a) The owner of any real property and personal property owned and operated by a business in the state of Kansas that is used by the business predominantly for child care center, health club or restaurant purposes and is located within the taxing jurisdiction of a governmental entity where there is at least one facility owned or operated by such governmental entity that competes against the business and such competing facility owned or operated by the governmental entity is exempt from

property or ad valorem taxes levied under any laws of the state of Kansas may make application to such governmental entity for a rebate in an amount equal to the amount of ad valorem property tax levied by such competing governmental entity upon such property for the tax year during which such competition occurred. The rebate shall only be granted if such competing activity by the governmental entity began after the business claiming the rebate began using the real and personal property for a qualifying purpose pursuant to this section.

(b) To be eligible for the rebate authorized by this section, the business owning and operating the described property herein shall be in compliance with state law, city ordinances and county resolutions and shall be current in the payment of state and local taxes.

(c) The owner requesting a rebate pursuant to this section shall be required to submit an application with any supporting documentation to the governing body of such governmental entity on or before December 20 of the year following the tax year at issue.

"Competes against the business" does not include providing such goods or services without receiving payment for those goods or services or providing such goods or services predominantly to its own employees or students. (3) "Predominant purpose" means the primary reason individuals attend a facility owned or operated by a governmental entity and is not merely incidental to the operation of the facility. (f) Upon receipt of the request for exemption, the board shall docket the same and notify the applicant and the county appraiser of such fact.

(g) After examination of the request for exemption and the county appraiser's recommendation related thereto, the board may fix a time and place for hearing, and shall notify the applicant and the county appraiser of the time and place so fixed. A request for exemption pursuant to: (1) Section 13 of article 11 of the constitution of the state of Kansas; or (2) K.S.A. 79-201a *Second*, and amendments thereto, for property constructed or purchased, in whole or in part, with the proceeds of revenue bonds under the authority of K.S.A. 12-1740 through 12-1749, and amendments thereto, prepared in accordance with instructions and assistance which shall be provided by the department of commerce, shall be deemed approved unless scheduled for hearing within 30 days after the date of receipt of all required information and data relating to the request for exemption, and such hearing shall be conducted within 90 days after such date. Such time periods shall be determined without regard to any extension or continuance allowed to either party to such request. In any case where a party to such request for exemption requests a hearing thereon, the same shall be granted. Hearings shall be conducted in accordance with the provisions of the Kansas administrative procedure act. In all instances where the board sets a request for exemption for hearing, the county shall be represented by its county attorney or county counselor.

(h) Except as otherwise provided by subsection (g), in the event of a hearing, the same shall be originally set not later than 90 days after the filing of the request for exemption with the board.

(i) During the pendency of a request for exemption, no person, firm, unincorporated association, company or corporation charged with real estate or personal property taxes pursuant to K.S.A. 79-2004 and 79-2004a, and amendments thereto, on the tax books in the hands of the county treasurer shall be required to pay the tax from the date the request is filed with the county appraiser until the expiration of 30 days after the board issued its order thereon and the same becomes a final order. In the event that taxes have been assessed against the subject property, no interest shall accrue on any unpaid tax for the year or years in question nor shall the unpaid tax be considered delinquent from the date the request is filed with the county appraiser until the expiration of 30 days after the board issued its order thereon. In the event the board determines an application for exemption is without merit and filed in bad faith to delay

the due date of the tax, the tax shall be considered delinquent as of the date the tax would have been due pursuant to K.S.A. 79-2004 and 79-2004a, and amendments thereto, and interest shall accrue as prescribed therein.

(j) In the event the board grants the initial request for exemption, the same shall be effective beginning with the date of first exempt use except that, with respect to property the construction of which commenced not to exceed 24 months prior to the date of first exempt use, the same shall be effective beginning with the date of commencement of construction.

(k) In conjunction with its authority to grant exemptions, the board shall have the authority to abate all unpaid taxes that have accrued from and since the effective date of the exemption. In the event that taxes have been paid during the period where the subject property has been determined to be exempt, the board shall have the authority to order a refund of taxes for the year immediately preceding the year in which the exemption application is filed in accordance with subsection (a).

(l) The provisions of this section shall not apply to: (1) Farm machinery and equipment exempted from ad valorem taxation by K.S.A. 79-201j, and amendments thereto; (2) personal property exempted from ad valorem taxation by K.S.A. 79-215, and amendments thereto; (3) wearing apparel, household goods and personal effects exempted from ad valorem taxation by K.S.A. 79-201c, and amendments thereto; (4) livestock; (5) all property exempted from ad valorem taxation by K.S.A. 79-201d, and amendments thereto; (6) merchants' and manufacturers' inventories exempted from ad valorem taxation by K.S.A. 79-201m, and amendments thereto; (7) grain exempted from ad valorem taxation by K.S.A. 79-201n, and amendments thereto; (8) property exempted from ad valorem taxation by K.S.A. 79-201a *Seventeenth*, and amendments thereto, including all property previously acquired by the secretary of transportation or a predecessor in interest, which is used in the administration, construction, maintenance or operation of the state system of highways. Sec. 5. K.S.A. 79-503a is hereby amended to read as follows: 79-503a. "Fair market value" means the amount in terms of money that a well informed buyer is justified in paying and a well informed seller is justified in accepting for property in an open and competitive market, assuming that the parties are acting without undue compulsion. In the determination of fair market value of any real property which is subject to any special assessment, such value shall not be determined by adding the present value of the special assessment to the sales price. For the purposes of this definition it will be assumed that consummation of a sale occurs as of January 1.

