30 from the requirements of this subsection:

32 health and environment shall administer medical assistance benefits using
33 a managed care delivery system using organizations subject to assessment
34 of the privilege fee under K.S.A. 40-3213, and amendments thereto. If the

11 (VIII) of the federal social security act, 42 U.S.C. § 1396a, as it exists on
12 the effective date of this act, becomes lower than 90%, then the secretary
13 of health and environment shall terminate coverage under the act over a
14 12-month period, beginning on the first day that the federal medical
15 assistance percentage becomes lower than 90%. No individual shall be
16 newly enrolled for coverage under the act after such date.

17 New Sec. 7. (a) Section 6, and amendments thereto, shall be
18 nonseverable from the remainder of the act. If the provisions of section 6,
19 and amendments thereto, are not approved by the United States centers for
20 medicare and medicaid services, then the act shall be null and void and
21 shall have no force and effect.

22 (b) A denial of federal approval or federal financial participation that
23 applies to any provision of the act not enumerated in subsection (a) shall
24 not prohibit the secretary of health and environment from implementing
25 any other provision of the act.

26 New Sec. 8. (a) On or before January 10, 2026, and on or before the
27 first day of the regular session of the legislature each year thereafter, the
28 secretary of health and environment shall prepare and deliver a report to
29 the legislature that summarizes the cost savings achieved by the state from
30 the movement of covered individuals from the KanCare program to
31 coverage under the act, including, but not limited to, the MediKan
32 program, the medically needy spend-down program and the breast and
33 cervical cancer program.

34 (b) State cost savings shall be determined by calculating the cost of
35 providing services to covered individuals in the KanCare program less the
36 cost of services provided to covered individuals under the act.

37 (c) If the secretary of health and environment implements other
38 initiatives using cost savings achieved through the implementation of the
39 act, the secretary shall include such initiatives as part of the report required
40 in subsection (a).

41 New Sec. 9. (a) The secretary of corrections and the secretary of
42 health and environment shall coordinate with a county sheriff or such
43 sheriff's deputy who requests assistance in facilitating medicaid coverage

1 for any individual committed to a county jail or correctional facility
2 during any time period that such individual is eligible for coverage under
3 state or federal law.

4 (b) If an individual is enrolled in medicaid when such individual is
5 committed to a county jail or correctional facility, such medicaid status
6 shall not be suspended or terminated based on such individual's
7 incarceration for a minimum of 30 days. After 30 days, medicaid coverage
8 may be suspended, but not terminated, up to the maximum amount of time
9 permitted by state and federal law.

10 (c) The secretary of health and environment shall coordinate with a
11 county sheriff or such sheriff's deputy and the department of corrections to
12 assist any individual who is committed to a county jail or correctional
13 facility in applying for medicaid coverage prior to such individual's release
14 from custody if such individual is likely to meet the requirements for
15 medicaid coverage to allow adequate time for medicaid coverage to begin
16 promptly upon release.

17 (d) The secretary of health and environment shall adopt any rules and
18 regulations and supporting policies and procedures as necessary to
19 implement and administer this section prior to January 1, 2025.

21 February 15 of each year thereafter, the secretary of health and
22 environment shall present a report to the house of representatives standing
23 committee on appropriations and the senate standing committee on ways
24 and means that summarizes the costs of the act and the cost savings and
25 additional revenues generated during the preceding fiscal year.

26 New Sec. 11. (a) The department of health and environment shall
27 remit all moneys received by the department of health and environment
28 from drug rebates associated with medical assistance enrollees to the state
29 treasurer in accordance with the provisions of K.S.A. 75-4215, and
30 amendments thereto. Upon receipt of each such remittance, the state
31 treasurer shall deposit the entire amount into the state treasury to the credit
32 of the state general fund.

33 (b) The department of health and environment shall certify the
34 amount of moneys received by such agency from drug rebates associated
35 with medical assistance enrollees on a monthly basis and shall transmit
36 each such certification to the director of legislative research and the
37 director of the budget.

38 (c) Upon receipt of each such certification, the director of legislative
39 research and the director of the budget shall include such certified amount
40 on any monthly report prepared by the legislative research department or
41 the division of the budget that details state general fund receipts as a
42 separate item entitled "drug rebates" under a category of other revenue
43 sources.

27 made to transfer individuals from the institutions and to move them from
28 the waiver waiting lists to receive home and community based services.
29 The joint committee shall review and ensure that any proceeds resulting
30 from the successful transfer be applied to the system of provision of

33 (3) for filing an amendment to the certificate of authority, \$10.

34 (b) Every health maintenance organization subject to this act shall
35 pay annually to the commissioner at the time such organization files its
36 annual report, a privilege fee in an amount equal to ~~the following~~
37 ~~percentages~~ 5.77% of the total of all premiums, subscription charges or

6 privilege fee or the change in such privilege fee.