Sales in and of themselves shall not be the sole criteria of fair market value but shall be used in connection with cost, income and other factors including but not by way of exclusion:

(a) The proper classification of lands and improvements;

- (b) the size thereof;
- (c) the effect of location on value;
- (d) depreciation, including physical deterioration or functional, economic or social obsolescence;
- (e) cost of reproduction of improvements;
- (f) productivity taking into account all restrictions imposed by the state or federal government and local governing bodies, including, but not limited to, restrictions on property rented or leased to low income individuals and families as authorized by section 42 of the federal internal revenue code of 1986, as amended;
- (g) earning capacity as indicated by lease price, by capitalization of net income or by absorption or sell-out period;
- (h) rental or reasonable rental values or rental values restricted by the state or federal government or local governing bodies, including, but not limited to, restrictions on property rented or leased to low income individuals and families, as authorized by section 42 of the federal internal revenue code of 1986, as amended;
- (i) sale value on open market with due allowance to abnormal inflationary factors influencing such values;
- (j) restrictions or requirements imposed upon the use of real estate by the state or federal government or local governing bodies, including zoning and planning boards or commissions, and including, but not limited to, restrictions or requirements imposed upon the use of real estate rented or leased to low income individuals and families, as authorized by section 42 of the federal internal revenue code of 1986, as amended; and
- (k) comparison with values of other property of known or recognized value. The assessment-sales ratio study shall not be used as an appraisal for appraisal purposes.

The appraisal process utilized in the valuation of all real and tangible personal property for ad valorem tax purposes shall conform to generally accepted appraisal procedures and standards which are consistent with the definition of fair market value unless otherwise specified by law.

The sale price or value at which a property sells or transfers ownership in a federal internal revenue code section 1031 exchange shall not be considered an indicator of fair market value nor as a factor in arriving at fair market value. Federal internal revenue code section 1031 exchange transactions shall not be used as comparable sales for valuation purposes nor as valid sales for purposes of sales ratio studies conducted pursuant to K.S.A. 79-1485 et seq., and amendments thereto.

Sec. 6. K.S.A. 2023 Supp. 79-1460 is hereby amended to read as follows: 79-1460.
 (a) The county appraiser shall notify each taxpayer in the county annually on or before March 1 for real property and May 1 for personal property, by mail directed to the taxpayer's last known address, of the classification and appraised valuation of the taxpayer's property, except that, the valuation for all real property shall not be increased unless the record of the latest physical inspection was reviewed by the county or district appraiser, and documentation exists to support such increase in valuation in compliance with the directives and specifications of the director of property valuation, and such record and documentation is available to the affected taxpayer. Alternatively, the county appraiser may transmit the classification and appraised valuation to the taxpayer by electronic means if such taxpayer consented to service by electronic means.

(b) The valuation for all real property also shall not be increased solely as the result of normal repair, replacement or maintenance of existing structures, equipment or

improvements on the property. For the next two taxable years following the taxable year that the valuation for commercial real property has been reduced due to a final determination made pursuant to the valuation appeals process, the county appraiser shall review the computer-assisted mass-appraisal of the property and if, the valuation in either of those two years exceeds the value of the previous year by more than 5%, excluding new construction, change in use or change in classification, the county appraiser shall either:

(1) Adjust the valuation of the property based on the information provided in the previous appeal; or

(2) order an independent fee simple appraisal of the property to be performed by a Kansas certified real property appraiser.

(c) When the valuation for real property has been reduced due to a final determination made pursuant to the valuation appeals process for the prior year, and the county appraiser has already certified the appraisal rolls for the current year to the county clerk pursuant to K.S.A. 79-1466, and amendments thereto, the county appraiser may amend the appraisal rolls and certify the changes to the county clerk to implement the provisions of this subsection and reduce the valuation of the real property to the prior year's final determination, except that such changes shall not be made after October 31 of the current year.

(d) (1) The notice provided under subsection (a) shall specify:

(A) Separately for the previous tax year and the current tax year, the appraised and assessed values for each property class identified on the parcel;

(B) the uniform parcel identification number prescribed by the director of property valuation; ~~and~~

(C) a statement of the taxpayer's right to appeal, the procedure to be followed in making such appeal and the availability without charge of the guide devised pursuant to subsection (g); and

(D) a valuation history of the parcel that includes, at a minimum, a statement or display of the total appraised values of the parcel for the current tax year and the previous four tax years.

(2) Such notice may, and if the board of county commissioners so require, shall provide the parcel identification number, address and the sale date and amount of any or all sales utilized in the determination of appraised value of residential real property.

(e) In any year in which no change in appraised valuation of any real property from its appraised valuation in the next preceding year is determined, an alternative form of notification which has been approved by the director of property valuation may be utilized by a county.

(f) Failure to timely mail or receive such notice shall in no way invalidate the classification or appraised valuation as changed. The secretary of revenue shall adopt rules and regulations necessary to implement the provisions of this section.

(g) There shall be provided to each taxpayer, upon request, a guide to the property tax appeals process. The director of the division of property valuation shall devise and publish such guide and shall provide sufficient copies thereof to all county appraisers. Such guide shall include, but not be limited to:

(1) A restatement of the law which pertains to the process and practice of property appraisal methodology, including the contents of K.S.A. 79-503a and 79-1460, and amendments thereto;

(2) the procedures of the appeals process, including the order and burden of proof of each party and time frames required by law; and

(3) such other information deemed necessary to educate and enable a taxpayer to properly and competently pursue an appraisal appeal.

(h) As used in this section:

(1) "New construction" means the construction of any new structure or improvements or the remodeling or renovation of any existing structures or improvements on real property.

(2) "Normal repair, replacement or maintenance" does not include new construction.

(3) "Taxpayer" means the person in ownership of the property as indicated on the records of the office of register of deeds or county clerk and includes the lessee of such property if the lease agreement has been recorded or filed in the office of the register of deeds and the real property or improvement thereon is subject of a lease agreement.

Sec. 7. K.S.A. 2023 Supp. 79-2005 is hereby amended to read as follows: 79-2005. (a) Any taxpayer, before protesting the payment of such taxpayer's taxes, shall be required, either at the time of paying such taxes, or, if the whole or part of the taxes are paid prior to December 20, no later than December 20, or, with respect to taxes paid in whole or in part in an amount equal to at least $\frac{1}{2}$ of such taxes on or before December 20 by an escrow or tax service agent, no later than January 31 of the next year, to file a written statement with the county treasurer, on forms approved by the state board of tax appeals and provided by the county treasurer, clearly stating the grounds on which the whole or any part of such taxes are protested and citing any law, statute or facts on which such taxpayer relies in protesting the whole or any part of such taxes. When the grounds of such protest is an assessment of taxes made pursuant to K.S.A. 79-332a and 79-1427a, and amendments thereto, the county treasurer may not distribute the taxes paid under protest until such time as the appeal is final. When the grounds of such protest is that the valuation or assessment of the property upon which the taxes are levied is illegal or void, the county treasurer shall forward a copy of the written statement of protest to the county appraiser who shall within 15 days of the receipt thereof, schedule an informal meeting with the taxpayer or such taxpayer's agent or attorney with reference to the property in question. At the informal meeting, it shall be the duty of the county appraiser or the county appraiser's designee to initiate production of evidence to substantiate the valuation of such property, including a summary of the reasons that the valuation of the property has been increased over the preceding year, any assumptions used by the county appraiser to determine the value of the property and a description of the individual property characteristics, property specific valuation records and conclusions. The taxpayer shall be provided with the opportunity to review the data sheets applicable to the valuation approach utilized for the subject property. The county appraiser shall take into account any evidence provided by the taxpayer which relates to the amount of deferred maintenance and depreciation of the property. The county appraiser shall review the appraisal of the taxpayer's property with the taxpayer or such taxpayer's agent or attorney and may change the valuation of the taxpayer's property, if in the county appraiser's opinion a change in the valuation of the taxpayer's property is required to assure that the taxpayer's property is valued according to law, and shall, within 15 business days thereof, notify the taxpayer in the event the valuation of the taxpayer's property is changed, in writing of the results of the meeting.

The county appraiser shall not increase the appraised valuation of the property as a result of the informal meeting. In the event the valuation of the taxpayer's property is changed and such change requires a refund of taxes and interest thereon, the county treasurer shall process the refund in the manner provided by subsection (l).

(b) No protest appealing the valuation or assessment of property shall be filed pertaining to any year's valuation or assessment when an appeal of such valuation or assessment was commenced pursuant to K.S.A. 79-1448, and amendments thereto, nor shall the second half payment of taxes be protested when the first half payment of taxes has been protested. Notwithstanding the foregoing, this provision shall not prevent any subsequent owner from protesting taxes levied for the year in which such property was acquired, nor shall it prevent any taxpayer from protesting taxes when:

(1) The valuation or assessment of such taxpayer's property has been changed pursuant to an order of the director of property valuation;

(2) the taxpayer withdrew such taxpayer's appeal commenced pursuant to K.S.A. 79-1448, and amendments thereto; or

(3) the taxpayer wishes to present new evidence relating to the valuation or assessment of such property.

(c) A protest shall not be necessary to protect the right to a refund of taxes in the event a refund is required because the final resolution of an appeal commenced pursuant to K.S.A. 79-1448, and amendments thereto, occurs after the final date prescribed for the protest of taxes.

(d) If the grounds of such protest shall be that the valuation or assessment of the property upon which the taxes so protested are levied is illegal or void, such statement shall further state the exact amount of valuation or assessment which the taxpayer admits to be valid and the exact portion of such taxes which is being protested.

(e) If the grounds of such protest shall be that any tax levy, or any part thereof, is illegal, such statement shall further state the exact portion of such tax which is being protested.

(f) Upon the filing of a written statement of protest, the grounds of which shall be that any tax levied, or any part thereof, is illegal, the county treasurer shall mail a copy of such written statement of protest to the state board of tax appeals and the governing body of the taxing district making the levy being protested.

(g) Within 30 days after notification of the results of the informal meeting with the county appraiser pursuant to subsection (a), the protesting taxpayer may, if aggrieved by the results of the informal meeting with the county appraiser, appeal such results to the state board of tax appeals.

(h) After examination of the copy of the written statement of protest and a copy of the written notification of the results of the informal meeting with the county appraiser in cases where the grounds of such protest is that the valuation or assessment of the property upon which the taxes are levied is illegal or void, the board shall conduct a hearing in accordance with the provisions of the Kansas administrative procedure act, unless waived by the interested parties in writing. If the grounds of such protest is that the valuation or assessment of the property is illegal or void the board shall notify the county appraiser thereof.

(i) In the event of a hearing, the same shall be originally set not later than 90 days after the filing of the copy of the written statement of protest and a copy, when applicable, of the written notification of the results of the informal meeting with the

county appraiser with the board. With regard to any matter properly submitted to the board relating to the determination of valuation of residential property or real property used for commercial and industrial purposes for taxation purposes, it shall be the duty of the county appraiser to initiate the production of evidence to demonstrate, by a preponderance of the evidence, the validity and correctness of such determination except that no such duty shall accrue to the county or district appraiser with regard to leased commercial and industrial property unless the property owner has furnished to the county or district appraiser a complete income and expense statement for the property for the three years next preceding the year of appeal. No presumption shall exist in favor of the county appraiser with respect to the validity and correctness of such determination. In all instances where the board sets a request for hearing and requires the representation of the county by its attorney or counselor at such hearing, the county shall be represented by its county attorney or counselor. The board shall take into account any evidence provided by the taxpayer which relates to the amount of deferred maintenance and depreciation for the property. In any appeal from the reclassification of property that was classified as land devoted to agricultural use for the preceding year, the taxpayer's classification of the property as land devoted to agricultural use shall be presumed to be valid and correct if the taxpayer provides an executed lease agreement or other documentation demonstrating a commitment to use the property for agricultural use, if no other actual use is evident. With regard to any matter properly submitted to the board relating to the determination of valuation of property for taxation purposes, the board shall not increase the appraised valuation of the property to an amount greater than the appraised value reflected in the notification of the results of the informal meeting with the county appraiser from which the taxpayer appealed.

(j) When a determination is made as to the merits of the tax protest, the board shall render and serve its order thereon. The county treasurer shall notify all affected taxing districts of the amount by which tax revenues will be reduced as a result of a refund.

(k) If a protesting taxpayer fails to file a copy of the written statement of protest and a copy, when applicable, of the written notification of the results of the informal meeting with the county appraiser with the board within the time limit prescribed, such protest shall become null and void and of no effect whatsoever.

(l) (1) In the event the board orders that a refund be made pursuant to this section or the provisions of K.S.A. 79-1609, and amendments thereto, or a court of competent jurisdiction orders that a refund be made, and no appeal is taken from such order, or in the event a change in valuation which results in a refund pursuant to subsection (a), the county treasurer shall, as soon thereafter as reasonably practicable, refund to the taxpayer such protested taxes and, with respect to protests or appeals commenced after the effective date of this act, interest computed at the rate prescribed by K.S.A. 79-2968, and amendments thereto, minus two percentage points, per annum from the date of payment of such taxes from tax moneys collected but not distributed. Upon making such refund, the county treasurer shall charge the fund or funds having received such protested taxes, except that, with respect to that portion of any such refund attributable to interest the county treasurer shall charge the county general fund. In the event that the state board of tax appeals or a court of competent jurisdiction finds that any time delay in making its decision is unreasonable and is attributable to the taxpayer, it may order that no interest or only a portion thereof be added to such refund of taxes.

(2) No interest shall be allowed pursuant to paragraph (1) in any case where the tax

paid under protest was inclusive of delinquent taxes.

(m) Whenever, by reason of the refund of taxes previously received or the reduction of taxes levied but not received as a result of decreases in assessed valuation, it will be impossible to pay for imperative functions for the current budget year, the governing body of the taxing district affected may issue no-fund warrants in the amount necessary. Such warrants shall conform to the requirements prescribed by K.S.A. 79-2940, and amendments thereto, except they shall not bear the notation required by such section and may be issued without the approval of the state board of tax appeals. The governing body of such taxing district shall make a tax levy at the time fixed for the certification of tax levies to the county clerk next following the issuance of such warrants sufficient to pay such warrants and the interest thereon. All such tax levies shall be in addition to all other levies authorized by law.

(n) Whenever a taxpayer appeals to the board of tax appeals pursuant to the provisions of K.S.A. 79-1609, and amendments thereto, or pays taxes under protest related to one property whereby the assessed valuation of such property exceeds 5% of the total county assessed valuation of all property located within such county and the taxpayer receives a refund of such taxes paid under protest or a refund made pursuant to the provisions of K.S.A. 79-1609, and amendments thereto, the county treasurer or the governing body of any taxing subdivision within a county may request the pooled money investment board to make a loan to such county or taxing subdivision as provided in this section. The pooled money investment board is authorized and directed to loan to such county or taxing subdivision sufficient funds to enable the county or taxing subdivision to refund such taxes to the taxpayer. The pooled money investment board is authorized and directed to use any moneys in the operating accounts, investment accounts or other investments of the state of Kansas to provide the funds for such loan. Each loan shall bear interest at a rate equal to the net earnings rate of the pooled money investment portfolio at the time of the making of such loan. The total aggregate amount of loans under this program shall not exceed \$50,000,000 of unencumbered funds pursuant to article 42 of chapter 75 of the Kansas Statutes Annotated, and amendments thereto. Such loan shall not be deemed to be an indebtedness or debt of the state of Kansas within the meaning of section 6 of article 11 of the constitution of the state of Kansas. Upon certification to the pooled money investment board by the county treasurer or governing body of the amount of each loan authorized pursuant to this subsection, the pooled money investment board shall transfer each such amount certified by the county treasurer or governing body from the state bank account or accounts prescribed in this subsection to the county treasurer who shall deposit such amount in the county treasury. Any such loan authorized pursuant to this subsection shall be repaid within four years. The county or taxing subdivision shall make not more than four equal annual tax levies at the time fixed for the certification of tax levies to the county clerk following the making of such loan sufficient to pay such loan within the time period required under such loan. All such tax levies shall be in addition to all other levies authorized by law.

(o) The county treasurer shall disburse to the proper funds all portions of taxes paid under protest and shall maintain a record of all portions of such taxes which are so protested and shall notify the governing body of the taxing district levying such taxes thereof and the director of accounts and reports if any tax protested was levied by the state.

(p) This statute shall not apply to the valuation and assessment of property assessed by the director of property valuation and it shall not be necessary for any owner of state assessed property, who has an appeal pending before the state board of tax appeals, to protest the payment of taxes under this statute solely for the purpose of protecting the right to a refund of taxes paid under protest should that owner be successful in that appeal.

Sec. 8. K.S.A. 79-32,111c is hereby amended to read as follows: 79-32,111c. EXPLANATION OF VOTE

I vote "NO" on **HB 2530** because my constituents have great concern with the actions of the Kansas Wildlife and Parks Commission. When **SB 347** left the Senate it had strong checks and balance on the Commission. It has now come back from conference committee watered down and removes the check on the Executive branch. This bill does not solve the problem, it only further allows it to continue.—CHASE BLASI

Senator Petersen requests the record to show he concurs with the "Explanation of Vote" offered by Senator Blasi on **HB 2530**.

REGARDING VETO OF HOUSE SUBSTITUTE FOR SENATE BILL 37

Kansans need responsible, comprehensive tax relief. As I said in my last veto statement of the Legislature's nearly identical tax bill, 'I cannot sign into law a bill that jeopardizes our state's future fiscal stability.

I have given the Legislature several roadmaps to fiscally responsible tax cuts since January. Instead, they played political games with reckless tax policies, and I vetoed them. I said irresponsible tax policies would lead to a special session.

So here we are. While I applaud the spirit of bipartisanship, this tax cut package, passed at the 11th hour of the last day of the Legislative session, misses the mark. Its proposed cuts and the excessive spending by the Legislature endanger all the progress we've made in restoring services for Kansans, funding our public schools, and investing in our infrastructure.

Additionally, to favor a specific business, a tax abatement scheme was floated to put taxpayer dollars into that business' pocket at the expense of local government services. That's wrong. Taxpayer dollars should not be diverted to political donors under the guise of tax cuts.

Kansans expect us to map a responsible future because we have come a long way, together. Our financial ratings have been upgraded. We have paid down debt. We paid \$224 million for new projects in cash, saving Kansans \$90 million in interest that would have otherwise accumulated through bonds. Education is being funded. We went from zero to a reasonable rainy-day fund for the inevitable emergencies we will face. Kansas is being noticed for its sense of responsibility. Don't toss all that.

The lack of a fiscally responsible tax cut bill jeopardizes other tax policy passed before adjournment, such as legislation to support Kansas' film and digital media industry. The Legislature cannot overpromise tax cuts without considering the overall cost to the state for future years. We cannot start with our expenses and then look at our income. Families and businesses do not budget like that; neither should Kansas.

Therefore, pursuant to Article 2, Section 14(a) of the Kansas Constitution, I hereby veto **House Substitute for Senate Bill 37, House Bill 2096, and House Bill 2097.**

REGARDING VETO OF HOUSE SUBSTITUTE FOR SENATE BILL 172

While I agree that it is important for our state to implement stronger protections against foreign adversaries, this legislation contains multiple provisions that are likely unconstitutional and cause unintended consequences.

Many of the provisions in **House Substitute for Senate Bill 172** are overly broad

and not narrowly tailored to enhance our state's security while limiting the disruption of legitimate investment and business relationships. Additionally, the retroactive nature of this legislation raises further serious constitutional concerns. I am not willing to sign a bill that has the potential to hurt the state's future prosperity and economic development.

If the Legislature is serious about protecting Kansans from foreign adversaries, it should consider more narrow, forward-looking proposals that are focused on bad actors while ensuring legitimate business relationships with potential trading partners and small businesses are not impacted.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Substitute for Senate Bill 172**.

REGARDING VETO OF HOUSE SUBSTITUTE FOR SUBSTITUTE FOR SENATE BILL 232

This divisive legislation has broad and sweeping implications that undermine the will of the majority of Kansans who voted overwhelmingly in 2022 to protect the constitutional rights of women to make decisions about pregnancy. This is another blatant attempt by extreme politicians in the Legislature to take more control over women and their families' personal, private medical decisions.

Kansans already made it very clear that they don't want lawmakers involved in personal matters. It's time we listen to them. As I have said before, I refuse to sign legislation that goes against the will of the majority of Kansans who voted on August 2, 2022.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Substitute for Substitute for Senate Bill 232**.

REGARDING HOUSE SUBSTITUTE FOR SENATE BILL 387

It's always been my highest priority to ensure our students have the resources needed to be successful inside and outside the classroom and that we're preparing the next generation of Kansans to contribute to our growing economy and ever-changing workforce. For far too long, our state was failing at this endeavor because we failed to invest in our schools and students appropriately. Instead, students were subjected to four-day school weeks and crowded classrooms, preventing them from receiving the educational experience they deserved and are constitutionally entitled to.

Over the last six years, I've worked with the Legislature to fix a severely underfunded K-12 education system that lacked the resources needed to effectively prepare students for lifelong success. When I became Governor, my first order of business was to end the cycle of school finance litigation caused by years of underfunding. Reckless leadership and mismanagement of the state's finances made it impossible for the state to adequately fund our schools. Since then, we've seen how investment in our education system pays significant dividends for our entire state. Students now have more opportunities than ever to explore their educational and professional interests. Our commitment to fully funding public education better supports teachers, paraprofessionals, and administrators. More than anything, our increased investment has paid off as student test scores continue to increase across multiple measures.

House Substitute for Senate Bill 387 represents a continued commitment to our students and our schools. This bill fully funds public education for a sixth consecutive year, providing additional funding for the BASE State Aid in accordance with the *Gannon* mandate. Additionally, this bill provides \$75 million in new special education funding, enacting the first year of a phased-in approach for the state to meet its statutory obligation to fully fund special education. This funding will provide critical support to districts that have been shouldering the burden of the state's decade-long failure to meet its statutory obligation and ultimately its promise to the next generation of Kansans. With these additional funds, districts will be able to properly invest in special education educators and better support students with Individualized Education Plans. Investing in special education serves all students as it reduces the amount of general education funds that must be transferred to cover special education costs. This means districts can now consider increasing teacher salaries, expanding career and technical education opportunities, and supporting enhanced literacy instruction. While this funding is a critical first step, it is just a first step. We must continue to increase special education funding in future years. I appreciate the Legislature's willingness to collaborate on this funding increase and look forward to their continued commitment to our special education students and educators.

I am proud to sign **House Substitute for Senate Bill 387**, continuing my deep commitment to fully funding our schools and supporting our students. This bill exemplifies how, when we work together, we can find solutions that improve the experiences of Kansas students, invest in our educators, and benefit the entire state.

Therefore, pursuant to Article 2, Section 14(b) of the Constitution of the State of Kansas, I hereby return **House Substitute for Senate Bill 387** with my signature approving the bill, except for the item enumerated below.

School Safety and Security Grants Proviso

The portion of Sec. 2(a) that reads as follows has been line-item vetoed:

Provided, That expenditures shall be made by the above agency from the school safety and security grants account for fiscal year 2025 for disbursements of grant moneys approved by the state board of education for the: (1) Acquisition of automated external defibrillators and routine maintenance of such devices; (2) purchase and installation of security cameras that are compatible with the firearm detection software specified in paragraph (3); and (3) notwithstanding the provisions of K.S.A. 72-1151, and amendments thereto, or any other statute, acquisition and implementation of firearm detection software that: (A) Can reduce the threat and impact of gun violence by

providing a firearm detection software solution that integrates into existing security camera systems; (B) is designated as qualified anti-terrorism technology under the federal SAFETY act, 6 U.S.C. § 441 et seq.; (C) complies with industry standard information security frameworks, including ISO 27001 and SOC 2 type 2; (D) is managed through a constantly monitored operations center that is staffed by highly trained analysts to ensure rapid communication of possible threats to end users; (E) is developed in the United States without the use of any third-party or open-source data; (F) is protected by an awarded patent that includes a training database populated with frames of actual videos of firearms that were taken in relevant environments across diverse industries; (G) is utilized in at least 30 states with customers in the public and private sectors; (H) does not store, monetize or collect any biometric data or personally identifiable information; and (I) is able to detect three broad firearm classifications with a minimum of 300 subclassifications and has the ability to detect at least 2,000 permutations: *Provided further*, That all moneys expended for school safety and security grants for fiscal year 2025 shall be matched by the receiving school district on a \$1-for-\$1 basis from other moneys of the school district that may be used for such purpose: *And provided further*, That, notwithstanding the provisions of K.S.A. 75-3739, and amendments thereto, or any other statute, not less than 30 days following the effective date of this act, the above agency shall publish a list of the entities that provide firearm detection software that meets the requirements of paragraph (3).

The provision included in this section would significantly alter the current School Safety and Security Grant program—which currently provides critical financial support to schools improving their physical safety and employing school resource officers—into a no-bid contract by inserting requirements that eliminate nearly all potential competition. If enacted, schools would not be able to use these funds to invest in other school safety efforts, like purchasing updated communications systems, hiring more security staff, and making investing in physical infrastructure. While the goal of this provision to provide schools with the opportunity to secure new weapon detection systems is laudable, districts should be provided with the flexibility to use these funds to address needs that are of utmost priority to student safety. Absent this provision being enacted into law, I urge the Kansas State Department of Education to allow these funds to be granted to districts for the purchase of automated external defibrillators and the other allowable uses that were previously approved for this program. We must continue to work together to ensure our students have a safe, conducive environment for their learning. To do that, we should not hamstring districts by limiting this funding opportunity to services provided by one company.

2023 Annual Report, Kansas Judicial Branch

MESSAGES FROM THE HOUSE

The House adopts the Conference Committee report on **HB 2096**.

Announcing the House herewith transmits a veto message from the Governor on **HB 2614**, AN ACT concerning elections; relating to election crimes; requiring certain information be provided on advance voting ballot envelopes; directing county election officers to record the name of individuals returning advance voting ballots on behalf of another voter and the number of such ballots returned; requiring county election officers to file complaints if laws regulating the return of such ballots are violated; removing the requirement to provide the name of the treasurer of the sponsoring organization of a political advertisement; amending K.S.A. 25-1121, 25-1128, 25-2407 and 25-4156 and repealing the existing sections. Received on April, 19, 2024 and read on April 25, 2024.

“This bill is an attempt to disenfranchise Kansas voters by enacting burdensome and unnecessary requirements that are designed to restrict and suppress advanced voting. Kansans have a right to participate in our democracy, but time and again some politicians have tried to interfere in the voting process. I will continue to oppose efforts that place obstacles between voters casting their ballots and making their voices heard.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto House **Bill 2614**.”

Received on April, 19, 2024 and read on April 25, 2024.

“This bill would inadvertently cause a tax increase on the currently approved historical horse racing facility in Wichita. While I support the underlying goal of this legislation, I believe a trailer bill is necessary to ensure that this inadvertent tax increase does not occur.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2532**.”

SPECIAL SESSION

Journal of the Senate

FIRST DAY

SENATE CHAMBER, TOPEKA, KANSAS
Tuesday, June 18, 2024, 9:00 a.m.

Pursuant to the Governor's notification of June 14, 2024, the Senate convened for a Special Session of the Kansas Legislature. The following proclamation was read by Bryan Caskey, Office of the Secretary of State:

PROCLAMATION CALLING THE LEGISLATURE INTO SPECIAL SESSION

TO THE PEOPLE OF KANSAS, GREETINGS:

WHEREAS, Kansans need tax relief; and

WHEREAS, a bipartisan tax cuts proposal was introduced in January 2024 that would have provided more than \$1 billion in savings to Kansas taxpayers over three years; and

WHEREAS, those proposed tax cuts would have significantly reduced state property taxes for Kansas homeowners; completely eliminated state taxes on Social Security; increased the standard deduction; immediately eliminated state sales tax on groceries, diapers, and feminine hygiene products; provided substantial relief for child care; and created a back-to-school state sales tax holiday; and the Legislature decided not to support that proposal; and

WHEREAS, the Legislature was unable to pass sustainable, comprehensive tax relief during the 2024 session; and

WHEREAS, it is of utmost urgency that the Legislature act to provide all Kansans with responsible, common-sense tax relief.

NOW, THEREFORE, I, Laura Kelly, GOVERNOR OF THE STATE OF KANSAS, by the authority vested in me by the Constitution of the State of Kansas, do hereby call the Legislature of the State of Kansas into Special Session at the Capitol in Topeka, Kansas, on the 18th day of June 2024, at the hour of 9:00 o'clock a.m. to pass sustainable, comprehensive tax relief.

DONE: At the Capitol in Topeka
under the Great Seal of
the State this 14th day of
June, A.D. 2024

LAURA KELLY, *Governor*
Scott Schwab, *Secretary of State*

In accordance with the Constitution of the State of Kansas and the Proclamation as read, President Ty Masterson called the Senate to order.

The roll was called with 40 senators present.

Invocation by Reverend Cecil Washington:

Courageous And Unashamed
2 Timothy 1:12

Heavenly Father, we're here again, approaching Your throne of mercy and grace. The grace and mercy of yesterday is greatly appreciated, but Lord we need more of it today.

Lord, where did the idea come from that we can't talk about You in public? In our Declaration of Independence, we affirm that certain inalienable rights are given to us by You, our Creator. In our Pledge of Allegiance we declare that we're "One Nation Under God." On the walls of many of our courtrooms, it says "In God We Trust." So, why do we shy away from talking about You in public, when You're the One Who has established and even secured our freedom!

Every coin in our pocket or bill in our wallet says, "In God We Trust." It's in the founding documents of this great nation. Every legislative session must open in prayer, giving credence to our God. Lord, give us the boldness You gave the Apostle Paul. You used him to give us most of the New Testament. And in the second letter to Timothy 1:12, he says, "I'm not ashamed! I know the one I have faith in." Help us to reject the "secret service" idea of Godly living. But to be courageous and bold in living by Your Divine principles; by loving our neighbors, by doing unto others as we would have them do unto us, by caring for those who cannot do for themselves. Help us develop values and principles to govern our lives so that we experience the words of Psalm 33:12, "Blessed is the nation whose God is the Lord." For You're wanting us to take our faith off the shelf and bring it alive! Let the words be legitimate and not just a saying that we're "One Nation under God, indivisible with liberty and justice for all!"

In 2 Chronicles 7:14, You said, "If My people (your people) who are called by Your Name will humble themselves and pray and seek Your face and turn from wicked ways, then You will hear from Your position in Heaven and will forgive our sin and heal our land."

Lord, I pray You will let Your righteousness powerfully flow to us, excellently rest in us and superbly shine through us. In the Name of Jesus, Amen!

The Pledge of Allegiance was led by President Masterson.

MESSAGES FROM THE GOVERNOR

MESSAGE FROM THE GOVERNOR REGARDING SPECIAL LEGISLATIVE SESSION

Kansans need tax relief. Now. My administration's unwavering commitment to sound fiscal management and historic economic growth has created the opportunity to provide sales, income, and property tax relief for all Kansans.

In January, I introduced, with bipartisan support, a tax cut proposal that would have provided more than \$1 billion in tax relief. This proposal significantly reduced state property taxes, eliminated state taxes on Social Security, increased the standard deduction for state income tax, and immediately eliminated the state sales tax on food, among other provisions.

Kansans should be enjoying those tax breaks now. However, instead of embracing my plan, Legislative leadership crafted their own tax relief legislation.

While I appreciate the bipartisan efforts that went into the tax relief bills passed by the Legislature this session, each of those proposals was too costly and endangered the state's fiscal future. I vetoed those bills and asked the Legislature for common-sense, fiscally sustainable alternatives.

We cannot repeat past mistakes. We cannot jeopardize the progress made in rebuilding our state's economy, infrastructure, and education system over the last six years.

As you return, Legislative leadership and I have come to a consensus on a tax relief package that will be presented to the House and Senate during the upcoming special session. This agreement allows significant, long overdue, tax relief to Kansans, while preserving our ability to invest in the state's future. This agreement is not without its flaws. The movement from a three-tiered to two-tiered income tax structure limits the amount of property tax relief that can be provided to Kansans. However, it does meet the affordability criteria I proposed. Thus, should the legislature pass this negotiated agreement, without changes, I intend to sign it.

Now is the time for us to get this done. And together, we can. (June 14, 2024)

On emergency motion of Senator Alley, **HCR 5002** was adopted by voice vote.

Senator Alley motioned to advance **HB 2001** to Emergency Final Action, subject to amendment, debate and roll call. Motion carried.

EMERGENCY FINAL ACTION ON BILLS AND CONCURRENT RESOLUTIONS

Upon the showing of ten hands, a motion to Call the Question on **SB 1** was made.

Upon the showing of five hands a roll call vote was requested.

On roll call, the vote was: Yeas 22; Nays 16; Present and Passing 2; Absent or not voting 0.

Yeas: Alley, Claeys, Dietrich, Doll, Erickson, Fagg, Faust-Goudeau, Holscher, Kerschen, Kloos, Longbine, Masterson, McGinn, Olson, Petersen, Pettey, Pittman, Reddi, Ryckman, Sykes, Thompson, Wilborn.

Present and Passing: Billinger, Ware

The motion prevailed.

EXPLANATION OF VOTE

I vote “NO” on calling the question to end debate on **Senate Bill 1**. Although there was an “informational hearing” on the tax bill yesterday, the committee could not offer amendments or work the bill because the special session did not begin until today. I was told that there would be some delay this morning because the Revisor's staff can't process amendments until a bill is introduced and read in but also that there would be opportunity for amendments and debate on the Senate floor. Several legislators noted that this bill is not perfect; others argued that additional changes in tax policy can be made next session. My understanding is that this bill provides the greatest amount of tax relief that the Governor believes is sustainable during the next few years. If that is the case, the time to work on coming to agreement on the details of this tax policy is now.

—MARCI FRANCISCO

SB 1, AN ACT concerning taxation; relating to income tax; modifying tax rates for individuals; eliminating the income limit to qualify for a subtraction modification for social security income; increasing the Kansas standard deduction and the Kansas personal exemption; increasing the tax credit amount for household and dependent care expenses; relating to privilege tax; decreasing the normal tax rate; relating to property tax; excluding internal revenue code section 1031 exchange transactions as indicators of fair market value; increasing the extent of exemption for residential property from the statewide school levy; providing for certain transfers to the state school district finance fund; abolishing the local ad valorem tax reduction fund and the county and city revenue sharing fund; amending K.S.A. 65-163j, 65-3306, 65-3327, 75-2556, 79-503a, 79-5a27, 79-1107, 79-1108, 79-1479 and 79-32,111c and K.S.A. 2023 Supp. 74-8768, 79-201x, 79-2988, as amended by section 15 of 2024 Senate Bill No. 410, 79-32,110, 79-32,117, as amended by section 14 of 2023 Senate Bill No. 27, 79-32,119 and 79-32,121 and repealing the existing sections; also repealing K.S.A. 19-2694, 79-2960, 79-2961, 79-2962, 79-2965, 79-2966 and 79-2967 and K.S.A. 2023 Supp. 79-2959, as amended by section 189 of 2023 Senate Bill No. 28, and 79-2964, as amended by section 190 of 2023 Senate Bill No. 28.

On roll call, the vote was: Yeas 34; Nays 4; Present and Passing 2; Absent or not voting 0.

Yeas: Alley, Billinger, Blasi, Bowers, Claeys, Corson, Dietrich, Erickson, Fagg, Faust Goudeau, Gossage, Haley, Holscher, Kerschen, Kloos, Longbine, Masterson, McGinn, O'Shea, Olson, Peck, Petersen, Pettey, Pittman, Pyle, Reddi, Ryckman, Shallenburger, Sykes, Thompson, Tyson, Ware, Warren, Wilborn.

Nays: Baumgardner, Holland, Steffen, Straub

Present and Passing: Doll, Francisco

The bill passed.

EXPLANATION OF VOTE

I vote “PASS” on **Senate Bill 1**. I came to Topeka for the Special Session with the intention of passing tax relief for Kansans. My constituents have been vocal about wanting tax relief, particularly property tax relief. I am aware of amendments that would have moved the elimination of the state sales tax on groceries forward to October 1 of this year, provide property tax relief for veterans, make meaningful adjustments in property taxes for homeowners and also provide some property tax relief for businesses

and agriculture. After the Senate voted to end debate on **SB 1** before any amendments had even been introduced, I could not in good conscience vote “AYE” on the bill. I support tax relief for Kansans, but vote “PASS” in protest of the procedure used to curtail any amendments that could have provided for more appropriate tax relief.—
MARCI FRANCISCO

The legislative process is broken. I vote No on **Senate Bill 1**. Today, during the Special Session, a bi-partisan group of senators made a roll call vote to prematurely end debate on **SB 1**. They denied both me and other senators the ability to present floor amendments, which were still being prepared by the Revisors Office when debate was abruptly cut off. The Revisor's Office was evidently slow in getting floor amendments prepared for the special session debate due to Republican leadership turning **SB 1** in late to the Revisors Office prior to session. Not one floor amendment was presented, yet at least 3 senators stated on the floor that they had amendments coming. My amendment using **Senate Bill 2** contents would have "gutted" the underlying contents of **SB 1**. Had my amendment been considered and adopted by the body, severely disabled Kansas veterans and residential homeowners would have enjoyed substantially more property tax relief (Veterans' Valor Property Tax Relief Act - saving on average \$1,400 annually / \$250,000 homeowners saving \$213 annually) versus what is in **SB 1** (disabled veterans \$0, \$250,000 homeowners \$70). The minority advocating for more property tax relief was unjustly silenced today. Unfortunately, that means yet another win for the special interests at the expense of Joe and Jane Homeowner who are drowning in ever-increasing residential property taxes.—TOM HOLLAND

This special session and tax bill may go down in history as the “Deflategate” of Special Sessions. I refuse to play ball with billionaire globalist lobbyists, cheaters, liars, and thieves. Kansans deserve better!—ALICIA STRAUB

Kansans keeping more of their hard earned money is always a win. However, the politics above policy is a disturbing trend that has cost taxpayers billions of dollars. I will not give up working for the best policy. My commitment is to be a tireless advocate for the people of my district and our state. There is over \$4 billion in the state coffers, \$1.7 billion in the rainy day fund that earns approximately \$10 and \$12 million a month - over \$120,000,000 a year, that could be used for tax cuts. It's time to return the money to the taxpayers. The problem is spending. Last year there was an approximate increase of over 13%, \$1.1 billion in SGF spending. This year, SGF spending increased over \$1.2 billion, a 14% increase. We can absolutely afford more tax cuts. I am voting for this legislation because the Governor and a handful of legislators will only allow it to be “the best we can get,” but as the good Senator from Miami said, "we can do better."—
CARYN TYSON

Senators Peck and Thompson request the record to show they concur with the "Explanation of Vote" offered by Senator Tyson on **SB 1**.

HB 2001, AN ACT concerning economic development; relating to the STAR bonds financing act; authorizing the secretary of commerce to enter into agreements with major professional sports franchises to establish up to two STAR bond projects for a major professional sports complex or approve such projects of a city or county as authorized by the legislative coordinating council; expanding bond financing revenue

sources and the discretion of the secretary and making other provisions in the STAR bonds financing act for the purpose of facilitating such projects; allowing the secretary to undertake or finance such projects independently or with local revenue when approved by a city or county; limiting the secretary's authority to approve such projects to a period of one year and permitting the legislative coordinating council to extend such authority for an additional year; authorizing the Kansas development finance authority to issue STAR bonds for such projects when approved by the secretary; providing for transfers of certain funds from the state gaming revenues fund to the attracting professional sports to Kansas fund for the fiscal year ending June 30, 2025, and each fiscal year thereafter; amending K.S.A. 12-17,162, 12-17,164, 12-17,168, 12-17,169, 12-17,170, 12-17,174 and 79-4801 and K.S.A. 2023 Supp. 79-4108 and 79-41a03 and repealing the existing sections.

On roll call, the vote was: Yeas 27; Nays 8; Present and Passing 3; Absent or not voting 2.

Yeas: Alley, Blasi, Bowers, Claeys, Corson, Dietrich, Doll, Erickson, Fagg, Faust Goudeau, Haley, Holscher, Kerschen, Longbine, Masterson, McGinn, Olson, Petersen, Pettey, Pittman, Reddi, Ryckman, Shallenburger, Sykes, Ware, Warren, Wilborn.

Nays: Baumgardner, Francisco, O'Shea, Peck, Pyle, Straub, Thompson, Tyson

Present and Passing: Billinger, Gossage, Kloos

Absent or Not Voting: Holland, Steffen

The bill passed.

EXPLANATION OF VOTE

I vote "No" on **HB 2001**. The Governor called the special session to address tax relief but Senate ended up spending much more time discussing this STAR bond proposal. **HB 2001** allows the use of STAR Bonds to finance 70% of the construction of one or two professional football or baseball sports stadiums and practice facilities in Kansas. The bill expands the original scope of use of STAR bonds from a local tool for development to one negotiated by the Kansas Secretary of Commerce. It extends the time for bond repayment from 20 to 30 years and expands funds allocated to paying back those bonds from the sales tax receipts in the district by adding liquor taxes and sports betting revenue from the Attracting Professional Sports to Kansas Fund and by transferring any increase in lottery funds above \$71.49 million annually to the Attracting Professional Sports to Kansas Fund in perpetuity. The terms will only be made public if the Legislative Coordinating Council, an 8-member subcommittee of the full Legislature, approves an agreement; there is no room for public input or legislative oversight before the deal is negotiated and approved. I hope this brings benefits to Kansas but could not in good conscience limit funds available for other economic investments by reserving them for sports teams owned by billionaires.—MARC FRANCISCO

I stand in strong support of this legislation that gives the Chiefs and Royals options to stay in the greater Kansas City area as the Missouri side has fumbled the ball. I encourage our Administration to get out there and use this toolkit of incentives to offer the Chiefs and Royals a home here in Kansas. I encourage our local units of government to work with the Administration, with the LCC and the teams to craft the best opportunity for our citizens, our communities and the teams. Let's go as a team and

score a touchdown, a home run or both!—JEFF PITTMAN

Senators Haley and Pettey request the record to show they concur with the "Explanation of Vote" offered by Senator Pittman on **HB 2001**.

I appreciate all of the hard work leadership and various committees have done to make this modified STAR Bonds bill palatable. However, what we have in this bill is an undefined framework that leaves too many questions unanswered and too many assumptions accepted as fact. We don't know what areas will be included in the STAR Bonds district. We don't have a clear-cut idea of how counties and cities who decide to join the district will impose those obligations on their residents. We don't know who will maintain these stadiums once they are built. Sales tax revenues diverted toward debt obligation will rob revenue from essential services in any proposed Star Bond district and will need to be replenished by taxpayers one way or another. Taxpayers could be on the hook indirectly at a time when we need to bring tax relief to Kansans. In this bill's current form I would have no ability to sign off on a final deal that may include provisions detrimental to my district. We cannot allow emotions to cloud objective analysis in this situation...so I am compelled to vote no.—MIKE THOMPSON
